Form 990 (2016)

Form 990, Part III, Line 4a:

Cardiovascular Services CHI Memorial's Guerry Heart and Vascular Center offers a team of cardiac specialists who have trained at some of the most renowned medical programs in the country. CHI Memorial and The Chattanooga Heart Institute integrated services in early 2011. With 25 cardiologists and two cardiothoracic surgeons, The Chattanooga Heart Institute has led the region's largest center dedicated solely to cardiovascular care for the past 40 years. CHI Memorial Hospital Chattanooga and CHI Memorial Hospital Hixson each provide cardiac imaging services that include echocardiography, stress echocardiography, transesophageal echocardiography and nuclear cardiology. CHI Memorial Hospital Chattanooga has five cardiac catheterization laboratories and two electrophysiology laboratories for specialized cardiac procedures.

Form 990, Part III, Line 4b:

Imaging/ Diagnostic Services CHI Memorial offers patients the full range of outpatient imaging services. For women, our facilities include private mammography suites, "soft" mammography, breast cancer education and support services. Imaging services are available at CHI Memorial Hospital Chattanooga, CHI Memorial Hospital Hixson, CHI Memorial Hospital Georgia and CHI Memorial Ooltewah Imaging Center. Our capabilities include CT, 3-T MRI, Dedicated breast MRI, digital radiography, digital fluoroscopy, nuclear medicine, ultrasound, vascular studies, cardiac stress testing, ecocardiography, bone density, mammography, and PET/CT.

Form 990, Part III, Line 4c:

Cancer The Rees Skillern Cancer Institute at CHI Memorial is the leading provider of cancer services in the Chattanooga area. Our comprehensive program includes seven centers of excellence, each dedicated to a specific type of cancer and supported by interdisciplinary tumor boards, clinical trials and advanced technologies, such as the da Vinci Surgical System for robotic-assisted minimally invasive treatment of prostate, gynecologic, head and neck, colorectal, lung and other cancers. The Rees Skillern Cancer Institute at CHI Memorial is the leading provider of cancer services in the Chattanooga area. At CHI Memorial, we have the most up to date cancer treatment machines in the industry. We have the True Beam STX, Novalis TX and the Siemen's primus linear accelerators. These machines use radiation to treat the patient's tumor.

Schedule H, Part VI, Line 2 COMMUNITY BENEFIT NARRATIVE AND NEEDS ASSESSMENT	Introduction Memorial Health Care System Inc ("MHCS") is part of Catholic Health Initiatives ("CHI"), a national health care system established to foster a more effective ministry of faith-based healthcare in the United States. The mission of MHCS and CHI is to nurture the healing ministry of the Church by bringing it new life, energy and viability in the 21st century. Both MHCS and CHI are committed to fidelity to the Gospel, with emphasis on human dignity and social justice in the creation of healthier communities. MHCS is primarily made up of two hospitals, Memorial Hospital and Memorial Hixson Hospital. Memorial Hospital opened its doors on January 2, 1952 in response to concerns about the severe shortage of hospital beds in the community. From the beginning, when Memorial Hospital was established and the Sisters of Charity of Nazareth put forth their commitment to provide leadership to the operations of the hospital, the care of the poor and quality health care for the entire community was central to our mission. Memorial Hixson Hospital joined MHCS when it was purchased February 1, 1998 and has adopted the same commitment to excellent health care to everyone in the community. MHCS is one of the Southeast's leading medical systems and the regions preeminent provider of cardiac and cancer care with centers of excellence in surgery and orthopedics. MHCS hospitals have been named one of the nation's 100 Top Hospitals six times by Thomson Reuters, the health care industry's leading source of information on hospital quality. According to Thomson's research, facilities named to the annual 100 Top Hospitals roster outperform their peers in quality, safety and efficiency. Community Needs Assessment In 2015, CHI Memorial engaged Stratascan to assist in conducting a formal Community Health Needs Assessment to help reassess the health needs of the community and identify the disproportionate/unmet health needs in the Greater Chattanooga region. The following sources were utilized to gather the data: * CHI Memorial Health Care System data to determine service area * Tennessee Department of Health * Georgia Department of Public Health * www.countyhealthrankings.org * www.CHNA.org from Community Commons * CDC and the National Viral Statistics Database * The Commonwealth Fund's Scorecard on Local Health System Performance * ESRI * Hamilton County Data Profile * PDMP Center of Excellence at Brandeis University. This study provided us with an in-depth look at the changing population, access to healthcare, disease disparities in our region compared to the state and nation. While the report gave significant insight, it did not provide information about existing services that address these community needs. A focus group and Community Health Summit were also utilized to discuss how these needs are being addressed and prioritize which needs should be focused on in the future. The following significant health needs were identified as to be priority during the Community Health Summit: 1 Obesity 2 Substance abuse (tobacco, alcohol, and drugs) 3 Access- Care/Insurance 4 Physical activity/lifestyle 5 Education 6 Mental Health- lack of providers and access to services 7 Crime violence/social issues 8 Chronic disease management 9 Aging. The topics identified during the Community Health Summit were summarized into five major categories that form the foundation for CHI Memorial's Community Benefit focus over the next 3 years: 1 Healthy lifestyles/Nutrition 2 Substance Abuse/Addiction/Mental Health 3 Crime and Violence Prevention 4 Health Disparities/Access to Care 5 Senior Care Healthy Lifestyles/Nutrition. Access to healthy activities and to healthy food choices is limited for communities located in the downtown area, particularly those neighborhoods near our own facility. These communities - Alton Park, Bushtown, Glenwood, Orchard Knob, and Ridgeside - have high elderly and adolescent populations. Risk factors in these communities are high for obesity, smoking, diet, and exercise. These are factors that contribute to heart disease, diabetes, cancer, and infant health. Health Disparities / Access to Care As defined by the Community Benefit Project Team, health disparities are based on socioeconomic status, age, geographic area, gender, race or ethnicity, language, health care access issues, customs and other cultural factors, or disability of special need. The community needs assessment identified areas within the Chattanooga market that demonstrated population and health utilization disparities. Health disparities and access to care vary county by county and are evident through lower than national healthcare utilization. Low utilization can be attributed to a number of factors ranging from low income, no healthcare providers, lack of insurance, lack of education, lack of transport, etc. Violence Prevention/Reduction. Violence is still a serious concern to public safety in Chattanooga. CHI Memorial will continue to work on the im

Schedule H, Part VI, Line 2 CONTINUATION 1	2017 - 2020 Community Benefit Goals and Initiatives The following outlines the goals and initiatives developed to address significant community issues and needs * Promote women's health by providing sessions for women who have been identified with chronic disease and cardiac risk factors * Improve access and outcomes for low income women living in Dade, Wal ker, and Catoosa Counties in North Georgia by providing mobile mammography services * Increase awareness and improve patient outcomes for lung cancer patients by providing screening and education resulting in early diagnosis of disease * Develop programs that address violence issues in our market as well as in our immediate neighborhood * Collaborate with community partners and CHI Memorial's foundation to develop and implement programs that will result in producing a positive impact on the senior population for balance/falls prevention, medication reconciliation, and planning for end of life issues * Improve lifestyle, nutrition, and exercise by increasing utilization of CHI Memorial's fitness center * Align with area agencies to promote health and wellness particularly for those who are subject to health disparities * Establish a series of meetings with community substance abuse/addiction leaders to explore opportunities for collaboration and cooperation in identifying and responding to persons in need of substance abuse and addiction treatment * Meet with Faith Community leaders to create partnerships, extend health assessment survey tools and to explore common ground for addressing key health needs and violence reduction * Collaborate with North Georgia Chamber of Commerce to educate community officials and identify opportunities to improve quality of life and health status of local communities Tax Exempt Purpose MHCS is a faith based, tax-exempt 501(c)(3) organization that provides medical care to all regardless of their ability to pay Our tax exempt status is substantiated by its inclusion in the Official Catholic Directory as a tax-exempt hospital Community services have always been a significant part of MHCS Each year, services and programs offered to the community are evaluated and expanded to promote increased access to healthcare and healthier communities that targets chronic disease prevention and management for vulnerable and underserved populations To enhance the health status of Chattanoogans, MHCS focuses on the whole person including the person's spiritual, emotional, and physical well-being In accordance with its mission and philosophy, MHCS commits substantial resources to sponsor a broad range of services to both the poor as well as the broader community Benefits for the poor include the cost of providing services to individuals who are unable to afford health care due to inadequate resources and/or those that are uninsured or underinsured Benefits for the poor include traditional charity care, unpaid costs of Medicaid, subsidized or free health services, and cash and in-kind donations to organizations that serve the poor The amounts reported reflect the costs of these services, net of contributions, government payments and other revenues received as direct assistance Community benefits provided to the broader community includes the costs of providing services to other populations who may not qualify as poor but may need special services and support Benefits to the broader community include health promotion and education, health fairs and screenings, unpaid costs of training health professionals such as medical residents, nursing students and students in allied health professions, cash and in-kind donations to organizations that serve the broader community, and the unpaid costs of testing medical equipment and controlled studies of therapeutic protocols In fiscal year 2017, MHCS provided community benefits and community building activities to approximately 39,522 people at a total cost of \$39,331,629 Donations, grants, and other receipts totaling \$14,627,503 were available as direct offsets to these costs Emergency Room MHCS operates a 24-hour emergency room 365 days per year at both Memorial and Memorial Hixson Hospitals Both emergency rooms are open to all individuals regardless of ability to pay MHCS has an open medical staff, participates in Medicare and Medicaid, and has an active charity care program During FY 2017, over 79,097 patients visited one of these emergency rooms Memorial Hospital's emergency room is a Level 3 Certified Chest Pain Center This is important for a hospital that focuses on cardiac care where every minute counts when patients are experiencing chest pain Uncompensated Care Charity care is the cost of care of uninsured or underinsured, low-income patients who are not expected to pay all of a bill, or who are able to pay only a portion using an income-related scale Those receiving charity care are not eligible for public programs such as TennCare MHCS has a charity care policy, which assess

Schedule H, Part VI, Line 2 CONTINUATION 2	Project Access Project Access is a referral network that offers access to medical care for low-income residents of Hamilton County who do not have insurance. Patients enrolled in this program must be below 150% of the poverty level and cannot be eligible for health insurance or other medical benefits such as Medicare or TennCare. Project Access helps patients get specialty health care that primary clinics may not be able to provide. Individuals that qualify are eligible for specialty care for three months and primary care for six months. Patients are also provided a prescription card that will allow them to get their medication with a \$5.00 co-pay. Memorial Hospital participates as a provider in this network. Costs associated with this program are reported in the Prescription Drug Program, Free Laboratory Tests and the Cost of Charity Care. Emergency Sitting Services MHCS provides emergency sitting services at no cost to families of patients who are unable to afford to have someone stay with the patient. This service is available when it has been determined that the patient does not need to be left alone for safety reasons. In FY2017 costs associated with providing this service were not quantified. Community Outreach for the Broader Community Nurse Navigation MHCS has a nurse navigation program for oncology patients and congestive heart failure patients. Nurses help these patients navigate through their diagnosis and treatment by helping the patient access services in a timely manner, overcome barriers to quality care, provide education and knowledge to the patient about their illness, answer questions the patient has, serve as a liaison between the physician and patient. Nurse navigators work within the multidisciplinary cancer team as a patient advocate, care provider, educator, counselor, and facilitator. In FY 17, the cardiac nurse navigator program cost \$254,665 (oncology nurse navigation is reported under Cancer Resource Center). Hospice Unit at Memorial Health Care System provides inpatient services to the different hospice organizations for hospice patients requiring inpatient care. The total cost of this program for FY 2017 was \$151,989. Funding for Hospice Patients of \$67,018 was received in FY2017 to help offset these expenses to treat 59 patients. Diabetes Nutrition Center The Diabetes Nutrition Center at Memorial Hospital provides many services to people with diabetes that are not covered by insurance. This center focuses on self-management and providing education to patients on diet and nutrition and other skills to help the patient better manage their disease. In FY 2017, this program incurred \$292,634 in unreimbursed costs for 2257 patients. Cancer Resource Center MHCS has developed a program to help cancer patients and their families cope, offering them the latest information about cancer care. Whether an individual has just been diagnosed or has a family member with cancer, the oncology professionals at the Cancer Resource Center can answer questions or help individuals understand their options regardless of where they go for treatment. You can learn about financial resources, screening opportunities, the most current clinical trials, and support groups and seminars offered to patients, family, and friends. The Cancer Resource Center also offers a Healing Arts program to enhance the healing and provide alternative approaches to coping. None of the services are billed to the patient and few qualify for insurance reimbursement. In FY 2017 the cost of this program was \$1,040,283. Mobile Mammography Coach MHCS operates two Mobile Mammography Coach that services 31 counties in Southeast Tennessee, Northwest Georgia and Northeast Alabama. In these counties minorities, uninsured, underinsured, homeless and sheltered women are given the opportunity to receive both breast and cervical services that would normally not be available. MHCS seeks different sources of grants to help offset this cost. In FY2017 4,351 patients received mammograms on the Mobile Coach and 1,616 were provided this service through a grant with no out of pocket costs. 22 people received clinical breast exams and cervical cancer screenings. Unreimbursed costs for these services totaled \$234,631 for patients without insurance whose mammograms were covered by different grants MHCS was awarded. United Way MHCS has an annual campaign for United Way which consists of several events for associates during the Fiscal Year. The staff cost to put on these events is approximately \$2600. The donations made by associates to the United Way help fund local community organizations. In addition to the employee campaign, Memorial Hospital also provides support through a corporate donation totaling \$24,880. Support Groups MHCS offers a wide variety of support groups for patients and the broader community. Support groups meeting at MHCS include groups dealing with various cancer diagnosis, caregivers for Alzheimer's family members, weight management a

Some of these groups have a staff member who leads the groups and others are self-led. The salary costs associated with groups led by a staff member are \$4,312. Notre Dame High School MHCS provides financial aid to students from the immediate community to attend Notre Dame High School. Notre Dame High School is a private Catholic school that is about 2 miles from Memorial Hospital. Applicants are required to complete an application as well as write an essay to determine if they are eligible for a scholarship. The applications and essays are reviewed by an internal committee, scholarships are then awarded to students based upon the recommendation of the committee. In FY 2017 MHCS provided 3 students with partial scholarships which totaled \$10,000. Research Programs MHCS is active in researching new treatment protocols and determining all the alternatives available to both our cardiac and cancer patients. In FY 2017 Memorial spent \$24,266 on research programs that were not funded by an outside organization. Health Care Student Education MHCS serves as a clinical education site for health care students by providing hands on training in Nursing, Physical Therapy, Pharmacy, Lab and Surgery. With nursing shortages projected to increase with aging baby boom population, MHCS feels very strongly about educating our future healthcare professionals. Memorial also provides a program for employees to further their education and receive tuition reimbursement. Expenses related to student education and tuition reimbursement were \$2,046,054 during FY 2017. Contributions MHCS receives some community support from donations that helps fund research and education, capital expansion and renovation, indigent care, new equipment and operating cost. The value of this community support is returned to the community through lower costs in patient care programs and community services described throughout this document.

Schedule H, Part I, Line 3c Criteria For Determining Free or Discounted Care	Unless eligible for Presumptive Financial Assistance, the following eligibility criteria must be met in order for a patient to qualify for Financial Assistance * The patient must have a minimum account balance of thirty-five dollars (\$35 00) with the CHI Hospital Organization. Multiple account balances may be combined to reach this amount. Patients/Guarantors with balances below thirty-five dollars (\$35) may contact a financial counselor to make monthly installment payment arrangements. * The patient's Family Income must be at or below 300% of the FPG. * The patient must comply with Patient Cooperation Standards as described [in the FAP]. * The patient must submit a completed Financial Assistance application. For patients and Guarantors who are unable to provide required documentation, a Hospital Facility may grant Presumptive Financial Assistance based on information obtained from other resources. In particular, presumptive eligibility may be determined on the basis of individual life circumstances that may include: * Recipient of state-funded prescription programs, * Homeless or one who received care from a homeless clinic, * Participation in Women, Infants and Children programs (WIC), * Food stamp eligibility, * Subsidized school lunch program eligibility, * Eligibility for other state or local assistance programs (e g , Medicaid spend-down), * Low income/subsidized housing is provided as a valid address, or * Patient is deceased with no known estate.

Schedule H, Part III, Line 2 Bad debt expense - methodology used to estimate amount	Bad debt expense reported on the MHCS unaudited financial statements represents an estimate of bad debts based on historical collection results. It does not represent actual write-offs incurred during the period. The provision for bad debts is based upon management's assessment of historical and expected net collections, taking into consideration historical business and economic conditions, trends in health care coverage, and other collection indicators. Management routinely assesses the adequacy of the allowance for uncollectible accounts based upon historical write-off experience by payor category. The results of these reviews are used to modify, as necessary, the provision for bad debts and to establish appropriate allowances for uncollectible net patient accounts receivable. After satisfaction of amounts due from insurance, CHI follows established guidelines for placing certain balances with collection agencies, subject to the terms of certain restrictions on collection efforts as determined by each facility. The provision for bad debts is presented on the consolidated statements of operations as a deduction from patient services revenues (net of contractual allowances and discounts) since CHI accepts and treats substantially all patients without regard to the ability to pay. When discounts are extended to self-pay patients, these patient account discounts are recorded as a reduction in revenue, not as bad debt expense. All patients that do not have insurance receive a discount that is calculated each year as 150% of the cost to charge ratio in accordance with Tennessee State Code. This discount is applied to the patients account prior to billing and is treated as an adjustment to net patient revenue in the same manner as a managed care discount. The provision of this discount to all patients without insurance lowers the amount that is billed to the patient and reduces the amount of any subsequent bad debt expense. In fiscal year 2017, self pay discounts were \$ 19.2 million representing \$ 4.1 million at cost. Memorial Health Care System uses a number of processes as described in Part VI, Item 3 below to identify who can and cannot afford to pay. Patients who are unable to pay are identified in advance of billing or during the billing and collection process, particularly those who are medically indigent or underinsured. At any time in the process that a patient is determined to be eligible for charity care, the patient is re-classified from bad debt and all billing and collection efforts are discontinued. In spite of the best efforts of Memorial Health Care System, some patients do not self-identify as needing assistance or provide enough information to allow the hospital to determine their eligibility and remain classified as bad debt. We are unable to accurately estimate the amount of bad debt expense (at cost) that is attributable to patients that would qualify for financial assistance.

Form and Line Reference	Explanation
Schedule H, Part III, Line 8 Community benefit & methodology for determining medicare costs	Using essentially the same Medicare cost report principles as to the allocation of general services costs and "apportionment" methods, the "CHI Workbook" calculates a payers' gross allowable costs by service (so as to facilitate a corresponding comparison between gross allowable costs and ultimate payments received) The term "gross allowable costs" means costs before any deductibles or co-insurance are subtracted Memorial Health Care System's ultimate reimbursement will be reduced by any applicable copayment/ deductible Where Medicare is the secondary insurer, amounts due from the insured's primary payer were not subtracted from Medicare allowable costs because the amounts are typically immaterial Although not presented on the Medicare cost report, in order to facilitate a more accurate understanding of the "true" cost of services (for "shortfall" purposes) the CHI Workbook allows a health care facility not to offset costs that Medicare considers to be non-allowable, but for which the facility can legitimately argue are related to the care of the facility's patients In addition, although not reportable on the Medicare cost report, the CHI workbook includes the cost of services that are paid via a set fee-schedule rather than being reimbursed based on costs (e.g. outpatient clinical laboratory) Finally, the CHI Workbook allows a facility to include other health care services performed by a separate facility (such as a physician practice) that are maintained on separate books and records (as opposed to the main facility's books and records which has its costs of service included within a cost report) True costs of Medicare computed using this methodology These costs and reimbursements are not limited to Traditional Medicare plans either but encompass Medicare Managed Care plans Total Medicare Revenue 175,919,004 Total Medicare costs 174,857,930 Surplus 1,061,074 Memorial Health Care System believes that excluding Medicare losses from community benefit makes the overall community benefit report more credible for these reasons Unlike subsidized areas such as burn units or behavioral-health services, Medicare is not a differentiating feature of tax-exempt health care organizations In fact, for-profit hospitals focus on attracting patients with Medicare coverage Significant effort and resources are devoted to ensuring that hospitals are reimbursed appropriately by the Medicare program The Medicare Payment Advisory Commission (MedPAC), an independent Congressional agency, carefully studies Medicare payment and the access to care that Medicare beneficiaries receive The commission recommends payment adjustments to Congress accordingly Though Medicare losses are not included by Catholic hospitals as community benefit, the Catholic Health Association guidelines allow hospitals to count as community benefit some programs that specifically serve the Medicare population For instance, if hospitals operate programs for patients with Medicare benefits that respond to identified community needs, generate losses for the hospital, and meet other criteria, these programs can be included in the CHA framework in Category C as "subsidized health services" Medicare losses are different from Medicaid losses, which are counted in the CHA community benefit framework, because Medicaid reimbursements generally do not receive the level of attention paid to Medicare reimbursement Medicaid payment is largely driven by what states can afford to pay, and is typically substantially less than what Medicare pays

Schedule H, Part III, Line 9b Collection practices for patients eligible for financial assistance	MEMORIAL HEALTH CARE SYSTEM'S billing and collections policy applies to all individuals presenting for emergency or other medically necessary care. The policy contains provisions for collecting amounts due from those patients who the organization knows to qualify for financial assistance either through the traditional financial assistance application process or through presumptive eligibility processes. Before engaging in extraordinary collection actions (ECAs) to obtain payment for EMCare, Hospital Facilities must make reasonable efforts through its billing and collections processes, pursuant to Treas. Reg. §1.501(r)-6(c), to determine whether an individual is eligible for Financial Assistance. In no event will an ECA be initiated prior to 120 days from the date the Facility provides the first post-discharge billing statement (i.e., during the Notification Period) unless all reasonable efforts have been made. Hospital Facilities will not refer accounts for collection where the patient has initially applied for Financial Assistance, and the Hospital Facility has not yet made reasonable efforts with respect to the account. For patients and Guarantors who are unable to provide required documentation, a Hospital Facility may grant Presumptive Financial Assistance based on information obtained from other resources. Patients who qualify for Medicaid are presumed to qualify for full charity write off. Any charges for days or services written off (excluding Medicaid denials related to timeliness of billing, insufficient medical record documentation, missing invoices, authorization, or eligibility issues) as a result of a Medicaid are booked as charity. Some Medicaid plans offer coverage for a limited or restricted list of services. If a patient is eligible for Medicaid, any charges for days or services not covered by the patient's coverage may be written off to charity without a completed application. This does not include any Share of Cost (SOC) or other patient cost-sharing amounts such as deductibles or copayments, as such costs are determined by the state to be an amount that the patient must pay before the patient is eligible for Medicaid. Health and Human Services (HSS) uses the term "Spend Down" instead of Share of Cost. All collection activities conducted by the Facility, a Designated Supplier, or its third-party collection agents will be in conformance with all federal and state laws governing debt collection practices. All third-party agreements governing collection and recovery activities must include a provision requiring compliance with the hospital facilities' financial assistance and billing and collections policy and indemnification for failures as a result of its noncompliance. This includes, but is not limited to, agreements between third parties who subsequently sell or refer debt of the Hospital Facility.

Schedule H, Part VI, Line 3 Patient education of eligibility for assistance	Notification about the availability of Financial Assistance from CHI Hospital Organizations shall be disseminated by various means, which may include, but not be limited to * Conspicuous publication of notices in patient bills, * Notices posted in emergency rooms, urgent care centers, admitting/registration departments, business offices, and at other public places as a Hospital Facility may elect, and * Publication of a summary of this Policy on the Hospital Facility's website, www.catholichealth.net, and at other places within the communities served by the Hospital Facility as it may elect. Such notices and summary information shall include a contact number and shall be provided in English, Spanish, and other primary languages spoken by the population served by an individual Hospital Facility, as applicable. Referral of patients for Financial Assistance may be made by any member of the CHI Hospital Organization non-medical or medical staff, including physicians, nurses, financial counselors, social workers, case managers, chaplains, and religious sponsors. A request for assistance may be made by the patient or a family member, close friend, or associate of the patient, subject to applicable privacy laws. In addition, Hospital registration clerks are trained to provide consultation to those who have no insurance or potentially inadequate insurance concerning their financial options including application for Medicaid and for assistance under the Financial Assistance Policy. Counselors assist Medicare eligible patients in enrollment by providing referrals to the appropriate government agencies. Once it is determined that the patient does not qualify for any third party funding, the patient is verbally notified about the existence of Financial Assistance Application and additional screening takes place by a Hospital employee to determine if the patient is eligible for charity service prior to discharge. Upon registration (and once all EMTALA requirements are met), patients who are identified as uninsured (and not covered by Medicare or Medicaid) are provided with a packet of information that addresses the Financial Assistance Policy, the plain language summary of that policy, and an application for assistance. Hospital registration clerks read the organization's medical assistance policy to those who appear to be incapable of reading, and provide translators for non-English-speaking individuals. Patients that have been discharged prior to charity screening, such as emergency room patients, receive a written notification of possible eligibility for services. If the patient is determined not to be eligible for government assistance, he/she may notify the hospital that they seek charity assistance. The appropriate charity form is sent to the patient/guarantor for completion and then returned to the hospital for evaluation and qualification. Once determination of eligibility is made, the patient is sent a notice informing him/her if they qualify for full, partial, or no charity care services. Hospital Facilities must make reasonable efforts through its billing and collections processes, pursuant to Treas. Reg. Â§1.501(r)-6(c), to determine whether any individual is eligible for Financial Assistance.

Schedule H, Part VI, Line 4 Community Information	The community identified by CHI Memorial Hospital includes medically underserved, low-income or minority populations who live in the geographic areas from which CHI Memorial Hospital draws its patients. 69% of our patients come from three counties and the demographics of each county are disclosed below. All patients were used to determine the service area without regard to insurance coverage or eligibility for financial assistance under CHI Memorial Hospital's Financial Assistance Policy. Demographics Hamilton County * The population of Hamilton County is projected to increase from 2015 to 2020 0.94% per year, more than the rate of TN (0.82%) and the U.S. (0.75%). * Based on 2015 data, Hamilton County was older (40.3 median age) than TN, and the U.S. and had higher median household income (\$45,769) than TN, but lower than the U.S. * The medical care index measures how much the county spent out-of-pocket on medical care services. The U.S. index was 100. Hamilton County (90 index) spent 10% less than the average U.S. household out-of-pocket on medical care (doctor's office visits, prescriptions, hospital). * The racial make-up of Hamilton County was 73% white, 20% black, 4% "other", and 2% were of Hispanic origin. * The income distribution of Hamilton County was 19% higher income (over \$100,000), 44% middle income, and 28% low income (under \$24,999). Catoosa County, GA The population of Catoosa County is projected to increase from 2015 to 2020 0.55% per year, less than the rate of GA (0.90%) and the U.S. (0.75%). * Based on 2015 data, Catoosa County was older (39.6 median age) than GA and the U.S. and had lower median household income (\$48,950) than both GA and the U.S. * The medical care index measures how much the county spends out-of-pocket on medical care services. The U.S. index is 100. Catoosa County (83 index) spent 17% less than the average U.S. household out-of-pocket on medical care (doctor's office visits, prescriptions, hospital). * The racial make-up of Catoosa County was 92% white, 3% black, 4% "other", 1% mixed race, and 3% were of Hispanic origin. * The income distribution of Catoosa County was 15% higher income (over \$100,000), 61% middle income, and 23% lower income (under \$24,999). Walker County, GA * The population of Walker County is projected to remain flat from 2015 to 2020 with 0.01% growth per year, less than the rate of GA (0.90%) and the U.S. (0.75%). * Based on 2015 data, Walker County was older (40.9 median age) than GA and the U.S. and had a median household income (\$37,910) lower than both GA and the U.S. * The medical care index measures how much the county spends out-of-pocket on medical care services. The U.S. index is 100. Walker County (75 index) spent 25% less than the average U.S. household out-of-pocket on medical care (doctor's office visits, prescriptions, hospital). * The racial make-up of Walker County was 92% white, 4% black, 3% "other", 1% mixed race, and 2% were of Hispanic origin. * The income distribution of Walker County was 10% higher income (over \$100,000), 60% middle income, and 30% lower income (under \$24,999). Access to Healthcare Hamilton County is a regional health care center. Health care resources in the three-county region are disproportionately located in Hamilton County. Hamilton County, which comprises approximately 50% of the region's population, has 70% of the region's hospital beds, 76% of its primary care physicians, and 80% of its specialty care physicians. Other notes on access to healthcare * The Georgia counties tend to have higher percentages of uninsured individuals than those of the nation, while the Tennessee counties are lower. * The Hispanic/Latino population's percentage of uninsured is more than twice that of other groups in the region. * Walker County's percentage of uninsured is also twice that of the region, its percentage of Medicaid recipients is also highest among the three counties. * In Catoosa, Walker, and Hamilton County, African Americans are also more likely to be uninsured.

Schedule H, Part VI, Line 5 Promotion of community health	The organization's hospital facilities promote health for the benefit of the community. Medical staff privileges in the hospital are available to all qualified physicians in the area, consistent with the size and nature of its facilities. The organization's hospital facilities have an open medical staff. Its board of trustees is composed of prominent citizens in the community. Excess funds are generally applied to expansion and replacement of existing facilities and equipment, amortization of indebtedness, improvement in patient care, and medical training, education, and research. The facilities treat persons paying their bills with the aid of public programs like Medicare and Medicaid. All patients presenting at the hospital for emergency and other medically necessary care are treated regardless of their ability to pay for such treatment.

Schedule J, Part I, Line 4b Supplemental nonqualified retirement plan	During the 2016 calendar year Catholic Health Initiatives ("CHI"), a related organization, maintained a supplemental non-qualified deferred compensation plan for MBO CEOs and other CHI employees at the level of Senior Vice President and above. The following reportable individuals were eligible to participate in that plan: Deb Moore, Rick Napper, and Larry Schumacher. DURING 2016 THE FOLLOWING CONTRIBUTIONS WERE MADE BY CHI TO THE DEFERRED COMPENSATION PLAN: Deb Moore - \$14,078; Rick Napper - \$40,500; Larry Schumacher - \$104,000. During 2016 the following distributions were made by CHI from the deferred compensation plan: Rick Napper - \$51,310. Due to the "super" vesting rules under the CHI deferred compensation plan, participants who had met certain requirements such as termination, age, years of service or more than 5 years of plan participation were eligible to receive their 2016 contributions in cash. These cash payouts are included in the participant's reportable compensation in column (iii) Other Reportable Compensation on Schedule J Part II. During 2016, no contributions that would have been made by CHI to the deferred compensation plan were paid in cash.

Form 990, Part VI, Line 15a PROCESS FOR DETERMINING CEO'S COMPENSATION	The organization's top management official's compensation is paid by Catholic Health Initiatives (CHI), a related organization. CHI has a defined compensation philosophy. Both the executive and non-executive compensation structures and ranges are reviewed annually in comparison to market data. CHI uses The Korn Ferry Hay Group as the independent third party to assess executive compensation programs and to ensure the reasonableness of actual salaries and total compensation packages. Compensation of the senior most executives is reviewed annually. The Korn Ferry Hay Group reviews both cash and total compensation for overall reasonableness, for adherence to CHI's compensation philosophy, and for comparability to the not-for-profit healthcare market. This independent review is delivered by Korn Ferry Hay Group to the HR committee of the CHI Board of Stewardship Trustees annually at their September meeting and minutes are shared with the full board at the December meeting. The last review was September 11, 2017. In addition, Korn Ferry Hay Group completed a comprehensive review of all positions at the level of vice president and above in the fall of 2014 to determine and validate appropriate compensation levels. These levels have been reviewed annually since and revised based on market data, where applicable.

Form 990, Part VI, Line 11b Review of form 990 by governing body	MHCS'S FORM 990 IS PREPARED AND REVIEWED BY THE INTERNAL TAX DEPARTMENT OF ITS PARENT ORGANIZATION, CHI. THE RETURN IS THEN REVIEWED BY MHCS'S FISCAL SERVICES DEPARTMENT AND ITS CHIEF FINANCIAL OFFICER. PRIOR TO FILING, a copy of the return is provided to each member of the board electronically. Subsequent to presentation to the board the tax department files the return with the appropriate federal and state agencies, making any non-substantive changes necessary to effect e-filing. Any such changes are not re-submitted to the board.

990 Schedule O, Supplemental Information

Return Reference	Explanation
Form 990, Part VI, Line 12c Conflict of interest policy	Catholic Health Initiatives ("CHI") has a Conflicts of Interest ("COI") policy (the "Policy") in place to maintain the integrity of all of its activities. The Policy applies to CHI Board of Stewardship Trustees and members of its committees, all CHI Entity board and board committee members, all CHI employees, and all CHI research personnel (both employed and non-employed). Disclosure, review and management of perceived, potential or actual conflicts of interest are accomplished through a defined COI disclosure process. Each Person must promptly and fully disclose to his/her direct manager, supervisor, medical staff office, board or board committee chair any situation or circumstance that may create a conflict of interest. The Person must disclose the actual or potential conflict as soon as she/he becomes aware of it. In any situation where the Person may be in doubt, a full disclosure should be made to permit an impartial and objective determination. In addition to the general ongoing obligation, there are initial disclosure obligations. At the time of initial appointment, a copy of the Policy shall be distributed to the board or committee member along with a conflict of interest disclosure. The board or committee member will complete and submit the disclosure. The completed disclosure shall be maintained in confidence and access shall be limited to persons who have a reasonable need to know the contents. At the time of hiring, a copy of the Policy shall be distributed to all Employees. In addition, a conflict of interest disclosure will be provided. The Employee must complete and submit a conflict of interest disclosure. The completed disclosure shall be maintained in confidence and access shall be limited to persons who have a reasonable need to know the contents. In addition to the general ongoing and initial disclosure obligations, there is an annual disclosure obligation. On an annual basis, the following Persons must complete a new conflict of interest disclosure: * Board and board committee members, * Employees at the level of vice president and above, * Researchers, * Supply Chain Employees at the level of vice president and above and those employees involved in contracting regardless of employment level, * Other Employees as deemed applicable by CHI Leadership, * Employees at the level of manager and above (through 6/21/17). Disclosures of perceived, potential or actual conflicts involving financial interests are forwarded to the Conflicts of Interest Review Committee ("C-CIRC"), National or Regional Legal Services, National, Entity, or Research Corporate Responsibility Program, or the Executive Committee of the Board or Board Chair, for review depending on the position of the person involved. Among the factors that should be considered in determining whether a conflict exists are the nature and magnitude of the opportunity, transaction or arrangement, the degree to which it is related to CHI's business, whether the Person with the conflict

Return Reference	Explanation
Form 990, Part VI, Line 12c Conflict of interest policy	ict is the ultimate decision-maker or holds significant influence over the ultimate decision-maker (i.e., degree of independence of the decision-making process), the unique nature of the opportunity, transaction or arrangement, the existence of other viable alternatives and the quality of those alternatives, and what is customary and reasonable in the health care or research industry. When a Person has, or is considering initiating, a business interest or relationship outside of CHI but is uncertain whether the interest constitutes a conflict of interest requiring disclosure under this Policy, the Person should consult with local Corporate Responsibility Program (CRP) staff or CHI Legal Services Group (LSG) staff, as appropriate. As appropriate, a COI management plan will be developed. With respect to those audiences for which the C-CIRC has review responsibility, the C-CIRC will facilitate development of any such COI management plan in collaboration with local CRP staff or CHI LSG staff, as appropriate. This plan will include documentation of the C-CIRC's determinations and recommendations. As necessary, reports to an appropriate governmental agency or sponsor will be made according to the relevant appendices to this Policy to provide required information regarding how the conflict of interest will be managed, reduced, or eliminated. Designated CHI Entity staff are responsible for monitoring the COI management plan and for documenting monitoring activities. At its sole discretion, a CHI Entity may reject a Person's request to enter into the relationship in question, or require the relationship be sufficiently altered to avoid a potential conflict of interest. The C-CIRC will determine whether a disclosed or otherwise identified interest is a conflict of interest. If the C-CIRC determines that a potential or actual conflict of interest exists that does not currently have appropriate controls to address the conflict of interest, it may recommend that the disclosing Person be allowed to participate in the activity or transaction subject to restrictions as outlined in a written COI management plan. All determinations of conflicts of interest will be reported as required by law, regulations, and CHI policy. If a Person, other than a board or board committee member or corporate officer, required to complete a COI disclosure does not agree with a determination made by the C-CIRC, its interpretation of the COI Policy, still seeks an exemption or exception, or seeks further clarification of the C-CIRC's decision, the following steps should be followed. Within a reasonable period of time after receiving notice of the C-CIRC's decision, the Person must present the matter to the Person's immediate direct manager or supervisor (or in the case of a Researcher, to [fill in the title or position to whom Researchers report]) and request reconsideration, submitting at that time any new or additional information that may support or recommend reconsideration. If the

The C-CIRC will be reconvened for this purpose and, following such reconsideration, issue a final determination. This appeals process is intended to be narrowly applied, as Persons seeking conflict of interest exemptions or exceptions are expected to offer all available information supporting an exemption or exception at the time the matter is first presented to the C-CIRC. Management of actual or potential conflicts of interest of board or board committee members and corporate officers will be determined by the appropriate board, as reflected in the Policy. Reviews and determinations involving board and board committee members and corporate officers will be the responsibility of the board, board executive committee, or board chair, with guidance from the Legal Services Group (LSG). Each Trustee and Corporate Officer must promptly and fully report to the Board Chair situations that may create a conflict of interest when he or she becomes aware of such situations. In any situation when a Trustee or Corporate Officer is in doubt, full disclosure should be made to permit an impartial and objective determination. A written record of the disclosure will be made. In addition to the ongoing disclosure obligation, all Trustees and Corporate Officers shall complete a COI disclosure questionnaire on an annual basis. A copy of the COI Policy shall be available to Trustees and Corporate Officers. Definitions of terms used in the disclosure questionnaire /form shall also be included. Each Trustee and Corporate Officer must promptly complete the COI disclosure. The disclosures will be reviewed by the CHI Senior Vice President, Legal Services, and General Counsel or his or her designee who will report potential conflicts to the applicable Board Chair.

Form 990, Part VI, Line 12c Conflict of Interest Policy	The Board Chair or designee shall make such further investigation of any conflict of interest disclosures as he or she may deem appropriate. If the conflict involves the Board Chair, the Vice Chair will assume the Chair's role outlined in the COI Policy. Based on review and evaluation of the relevant facts and circumstances, the Board Chair will make an initial determination as to whether a conflict of interest exists and whether, pursuant to the COI Policy, review and approval or other action by the Board is required. A written record of the Board Chair's determination, including relevant facts and circumstances, will be made. The Board Chair shall then make an appropriate report to the Executive Committee of the Board concerning such review, evaluation and determination. If a difference of opinion exists between the Board Chair and another Trustee as to whether the facts and circumstances of a given situation constitute a conflict of interest or whether Board review and approval or other action is required within the COI Policy, the matter shall be submitted to the Board's Executive Committee, which shall make a final determination as to the matter presented. Such determination, including relevant facts and circumstances, will be reflected in the Executive Committee minutes and will be reported to the Board. The Board shall carefully scrutinize and must in good faith approve or disapprove any transaction in which CHI or a CHI Entity is a party and in which the Trustee or Corporate Officer either * Has a material financial interest, or * Is a Trustee or Corporate Officer of the other party (other than a CHI-affiliated organization). The Board must approve the transaction by a majority of the Trustees on the Board, without counting the vote of any individual who has an interest in the transaction. In reviewing such transactions between CHI or CHI Entities and vendors or other contractors who are, or are affiliated with, Trustees or Corporate Officers, the Board shall act no more or less favorably than it would in reviewing transactions with unrelated third parties. The transaction will not be approved unless the Board determines that the transaction is fair to CHI or the CHI Entity. The Board shall carefully review and scrutinize any non-transactional conflict of interest (e.g., disclosure of nonpublic information, competition with CHI or a CHI Entity, failure to disclose a corporate opportunity, excessive gifts or entertainment, etc.). By a majority vote of the disinterested Trustees, the Board shall take whatever action is deemed appropriate with respect to the Trustee or Corporate Officer under the circumstances, including possible disciplinary or corrective action, in order to best protect the interests of CHI or the CHI Entity. The Board should consult with the General Counsel of CHI or his or her designee when considering disciplinary or corrective action. When any conflict of interest is considered by the Board, the Trustee or Corporate O

The Trustee shall not vote and the Trustee or Corporate Officer shall not use his or her personal influence on the matter. However, if requested, such Trustee or Corporate Officer is not prevented from briefly stating his or her position in the matter, nor from answering pertinent questions from Trustees, as his or her knowledge may be of significant importance. The Trustee or Corporate Officer shall be excused from the meeting during discussion and vote on the conflict of interest. Minutes of the Board shall reflect the following: the individual making the disclosure, the nature of the disclosure, discussion regarding any proposed transaction, the decision made by the Board, and that the interested Trustee or Corporate Officer was excused during the discussion, and that the interested Trustee abstained from voting. If the Board reasonably believes that a Trustee or Corporate Officer has failed to disclose either an actual or potential conflict of interest, or all material facts surrounding an actual or possible conflict as required by the COI Policy, the Trustee or Corporate Officer will be given an opportunity to explain such alleged failure to disclose. After hearing the response of the Trustee or Corporate Officer, the Board will conduct such additional investigation as may be appropriate. If the Board determines that the Trustee or Corporate Officer has in fact failed to disclose as required by the COI Policy, the Board shall take appropriate disciplinary or corrective action. All determinations of conflicts of interest are reported as required by law, regulations, and CHI policy.
