The facility will give consideration to partnering with community organizations specific to this need, if the opportunity arises. Relationship Skills Domestic and Sexual Violence Services (DSVS) provides successful relationship skills training through their "Power Up-Speak Out" program to students in the public schools. Affordable Housing. Beartooth Billings Clinic is aware of our importance as the largest employer in the community, however, it is not the facility's mission to address this need. There are other organizations in the area who focus on affordable housing opportunities. The facility will consider partnership with community organizations specific to this need if the opportunity arises. Isolation. This is an issue that can play into mental health conditions such as depression and substance abuse. Beartooth does not have the financial resources or staff to address isolation at this time, beyond the regular clinical care our providers give. Other organizations exist in the community that are better suited to address this need, such as the Senior Centers in Red Lodge, Joliet and Bridger. We are optimistic that over the next 3 years we will see the development of the Paramedecine program which we will fully support. The success of this program will directly address many of the issues of isolation. Domestic Violence. DSVS of Montana specifically and adequately addresses domestic and sexual violence prevalence and prevention in Carbon County. If appropriate opportunities arise, Beartooth will consider partnering with DSVS to address this issue. Sustainable Employment. It was unclear if the need identified actually did address sustainable employment, or sustainable jobs, and whether sustainable was used as a synonym of "stable" if the term was used to reference environmentally sustainable employment. Regardless, Beartooth Billings Clinic offers higher paying jobs with a desirable benefit package. If opportunities arise to partner with other organizations on sustainable employment initiatives, Beartooth Billings Clinic will consider the alignment of the opportunity with its mission, vision, and strategic path. opportunity with its mission, vision, and strategic path. synonym of "stable" if the term was used to reference environmentally sustainable employment.
