Part X, line 2: (Text from footnote to financial statement). Uncertain tax positions: The Financial Accounting Standards Board (FASB) provides guidance for how uncertain income tax positions should be recognized, measured, disclosed and presented in the financial statements. This requires the evaluation of tax positions taken or expected to be taken in the course of preparing the School's tax returns to determine whether the tax positions are more-likely-than-not of being sustained when challenged or when examined by the applicable tax authority. Tax positions not deemed to meet the more-likely-than-not threshold would be recorded as a tax benefit or expense and liability in the current year. For the year ended July 31, 2017 and 2016, management has determined there are no uncertain tax positions. With few exceptions, the School is no longer subject to examination by the Internal Revenue Service for years ending before 2014.
