The compensation of the CEO will be determined by the average compensation of similar non-profit positions, as published by Charity Navigator. NAHA will select the employment position on Charity Navigator's website that most closely matches the job description of the employee, add the median compensation for said position based on geography, region/size, mission, size (specific), and size (aggregate), then divide said sum by 5 to determine the average across all categories of determination. NAHA will ensure that the compensation of the CEO falls within 75% to 125% of that average, with the determination within that range being driven by length of service and job performance.
