990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Part I, Line 7	A cost-to-charge ratio, derived from the Schedule H applicable worksheets, including Worksheet 2, Ratio of Patient Care Cost to Charges, was used to determine charity care. The total operating expense was divided by patient revenues to calculate an overall ratio that was then applied to indigent and charity care charges to arrive at cost.
Part I, Line 7, Column (f)	The Bad Debt expense included on Form 990, Part IX, Line 25, Column (A), but subtracted for purposes of calculating the percentage in this column is \$ 949,262

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Part III, Line 4	A cost-to-charge ratio was also used to determine bad debt cost. The total operating expense was divided by patient revenues to calculate an overall ratio that was then applied to the bad debt expense to arrive at cost. The audited financial statements read as follows: "Patient accounts receivable are reported net of an estimated allowance for uncollectible accounts and an estimated allowance for contractual adjustments. The estimated contractual allowance represents the difference between established billing rates and estimated reimbursement from Medicare and other third-party payment programs. Current operations are charged with an estimated provision for bad debts through the establishment of the estimated allowance for uncollectible accounts based upon historical experience, the age of the accounts and any unusual circumstances which affect the collection of patient accounts receivable. Management reviews essentially all accounts for collectability prior to recording revenue."
Part III, Line 8	The cost of medicare was determined from the Medicare Cost Report.

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Part III, Line 9b	Ridgeview Institute has the policy for internal and external collection practices that takes into account the extent to which the patient qualifies for charity, a patient's good faith effort to apply for a governmental program or for charity from Ridgeview Institute, and a patient's good faith effort to comply with his/her payment agreements with Ridgeview Institute For patients who qualify for charity and for patients who are cooperating in good faith to resolve their hospital bills, Ridgeview Institute may offer extended payment plans to eligible patients, will not impose wage garnishments or liens on primary residences, will not send unpaid bills to outside collection agencies, and will cease all collection efforts
Part VI, Line 2	Ridgeview Institute identified community health needs by undergoing an assessment process This process incorporated a comprehensive review by the hospital's Community Needs Assessment Team along with secondary and primary data input using the expertise of an independent third party The team used several sources of quantitative health, social and demographic data specific to the home county of the facility provided by local public health agencies, health care associations and other data sources Ridgeview Institute also collaborated with its administrators, physicians, state agencies, and local organizations in completing this assessment

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Part VI, Line 3	Ridgeview Institute makes available financial assistance to persons who have healthcare needs and are uninsured, or underinsured, and whose household income is less than or equal to 200% of the Federal Income Poverty Guidelines. The amount that a patient is expected to pay and the amount of financial assistance offered depends on the patient's insurance coverage, income, and assets as set forth in the eligibility section of this Policy. The Federal Income Poverty Guidelines will be used in determining the amount of charity care and the amount charged to patients, if any, after an adjustment. Amounts charged for emergency and medically necessary medical services to patients eligible for Financial Assistance will not be more than the amount generally billed to individuals with insurance covering such care.
Part VI, Line 4	Ridgeview Institute specializes in treating people with addiction or mental health problems in the Cobb County area. Many of Ridgeview's patients are encompassed in this geographic area. Using a county definition as a service area is crucial for our analysis as many secondary data sources are county specific and serve as a comparison tool to other counties, the state of Georgia, and the United States. Also, many of our community input sources consider Cobb County their primary service area. These include members of different agencies of Cobb County, as well as many different community advocacy groups with whom Ridgeview Institute has relationships.
