Part II, Community Building Activities	<p>Community-building activities include cash, in-kind donations, and budgeted expenditures by the Trust for the development of programs and partnerships intended to address social and economic determinants of health. Huggins Hospital supports the community through numerous programs and resources as well as involvement and direct donations. Line II, Economic Development. Huggins Hospital is one of the New Hampshire Eastern Lakes Region's primary economic drivers as a large regional employer. The hospital provides assurance to year-round and seasonal residents and visitors that 24/7 access to health care is available every day of the year. The economic health and quality of life hinges on the financial strength and the ability of the hospital to provide healthcare in the region. Multiple Leadership Team members sit on local boards and assist with economic development initiatives with groups such as the Wolfeboro Chamber, the Wolfeboro Economic Development Corporation and the Eastern Lakes Region Housing Coalition. The hospital also supports these agencies with cash and in-kind donations listed in the Community Building Activities section of the hospital's Community Benefits Report. Line III, Community Support. Huggins Hospital works collaboratively with the community to offer high quality, cost-effective care. The hospital maintains relationships with many organizations to promote and create better community health including GraniteOne Health (affiliation of Huggins Hospital, Catholic Medical Center and Monadnock Community Hospital), Governor Wentworth Regional School District, Starting Point, Carroll County Coalition for Public Health, Central NH VNA &amp; Hospice, Northern Human Services, local summer camps and many more. Huggins Hospital provides direct in-kind and cash donations to organizations who also strive to support a healthy community that you can find listed in the Financial Contributions section of the Community Benefits Report. The hospital also works together with local emergency preparedness groups to train and drill in order to be ready for any situation that may arise in our community. As part of our community support, Huggins Hospital also provides paramedic-level services out in the community through the Paramedic Intercept Program. This program allows for a faster connection to a higher level of care that many rural areas do not have available. These quick connections to this high-level emergency care helps save lives and get people the care they need sooner. This program is counted on the Community Benefits Report under Community-Based Clinical Services Line VI, Coalition Building. Huggins Hospital staff members sit on multiple public health and regional health network groups to address healthcare concerns in multiple areas including chronic disease, substance misuse, mental health, behavioral health, elderly health, healthy childhood development and more. Together with other hospitals and health care organizations, these groups develop priorities and initiatives to affect actual change in our community that has made Carroll County one of the top counties in New Hampshire in state wide health rankings. Huggins Hospital hired a Community Health Officer to build an even more comprehensive coalition of health providers and support services in our community. Line VII, Community Health Improvement Advocacy. Huggins Hospital develops its Community Health Needs Assessment through aggressive community outreach and involvement that creates a natural path to health improvement advocacy in our community. This outreach contribution is referenced in the Community Benefits Report in the Community Benefits Operations section. This process includes a Community Health Summit which involved almost 50 people including residents, government officials, healthcare organizations and local residents. Through this process, we developed an Implementation Plan to continue to advocate for and improve the health of our community. As mentioned before, employees at Huggins Hospital involved in many community groups dedicated to the health of our community. Our employees are professionals in health care and are passionate about what they do. Not only do the employees sit on numerous health advocacy committees and boards, they also volunteer at other local health care organizations and support community healthcare initiatives. Huggins Hospital offers free health education to the community in the form of physician and professional lectures, news stories and public service announcements. Form and Line Reference	Explanation
Part III, Line 4	<p>Patient accounts receivable are stated at the amount management expects to collect from outstanding balances. Management provides for probable uncollectible amounts through a charge to operations and a credit to a valuation allowance based on its assessment of individual accounts and historical adjustments. Balances that are still outstanding after management has used reasonable collection efforts are written off through a charge to the valuation allowance and a credit to patient accounts receivable. In evaluating the collectability of accounts receivable, the Hospital analyzes past results and identifies trends for each major payor source of revenue for the purpose of estimating the appropriate amounts for the allowance for doubtful accounts and the provision for bad debts. Data in each major payor source are regularly reviewed to evaluate the adequacy of the allowance for doubtful accounts. Specifically, for receivables relating to services provided to patients having third-party coverage, an allowance for doubtful accounts and a corresponding provision for bad debts are established at varying levels based on the age of the receivables and payor source. For receivables relating to self-pay patients, a provision for doubtful accounts and corresponding allowance for doubtful accounts is made in the period services are rendered based on experience indicating the inability or unwillingness of patients to pay amounts for which they are financially responsible. Actual write-offs are charged against the allowance for doubtful accounts. The Hospital used a cost-to-charge ratio as its costing methodology for amounts reported in Part III, Section A.</p>
