Form 990 (2016)

Form 990, Part III, Line 4a:

Patient Care TMH offers expertise in cardiology, oncology, orthopedics, men's health, and minimally invasive surgery and is home to the State's first Joint Commission-certified Stroke Center and robotic surgery program. Services and programs provided by TMH include general medicine, general surgery, emergency medicine, cardiovascular care, orthopedics, nuclear cardiology, radiology, laboratory, renal dialysis, urology, gastroenterology, endocrinology, gynecology, nephrology, neurology, ophthalmology, trauma care, computerized tomography, and magnetic resonance imaging (MRI). The Hospital is nationally known for its HIV/AIDS and behavioral and preventive medicine research, including weight control, physical activity, and smoking cessation. (Continued on Schedule O)

Form 990, Part III, Line 4b:

Research Since 1969, the level of research has increased from seven projects totaling \$127,000 involving nine investigators to 398 projects totaling \$21.4 million involving 76 investigators and 127 employees. The Hospital conducts extensive medical research and is in the forefront of biomedical health care delivery research and among the leaders nationally in the National Institutes of Health programs. The Hospital also sponsors a significant level of these research activities. Federal support accounts for approximately 80% of all externally funded research at the Hospital. TMH provided \$2.9 million in support of research activities in fiscal year 2017. (Continued on Schedule O)

Form 990, Part III, Line 4c:

Medical Education TMH provides the setting for and substantially supports medical education in various clinical training and nursing programs. TMH is designated as a major teaching affiliate of The Warren Alpert Medical School of Brown University. The total cost of direct medical education provided by TMH exceeded the reimbursement received from third-party payors by \$17.1 million in fiscal year 2017. (Continued on Schedule O)

Supplemental Information

Return Reference	Explanation
Part V, Line 4 Intended uses of the endowment fund	The Miriam Hospital's (TMH) unrestricted endowment consists of designated assets set aside by TMH's Board for future capital improvements, over which the Board retains control and may at its discretion subsequently use for other purposes. The largest temporarily restricted funds held by TMH are used to support (1) the Women's Medicine Collaborative, a comprehensive, multidisciplinary center dedicated to meeting the health care needs of women, (2) the advancement of patient care, research, and education related to cardiology, (3) upgrade of patient call system technology, (4) recruitment for the Director of the Weight Control & Diabetes Center, (5) the Department of Psychiatry operations, education, and research, (6) operational needs of all emergency medicine programs, (7) assistance to cancer patients with expenses incurred while undergoing cancer treatment, (8) clinical care, research, and education to develop treatment for pelvic floor disorders, (9) The Center for Prisoner Health and Human Rights, a program which seeks to improve the health and human rights of criminal justice populations through education, research, and advocacy, (10) the Surgery Department's educational and investigational functions, (11) TMH's capital equipment and operating needs in providing services to patients, (12) cardiology labs and programs, and (13) the treatment and prevention of cancer, including the Cancer Patient Navigator Program, which assists cancer patients through the entire course of their care.

Supplemental Information

Return Reference	Explanation
Part X FIN48 Footnote	TMH, as a not-for-profit corporation, is recognized under Section 501(c)(3) of the Internal Revenue Code and is exempt from Federal income taxes. TMH recognizes the effect of income tax positions only if those positions are more likely than not to be sustained. Recognized income tax positions are measured at the largest amount of benefit that is greater than fifty percent likely to be realized upon settlement. Changes in measurement are reflected in the period in which the change in judgment occurs. TMH did not recognize the effect of any income tax positions during the fiscal year ended September 30, 2017.

Also complete this part to provide any additional information (see instructions).

Return Reference	Explanation
Part I, Line 2 - Grantmakers Explanation For Monitoring Use of Funds Outside US	<p>When a foreign institution is the subrecipient of an award received by a Lifespan affiliate, the following procedures are followed: A subrecipient agreement is prepared and executed between the foreign institution and the Lifespan affiliate. The agreement describes the funding source, terms and conditions of the award, statement of work, payment method, and audit process. The foreign institution prepares an invoice to the Lifespan affiliate for expenses incurred under the agreement. Once received, the invoice is reviewed and approved by both the principal investigator at the Lifespan affiliate and the responsible research administrator in the Office of Research Administration. Check requests and wire transfer forms are prepared by the principal investigator, approved by the research administrator, and forwarded to the Finance Department, where payment is processed to the foreign institution. Additionally, when the award is a federal award, a questionnaire is completed by the appropriate subrecipient official supplying information about the foreign institution's financial system and method of accounting for the award. A request is also made for the institution's audited financial statements. When a foreign individual is not associated with an institution, a Professional Services Agreement (PSA) is executed and the individual sends an invoice to the Lifespan affiliate principal investigator associated with the project or sponsored agreement that states the number of hours, dates of services, work performed, reimbursement for expenses, and compensation amount. The same approval and payment process is used as described above. Expenditures related to foreign activities are recorded using the accrual method of accounting.</p>

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Part I, Line 3c - Charity Care Eligibility Criteria (FPG Is Not Used)	<p>The Miriam Hospital (TMH) uses a dual system for determining financial aid eligibility - federal poverty guidelines and an asset test. The financial screening process at TMH is intended to define probable eligibility for public assistance (Medicaid or Community Free Service ("CFS")) for those patients who do not have the means to pay for hospital services rendered, as follows:</p> <ol style="list-style-type: none"> 1 Upon patient indication of an inability to pay required monies, the patient is offered the financial screening option to determine eligibility for public assistance (Medicaid, CFS) 2 The application for CFS is completed and includes information relative to income, expense, and other available resources, and requires proof of such information which may include - most recently filed Federal income tax return and W-2 form(s) - copies of most recent savings and/or checking account statements - two most recently received payroll check stubs - copy of rent receipts for the last six months for proof of residency - copy of utility bills for the last month for proof of residency 3 If the patient's financial situation falls within the guidelines for eligibility for Medicaid, Rite Care, or CFS, or if the patient has a long-term disability, the appropriate application process is completed (Assistance to complete such applications is available from the Patient Financial Advocates (PFA) Office at the Hospital) 4 Uninsured patients receive a discount equal to the discount received by Medicare beneficiaries on TMH charges using the prospective method. Under Section 501(r)(5), the maximum amounts that can be charged to FAP-eligible individuals for emergency or other medically necessary care are the amounts generally billed to individuals who have Medicare insurance covering such care. In no case was there a situation where an uninsured patient paid more than amounts reimbursed from Medicare 5 Eligibility for CFS above the discount is provided for those applicants whose family gross income is at or below twice the Federal Poverty Guidelines, with a sliding scale for individuals up to three times the poverty level in effect at the time of application. Full charity care applicants with assets worth more than \$9,400 for an individual (or \$14,100 for a family) may not qualify for care without charge, but will qualify for discounted care. While the maximum 100% discount may not be available to all charity care applicants based on the results of their asset test, all uninsured patients who receive care are eligible for, at a minimum, the same charity care discount as provided by the Medicare program 6 For patients who qualify for less than 100% of the financial assistance program, a payment schedule is determined and agreed upon (discussed further below). Payment arrangements are established prior to service for non-urgent care 7 In either case, the final results of the financial screening are recorded in the comments section of the Hospital's billing system. Requests for Payment Arrangements Patient Financial Advocates (PFA) will qualify patients that are receiving non-urgent, medically indicated procedures prior to services. The PFA will request 75% to 100% of estimated discounted charges if the balance is under \$5,000 and 50% to 100% of estimated discounted charges if the estimated bill equals or exceeds \$5,000. For elective or non-urgent cases, the policy will require financial clearance prior to services or an exception from the Medical Director based on the clinical circumstances if the patient cannot meet the above payment agreement. Patients who do not qualify for total or partial CFS, but who have difficulty in paying their bills after services are rendered, may request enrollment in a payment plan. Eligibility for the payment plan includes the following guidelines: <ol style="list-style-type: none"> 1 Immediate payment in full will result in financial hardship to the patient or the patient's family 2 Deposit of one-half of the estimated total bill is requested prior to admission 3 The minimum monthly payment of \$50.00 4 The maximum length of the payment plan is twenty-four months. The Customer Service staff will set up the payment plan using the above guidelines as well as complete the necessary information on the "Payment Agreement" form and mail to the patient for signature. Account documentation will be done online. The pre-collect agency will be sent a copy of the payment agreement and all forms will be scanned into the PFS Optical Imaging System.
Part I, Line 6a - Related Organization Community Benefit Report	<p>The community benefit report maintained for all Lifespan affiliated hospitals (The Miriam Hospital, Rhode Island Hospital, Emma Pendleton Bradley Hospital, and Newport Hospital) is maintained by Lifespan Corporation and included in Lifespan's annual report. 990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
<p>Part I, Line 7 - Explanation of Costing Methodology</p>	<p>TMH's costing methodology used to calculate the amounts reported in Part I, Line 7 is as follows a) Financial assistance at cost- involves utilization of a ratio derived from dividing patient costs, as defined, by patient charges, as defined, and applying that percentage to total charity care charges Patient costs reported in the cost accounting system are calculated based on Medicare principles of reimbursement by reducing total operating expenses (as calculated by Form 990 requirements) by items such as bad debt expense, the cost of medical education, internally funded research, subsidized health services, community services, charitable contributions, and other operating revenue Patient costs are then divided by patient charges to determine a ratio of cost to charges (RCC) This RCC is applied as the costing methodology for determining charity care expense b) Medicaid- Medicaid expense is determined at cost as calculated by TMH's cost accounting system The system uses historical costing methods applied to all patient segments based on various patient demographics and utilizations These costing standards exclude bad debt, charity care, and the Medicaid portion of costs of health professions education, which are reported on other areas of Line 7 These expenses include Medicaid provider taxes Direct offsetting revenue is reported as amounts received from Medicaid, as well as other payments which include reimbursement under Federal "Upper Payment Limit" (UPL) and "Disproportionate Share Hospital" (DSH) programs e) Community health improvement services and community benefit operations- Community benefit operations expense is recorded as direct expenses incurred as reported by TMH's Community Health Services Department Revenue received for these services is reported as direct offsetting revenue f) Health professions education- Health professions education expenses represent direct costs related to amounts associated with resident and intern programs utilized at TMH These costs are determined by reporting actual direct costs taken from the Medicare cost report Direct offsetting revenue is reported as any direct Medicare reimbursements received for such services provided, as reported in TMH's Medicare cost report g) Subsidized health services- Subsidized health services' community benefit expense is determined by TMH's cost accounting system These subsidized health services are recorded at cost in TMH's cost accounting system for all qualified subsidized health service divisions This expense is adjusted to remove all related Graduate Medical Education (GME) expenses, as well as bad debt, Medicaid, and charity costs already reported in the applicable sections of Line 7 Net patient service revenue is recorded as amounts received from various payer types related to these services Revenue associated with Medicare GME and Medicaid is excluded from the amount disclosed for subsidized health services h) Research- TMH conducts extensive medical research focused on the prevention and treatment of HIV/AIDS, obesity, cancer, diabetes, cardiac disease, neurological problems, orthopedic advancements, and mental health concerns For all internal and external research conducted, the costs associated with these activities is calculated by combining the direct and indirect costs as reported within TMH's cost accounting system Revenue received for these services is reported as direct offsetting revenue i) Cash and in-kind contributions for community benefit- Expenses for cash and in-kind contributions for community benefit are made by the Hospital, including an allocation of contributions made by Lifespan Corporation on TMH's behalf</p>
<p>Part I, Line 7, Column F - Explanation of Bad Debt Expense</p>	<p>The calculation of percentages disclosed for Schedule H, Part I, Line 7, column (f) "percent of total expense", does not include bad debt expense Form 990, Part IX, Line 25 includes bad debt expense of \$15,894,520</p>

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Part III, Line 2 - Methodology Used To Estimate Bad Debt Expense	The amount reported as bad debt expense is determined by applying the ratio of cost to charges (RCC) to the total charges written off to bad debt. The RCC rate is determined using data from TMH's cost accounting system and is adjusted for medical education, internally funded research, subsidized health services, community services, and charitable contributions. Discounts and payments are applied to patient accounts before such account balances are transferred to bad debt.
Part III, Line 3 - Methodology of Estimated Amount & Rationale for Including in Community Benefit	Accounts pending transfer to bad debt are reviewed by TMH's patient advocate staff to determine qualification for financial assistance under TMH's policy. Accounts with insufficient information to determine eligibility are assigned a separate identifying code. These accounts are ultimately transferred to bad debt if the appropriate qualifying documentation is not received. The amount reported on Schedule H, Part III, Section A, Line 3 represents the account balances at charge written off to bad debt from the pending code, which are in turn converted to cost by applying the RCC rate as identified in Schedule H, Part III, Section A, Line 2.

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Part III, Line 4 - Bad Debt Expense	<p>Accounts receivable are reduced by an allowance for doubtful accounts. In evaluating the collectability of accounts receivable, TMH analyzes its past history and identifies its revenue trends for each of its major payors to estimate the appropriate allowance for doubtful accounts and the associated provision for bad debts. Management regularly reviews data about these major payor sources of revenue in evaluating the sufficiency of the allowance for doubtful accounts. For receivables associated with services provided to patients who have third-party coverage, TMH analyzes contractually due amounts and provides an allowance for doubtful accounts and a provision for bad debts, if necessary (for example, for expected uncollectible deductibles and copayments on accounts for which the third-party payor has not yet paid, or for payors who are known to be having financial difficulties that make the realization of amounts due unlikely). For receivables associated with self-pay patients (which includes both patients without insurance and patients with deductible and copayment balances due for which third-party coverage exists for part of the bill), TMH records a significant allowance for doubtful accounts and provision for bad debts in the period of service on the basis of its past experience, which indicates that many patients are unable or unwilling to pay the portion of their bill for which they are financially responsible. The difference between the standard rates (or the discounted rates, if applicable) and the amounts actually collected after all reasonable collection efforts have been exhausted is charged off against the allowance for doubtful accounts. TMH's allowance for doubtful accounts for self-pay patients increased from 76% of self-pay accounts receivable at September 30, 2016 to 79% of self-pay accounts receivable at September 30, 2017. TMH's self-pay writeoffs for the years ended September 30, 2017 and 2016 amounted to approximately \$18,144,000 and \$12,123,000, respectively. TMH did not change its charity care or uninsured discount policies during the years ended September 30, 2017 and 2016, respectively.</p>
Part III, Line 8 - Explanation Of Shortfall As Community Benefit	<p>Medicare shortfall has not been treated as community benefit. The source of the Medicare allowable costs reported on Part III, Section B, Line 6 is the Medicare cost report, Form 2552-10.</p>

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
<p>Part III, Line 9b - Provisions On Collection Practices For Qualified Patients</p>	<p>TMH does not bill for the excess of charges over agreed upon reimbursement amounts from third-party payors. Rather, such differences are recorded as a reduction of revenue through contractual adjustments. Collection efforts are focused on co-payments, deductibles and amounts denied by insurers. After all collection attempts are exhausted, any remaining balances, including any co-payments and deductibles, are written off as a bad debt. TMH classifies its bad debts as uncompensated care. This does not apply to Medicaid, however, as there are no associated co-payments or deductibles for this payor. TMH does not require collateral or other security in extending credit to patients, however, it routinely obtains assignment of patients' benefits payable under their health insurance programs, plans or policies. Uninsured patients are offered Community Free Service and/or payment plan options. Lifespan's Patient Financial Services Department (PFS) has the responsibility for communicating and administering collection policies and procedures to all patient accounts. PFS engages the services of various pre-collect agencies as necessary. The following are highlights of the overall collection effort: * If a patient presents for admission who is not insured, staff assists the family with a Medicaid application. * If the patient is ineligible for Medicaid, a financial screening is performed to determine status of qualification for Community Free Service. * If the patient does not qualify for Community Free Service, PFS or the pre-collect agency attempts at least four contacts with the responsible party within the first 120 days. * If the third-party carrier denies in writing any responsibility for payment, arrangements regarding an extended payment plan are discussed with the patient. * At 120 days, if there is no payment activity or no hold placed on the account, the account is transferred to the appropriate collection agency.</p>
<p>Part VI - Needs Assessment</p>	<p>Lifespan's Office of Strategic Planning and Analysis performs population-based studies for TMH regarding the need for inpatient medical and surgical services for both adults and children and a wide range of outpatient services including primary care office visits, specialty care, emergency services, imaging, ambulatory surgery, and specific high technology services such as radiation therapy and bone marrow transplantation. A population-based study examines the growth and changes in the population, the resources in the community, and the changing prevalence of diseases. Lifespan Strategic Planning also examines experience with wait times, the level of staffing, and the changing standards of care. All of this information is used to assess the demand for additional services to provide access to high quality care. In addition to population approaches to assessing and estimating need, all specialties and services monitor demand at the service-specific level by considering changing patterns of care and methods of treatment for the specific medical problem, wait times for visits/queues, and community resources. The service leadership then goes through a review process to add staff, expanded hours, and/or new sub-components to round out core services on an as-needed basis. At times, expansion requires more space, equipment, and staff, but often accommodation of community demand is achieved through expanded hours. Facilities are added as needed to accommodate these expansions, but most often minor renovations of existing locations with better, more modern layouts and equipment allow for greater patient access. The RI State Certificate of Need program requires a focused study of need for all projects over \$5.25 million, which is an important part of the program development process across Lifespan. Based on a broad understanding of community health needs, TMH provides a wide range of services to both its primary and secondary service areas. Lifespan and its hospital affiliates monitor health trends in Rhode Island in an effort to identify areas of unmet demand regarding clinical services.</p>

Part VI - Affiliated Health Care System Roles and Promotion	<p>Lifespan's mission is delivering health with care. Lifespan is an academically based healthcare system at the forefront of medical care, continually engaging in research that will lead to medical breakthroughs. Lifespan affiliates provide comprehensive inpatient and outpatient medical, surgical, and psychiatric services for adults and children. Lifespan and its affiliates employ approximately 15,000 people. The Lifespan system has approximately 2,500 physicians on the medical staffs of its affiliated hospitals, operates 1,165 licensed beds in four hospital complexes, and in 2017 generated approximately \$2.1 billion in total operating revenue. By each of these measures, Lifespan is Rhode Island's largest health system, serving a population of over 1.5 million. Three of its hospital members, Rhode Island Hospital, The Miriam Hospital, and Emma Pendleton Bradley Hospital, are teaching affiliates of The Warren Alpert Medical School of Brown University, with 72 percent of the residents and fellows in this program based at RIH, TMH, and EPBH. Lifespan is a Rhode Island nonprofit corporation that is community-based and community-governed. As a nonprofit organization, Lifespan is run by a voluntary Board of Directors who are community representatives. Lifespan and all of its nonprofit hospital affiliates have received written notification from the Internal Revenue Service that they have been recognized as being organized and operated as entities described in Internal Revenue Code (IRC) Section 501(c)(3) and are generally exempt from income taxes under IRC Section 501(a). As of September 30, 2017, Lifespan Corporation employed approximately 1,030 full-time and part-time personnel, most of whom are located in Providence, RI. Lifespan Corporation provides support services to its affiliates, such as information services, telecommunications, risk management, legal, communications and public affairs, fundraising, facility development, strategic planning, internal audit/compliance, human resources, finance, payor contracting, and investment management, for which each affiliate is charged a fee equivalent to the costs incurred by Lifespan in providing these services. CORPORATE AUTHORITY AND ROLE: Lifespan Corporation has no members and is governed by its Board of Directors. The Board has responsibility for planning, directing, and establishing policies intended to assure the development and delivery of quality health services, professional education, and biomedical research on an integrated, cost-effective basis. The Board's powers include the power to set accounting policies for its affiliates, develop, negotiate, and approve all managed care agreements, develop affiliations with other institutions for educational and research purposes, and approve human resource plans, executive compensation, and benefits for system affiliates. The bylaws of TMH confer certain reserved powers on Lifespan to provide it with the means of effective oversight, coordination, and support of the system. Powers reserved to Lifespan as sole member include: to elect and remove trustees, to approve the election of and to remove certain officers, to approve the amendment of the Articles of Incorporation and Bylaws and other Charter documents, to approve strategic plans, to approve investment policies and any capital or operating budgets or material non-budgeted expenditures, and to authorize incurrence or guaranty of material indebtedness. Part V, Line 5 - Account Input from Persons Who Represent the Community	<p>The CHNA encompassed intensive data collection and analysis, as well as qualitative research in the forms of interviews with internal and external stakeholders, including hospital-based physicians, nurses, social workers, administrators, and other professionals, as well as community-based stakeholders representing constituencies served by TMH and Lifespans three other hospitals. TMH also conducted four Community Health Forums (CHFs) which are a qualitative social science data collection method used in community-based or participatory action research. These CHFs were held strategically throughout various locations identified within TMH's patient population community as a way to increase the mix of the participants in an effort to identify the entire community's most significant health needs. The CHFs were open to the public and provided opportunities for residents to share their health concerns and needs with Lifespan staff. TMH's leadership team shaped the CHNA by recommending institutional and community leaders for participation, offering observations about community needs, and providing insight about existing and planned programs. Qualitative data collected during the CHNA consist of (1) interviews completed with internal stakeholders (i.e., hospital-based and Lifespan-based), (2) interviews with key informant community leaders, representing an array of constituencies, and (3) four Community Health Forums held within the communities of the TMH patient population. Interviews with leaders of organizations encompassed a wide range of issues and populations, including historically underserved communities, such as minority populations, children and youth, and immigrant/refugee populations, and also included leaders of organizations with specific interests or expertise in key issues such as obesity, cancer, and asthma. To ensure representation from a broad cross-section of the community, CHF's were held in the following locations - Laurelmead, an active senior living center located at 355 Blackstone Boulevard, Providence, RI 02906, - New Dimension Apostolic Church, located at 100 Niantic Avenue, Providence, Rhode Island 02907, - Olney Street Baptist Church, located at 100 Olney Street, Providence, Rhode Island 02906, and - Rochambeau Library, located at 708 Hope Street, Providence, Rhode Island 02906.</p>

Form and Line Reference	Explanation
Part V, Line 22d - Other Billing Determination of Individuals Without Insurance	TMH uses the prospective method in determining amounts generally billed. Internal Revenue Code section 501(r) defines the prospective method as the amount Medicare would reimburse TMH for billed care (including both the amount that would be reimbursed by Medicare and the amount the beneficiary would be personally responsible for paying in the form of co-payments, co-insurance, and deductibles) if the patient was a Medicare fee-for-service beneficiary.

The restructuring has increased governance effectiveness and has streamlined governance operation, as well as provided a single strategic perspective for the Lifespan system hospitals. Pursuant to the restructuring, the bylaws of each of the affiliates were amended such that the composition of the boards of trustees of each of the hospitals and Newport Health Care Corporation is defined as those persons serving from time to time as the directors of Lifespan. As a result, the Boards of each entity are comprised of the same individuals. The Board of each entity retains its responsibilities and authorities notwithstanding the revision in its composition. The Board of Directors of Lifespan consists of not less than fourteen nor more than thirty-one directors, including the President and CEO of Lifespan, who serves ex-officio with vote. Additionally, the bylaws of TMH confer certain reserved powers upon Lifespan to provide it with the means of effective oversight, coordination, and support of the system. Powers reserved to Lifespan include to elect and remove TMH trustees and to approve the election of and to remove certain officers.</p>

	<p>Also during 2016, TMH became the first hospital in New England to use laparoscopic robotic -assisted surgery to treat bladder cancer. In being able to perform this difficult surgery laparoscopically from beginning to end, TMH is able to remain on the leading edge of bladder cancer treatments by offering patients the latest, most innovative care available. The result is improved outcomes for the hospital's patients. This further demonstrates TMH's commitment to advanced urologic treatments. Environmental Partnership Award. TMH has received the "Partner Recognition Award" from Practice Greenhealth, a health care membership community that promotes efficiency and environmental stewardship while improving patient safety and care. TMH has been named among the nation's 100 top hospitals for cardiovascular care by Thompson Healthcare. Thompson's annual study identifies hospitals that are setting benchmark levels of performance for cardiovascular services throughout the nation. It recognizes the hospitals and their management teams for superior clinical, operational, and financial performance in the area of cardiovascular service. Thanks to the latest evolution in surgical technology, physicians now have an effective alternative to traditional open surgery and laparoscopy that allows them to provide patients with the best of both approaches. This alternative is the da Vinci Surgical System, which TMH uses to treat different types of cancer. TMH's surgeons are leaders in their field. TMH, as part of an academic medical center, prizes the mastery of new technologies in order to improve the quality of life for patients. TMH surgeons have successfully performed over 1,000 procedures using the da Vinci surgical system and have made its use a cornerstone of cancer treatment at TMH. The Hospital's Adult Outpatient Behavioral Medicine Services help individuals improve health through behavior change. Services are offered to help patients adjust to chronic medical conditions, including their associated physical and emotional distress, modify unhealthy ways of living (for example, smoking cessation) to help prevent the onset or progression of disease, and treat mood and anxiety disorders that interfere with management of medical conditions. Services are available to help individuals with behavioral and psychosocial management of medical conditions such as headache, pain, cancer, heart disease (including those with implanted cardiac devices), pulmonary disease, and diabetes. The Weight Management Program provides comprehensive, medically supervised treatment for mild, moderate, and severely overweight adults. Specialized programs are also available for adolescents and diabetics. Treatment combines medical monitoring, behavioral therapy, exercise instruction, three levels of calorie reduction, and nutrition education. The Hospital's clinicians include surgical oncologists, medical oncologists, radiation oncologists, hematologists, pathologists, physical therapists, radiology.</p>

These dedicated specialists work with patients every step of the way, from diagnosis to treatment to follow-up care. To help patients and their families cope with breast cancer, TMH offers the Breast Health Navigator Program. The program assists breast cancer patients through the entire course of their cancer care with breast health navigators, registered nurses trained in oncology who possess an in-depth understanding of breast cancer and the process undergone by patients. They guide patients through diagnosis, treatment, and recovery, while helping them make informed decisions and cope with the variety of issues they face. TMH and RIH were named Blue Distinction Centers for Complex and Rare Cancers by Blue Cross and Blue Shield of Rhode Island. TMH and RIH are the only two hospitals in the State to receive this distinction. Blue Distinction Centers for Complex and Rare Cancers are facilities within participating Blue Cross and Blue Shield network service areas that offer comprehensive inpatient cancer care programs for adults, delivered by multidisciplinary teams with subspecialty training and distinguished clinical expertise in treating complex and rare subtypes of cancer. TMH and RIH have both been recognized for excellence in treating esophageal, gastric, liver, pancreatic, rectal, and thyroid cancer. The division of gastrointestinal and liver pathology is committed to providing high quality diagnostic services for gastrointestinal and liver diseases in patients. Collectively, gastrointestinal cancers are among the most common form of malignancies suffered today, affecting nearly a quarter of a million Americans each year. To address this, the Lifespan Cancer Institute has brought together a team of nationally recognized leaders in the treatment and research of gastrointestinal cancers. The gastrointestinal cancer care services available through the Lifespan Cancer Institute provide state-of-the-art care for patients who have or are at risk for the following types of cancer: bile duct, esophagus, gallbladder, endocrine, and cystic tumors of the pancreas, liver, and stomach. Form 990, Part III, 4a	<p>TMH is licensed to operate 247 acute care beds by the Rhode Island Department of Health. Notable medical accomplishments of TMH include performance of Rhode Island's first lung operation, first kidney transplant, and first aortic valvuloplasty (a procedure to clear blocked heart valves). In 2017, TMH discharged 18,572 inpatients, logged more than 68,000 visits in its Emergency Department, and performed nearly 12,000 inpatient and outpatient surgical procedures. Services provided in 2017 represent 72,678 inpatient days and more than 123,000 clinic visits. TMH is staffed by more than 1,000 privileged physicians, approximately 70 full-time house staff (medical school graduates), and a nursing staff of 800. In total, TMH employs more than 3,100 people. TMH is a major teaching affiliate for The Warren Alpert Medical School of Brown University, providing clinical rotations for residents. TMH provides full charity care for individuals at or below twice the federal poverty level, with a sliding scale for individuals up to three times the poverty level. In addition, a substantial discount consistent with Medicare program reimbursement is offered to all other uninsured patients. TMH determines the costs associated with providing charity care by aggregating the applicable direct and indirect costs, including compensation and benefits, supplies, and other operating expenses, based on data from its costing system. The total cost, excluding medical education and research, incurred by TMH to provide charity care amounted to \$6,566,777 in fiscal 2017. Charges forgone, based on established rates, amounted to \$19,280,459. TMH substantially subsidized various health services including the following programs: adult psychiatry, tuberculosis, and certain other specialty services at a net cost of \$10,679,085 in fiscal year 2017. TMH also provides numerous other services to the community for which charges are not generated. These services include certain emergency services, community health screenings for cardiac health, prostate cancer and other diseases, smoking cessation, immunization and nutrition programs, diabetes education, community health training programs, patient advocacy, foreign language translation, physician referral services, and charitable contributions. The net cost of these services amounted to \$192,562 in fiscal year 2017. TMH subsidizes the cost of treating patients who receive government assistance where reimbursement is below cost. Medicaid is a means-tested health insurance program, jointly funded by state and federal governments. States administer the program and set rules for eligibility, benefits, and provider payments within broad federal guidelines. The program provides health care coverage to low-income children and families, pregnant women, long-term unemployed adults, seniors, and persons with disabilities. Eligibility is determined by a variety of factors, which include income relative to the federal poverty line, age and immigration status.</p>

Form 990, Part VI, Section B, Line 12c	<p>Lifespan Corporation has a Conflict of Interest Policy that is applicable to all affiliates, including TMH, and administered by Lifespan's Corporate Compliance Department as follows. Each designated person subject to Lifespan's conflict of interest policy is required to provide Lifespan with an initial disclosure statement and thereafter an annual statement attesting that (i) the designated person has read and is familiar with this policy, and (ii) the designated person and, to the best of his/her knowledge, family members, have not in the past engaged in, are not presently engaging in, or plan to engage in, any activity which contravenes this policy. If, at any time during the course of employment or association, a designated person has reason to believe that an existing or contemplated activity may contravene this policy, the person shall submit a full written description of the activity to the Lifespan Compliance Officer or the Office of the General Counsel to seek a determination as to whether the contemplated activity does or does not contravene this policy. This requirement shall be acknowledged as part of the annual performance evaluation process. If the activity in question involves either the Chief Executive Officer, the Senior Vice President and General Counsel, or a Trustee, a full written disclosure must be made to, and a determination sought from, the Chairman of the Board of Directors of Lifespan Corporation. Annually, the Lifespan Compliance Officer shall review and report to the Lifespan Executive Corporate Compliance Committee and to the Lifespan Audit and Compliance Committee on the administration of this policy. Failure on the part of any designated person to comply with this policy, including failure to submit in a timely fashion the conflict of interest disclosure statement, will be grounds for removal from his/her position and/or termination of his/her employment with Lifespan.</p>

Form 990, Part VI, Section B, Lines 15 a&b	<p>The following applies to Lifespan and all of its affiliates, including The Miriam Hospital EXECUTIVE COMPENSATIONLifespan's executive compensation philosophy balances appropriate stewardship of resources and the need to be competitive in recruiting and retaining talented individuals. It incorporates market-competitive and performance-related principles, and covers the President and CEO of Lifespan as well as other officers, senior management, and key employees. Lifespan's executive compensation program complies both with law and with contemporary ethical norms, and is administered consistent with the organization's tax-exempt status under Section 501(c)(3) of the Internal Revenue Code (IRC) and the avoidance of transactions subject to intermediate sanctions under Section 4958 of the IRC. Executive compensation is also administered consistent with Lifespan's Corporate Compliance Policy on Excess Benefit Transactions. The Compensation Committee of the Lifespan Corporation Board of Directors (the Committee), comprised of disinterested Lifespan Board members, is responsible for diligent oversight of executive compensation to ensure compliance with IRC requirements. Its duties include:</p> <ul style="list-style-type: none">* Approving eligibility for participation in the executive compensation program* Approving changes in compensation for existing executive participants* Approving guidelines, such as salary ranges and contract terms, on appropriate levels of compensation for other key employees* Approving new, and modifying or terminating existing, executive compensation plans including, but not limited to, annual incentive and executive benefit plans* Approving performance objectives associated with Lifespan's annual incentive plan, including measuring points, and using audited actual performance relative to these objectives as a precondition to approving the payment of any awards under the plan* Authorizing periodic performance benchmark studies to be conducted for purposes of assessing Lifespan's performance within the healthcare industry and the degree to which total remuneration levels at Lifespan are generally commensurate with Lifespan performance relative to healthcare industry performance* Conducting an annual performance review of Lifespan's Chief Executive Officer. The Chair of the Committee conducts and documents this review, based on his/her observations and interpretation of feedback from members of the Board of Directors* Selecting and engaging qualified, independent, third-party compensation valuation consultants that the Committee charges with rendering opinions with respect to the reasonableness and comparability of compensation as well as the comparative organizations against which compensation is assessed, in accordance with relevant sections of the IRC and Lifespan's executive compensation philosophy. The independent consultants are not engaged by management to perform any services for Lifespan without prior approval by the Committee. Lifespan's Chief Executive Office
