Return Reference	Explanation
Grantmaker's Description of How Grants are Used	Bradley Hospital Foundation (the Foundation) engages in philanthropic activities to support the mission and purposes of Emma Pendleton Bradley Hospital (EPBH), a related 501(c)(3) organization. During the year ended September 30, 2017, the Foundation made temporarily restricted net asset transfers to EPBH amounting to \$1,179,197 to be spent by EPBH in support of certain building and equipment additions and specified clinical programs. \$47,356 was transferred to a related organization, Families Reaching into Each New Day, Inc. (FRIENDS WAY) in support of that organization's mission and operations. A master database of EPBH's temporarily restricted funds is maintained as the primary source for identifying each fund's restriction, the availability of the current balance, and the authorized personnel for the respective fund. The database contains the fund's name, primary reporting department, most recent month end balance, fund purpose/restriction, and the management responsible for the fund. Expenditures (purchase requisitions, work order requisitions, check requests, and employee reimbursements) from EPBH's temporarily restricted funds must be presented to the Lifespan Finance Department for approval prior to processing. Each request is reviewed to ensure the availability of funds and that the expense/purchase is both in conformity with the fund's restriction and approved by the required levels of authorized personnel referenced in the database.

Return Reference	Explanation
Part I, Line 7 Non-Fixed payments not listed above	The Lifespan Annual Incentive Compensation Plan provides a financial award opportunity for designated members of management, based on quantified objectives that are approved in advance by the Compensation Committee of the Lifespan Corporation Board of Directors. A specified level of financial and non-financial performance must be met before any award is earned. The objectives vary from year to year and generally include various aspects of financial measures in addition to non-financial performance measures. For certain participants in the Annual Incentive Compensation Plan, the award opportunity is divided into two pools. The first pool represents 70% of any earned incentive award, based on the achievement of the team performance objectives. The remaining 30% pool is distributed on an individual basis to participants at the discretion of the CEO, in each case subject to approval by the Compensation Committee of the Lifespan Corporation Board of Directors. Additionally, certain physicians and executives participate in incentive compensation plans arranged through individual contractual agreements which stipulate non-fixed payments based on meeting criteria comprised of various quality and productivity markers.
