Return Reference	Explanation
Part X, Line 2	TSS accounts for the effect of any uncertain tax positions based on a "more likely than not" threshold to the recognition of the tax positions being sustained based on the technical merits of the position under scrutiny by the applicable taxing authority. If a tax position or positions are deemed to result in uncertainties of those positions, the unrecognized tax benefit is estimated based on a "cumulative probability assessment" that aggregates the estimated tax liability for all uncertain tax positions. TSS has identified its tax status as a tax exempt entity and its assessment of which activities are related and unrelated as its only significant tax positions, however, TSS has determined that such tax positions do not result in an uncertainty requiring recognition. TSS is not currently under examination by any taxing jurisdictions. TSS's Federal and state tax returns are generally open for examination for three years following the date filed.
