Name: University Hospital & Clinics Inc

Form 990 (2016)

Form 990, Part III, Line 4a:

University Hospital and Clinics (UHC) was created on June 24, 2013, as a wholly-owned subsidiary of Lafayette General Health System, and was created as the result of a Cooperative Endeavor Agreement between the State of Louisiana, Louisiana State University, and Lafayette General Health to provide for the operation of the former University Medical Center, one of the ten (10) safety-net hospitals previously operated by Louisiana State University through their LSU Health System. UHC is a general acute care hospital providing the normal complement of both inpatient and outpatient services, providing both inpatient and outpatient medical care, diagnostic testing and therapy services to those seeking care. Healthcare services are provided on a continuous basis, twenty-four hours per day, seven days per week. Traditionally and currently, this facility has been the medical care provider to which those who were uninsured or otherwise unable to pay for their healthcare services turned to for those services. Through an agreement with the LSU School of Medicine in New Orleans, UHC also provides Graduate Medical Education through a number of residency programs which provide the physician services for several outpatient primary care and specialty care clinics. The entire purpose of the organization is to provide inpatient and outpatient medical care and graduate medical education to provide for the medical needs of the citizens of the Acadiana region of south Louisiana. The majority of the medical care provided at UHC is provided by both medical residents and staff physicians. UHC employs nursing and other ancillary professionals to provide non-physician healthcare services and support to the patients for whom we provide care. Additionally, UHC also employs some physician providers, to provide care directly. UHC provides care for patients regardless of their ability to pay, based upon written guidelines which allows UHC to provide care to patients with varying financial means to pay for that care. Through the agreement with the State of Louisiana, UHC receives some reimbursement for patients who qualify for "free care", with a maximum on the amount that the State will reimburse the hospital. The hospital has also entered into contracts and agreements with various State and Federal healthcare reimbursement programs, such as Medicaid and Medicare, as well as private insurance plans to reimburse the hospital for services provided to their beneficiaries. In addition to the traditional hospital services, UHC operates several clinics which provide ongoing medical care to patients. These clinics operate Monday through Friday and operate just like private physician offices. They are staffed by nurse practitioners and by staff physicians who supervise medical residents, allowing them to gain valuable clinical experience as part of their medical residency training. UHC has two "home-based" residency programs providing graduate medical education in Family Medicine, Internal Medicine, and two "home-based" fellowship programs in Geriatric Medicine and sports medicine. In addition, UHC operates several rotating residencies that allows residents in residency programs based in New Orleans at the LSU School of Medicine to spend part of their residency at UHC providing care for our patients and receiving clinical experience in their field of medical specialty. These residencies are in the specialties of General Surgery, Otorhinolaryngology, Gynecology, Orthopedic Surgery, and Ophthalmology. UHC also operates a medical library, staffed by a library information specialist and a library assistant. It serves as learning resource center for a 13 district area providing outreach to health professionals and potential healthcare professions, providing them tools to obtain information regarding healthcare careers, and research on specific healthcare and medical issues to include patients, families, visitors, and other professionals requiring such resources. Program services statistics related to providing community medical care for the Hospital during fye 9/30/17 were 12,095 total acute patient days, 47,816 emergency room visits and 2,733 surgeries (inpatient and outpatient). During fye 09/30/17 University Hospital & Clinics started Sports Medicine Medical Education, opened an after hours clinic that accepts Medicaid and started a full antibiotic stewardship program. The Hospital expanded its Endo services, added a med/surg bed program for discharged patients and now offers pediatric ENT services. The Congested Heart Failure Clinic was also opened during fye 09/30/17.

LGH System invested more than \$4 million on an Electronic Medical Record to improve patient safety, satisfaction, and efficiency. UHC is a teaching hospital which trains hundreds of residents in various programs to help them become doctors. UHC exemplified community outreach by offering free mammograms, breast screening and follow up care to eligible patients by working with Susan G. Komen, Inc. and the Louisiana Breast & Cervical Health Program. Louisiana exceeds the national average in breast cancer deaths, largely due to late or incurable-stage diagnosis, and UHC is now helping combat that.</p>
Part VI, Line 6	<p>THE HOSPITAL IS AFFILIATED WITH OTHER HEALTHCARE ORGANIZATIONS. SEE FORM 990 SCHEDULE R FOR A COMPLETE LISTING. ALL OF THE ORGANIZATIONS ARE LOCAL HEALTHCARE ORGANIZATIONS WITH THE SAME PURPOSE AS THE HOSPITAL.</p>
