| Return Reference         | Explanation   |
| Part X, Line 2           | Carilion recognizes a tax liability or asset for the estimated taxes payable or refundable on tax returns for current and prior years. Deferred tax assets and liabilities are recognized for the estimated future tax effects attributable to temporary differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases and operating loss and tax credit carryforwards. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. A tax benefit from an uncertain tax position is recognized when it is more likely than not that the position will be sustained upon examination, including resolutions of any related appeals or litigation processes, based on the technical merits. Uncertain tax positions may include the characterization of income, such as a characterization of income as passive, a decision to exclude reporting taxable income in a tax return, or a decision to classify a transaction, entity, or other position in a tax return as tax exempt. |

| Part VI, Line 2 | Needs Assessment Carilion Clinic's community health improvement process was adapted from Associates in Process Improvement's the Model for Improvement and the Plan-Do-Study-Act (PDSA) cycle developed by Walter Shewhart. It consists of five distinct steps. (1) conducting the CHNA, (2) strategic planning, (3) creating the implementation strategy, (4) program implementation, and (5) evaluation. This cycle is repeated every three years to comply with IRS requirements. Carilion Clinic fosters community development in its CHNA process and community health improvement process by using the Strive Collective Impact Model for the CHAT. This evidence-based model focuses on "the commitment of a group of important players from different sectors to a common agenda for solving a specific social problem(s) and has been proven to lead to large-scale changes. It focuses on relationship building between organizations and the progress towards shared strategies. Carilion Clinic and Healthy Roanoke Valley (HRV) partnered to conduct the 2015 Roanoke Valley CHNA. This process was community-driven and focused on high levels of community engagement involving health and human services leaders, stakeholders, and providers, the target population, and the community as a whole. Healthy Roanoke Valley (HRV), housed under the United Way of Roanoke Valley, was formed in 2012 as a community response to needs identified in Carilion Clinic's triennial Roanoke Valley CHNA. HRV's mission is to mobilize community resources to improve access to care, coordination of services, and promote a culture of wellness. Using the collective impact model, the partnership boasts more than 160 individuals representing cross-sector stakeholders and leaders who are working to implement cost-effective programs resulting in improved health outcomes. |

This information was used for the CHAT strategic planning retreat held in August 2015. The top ten priority areas that emerged from these findings include 1. Poor eating habits / lack of nu trient dense foods in diet 2. Access to mental health counseling / substance abuse 3. Acce ss to adult dental care 4. Access to dental care for children 5. Lack of exercise / physic all activity 6. Value not placed on preventive care and chronic disease management 7. Acces s to primary care 8. High prevalence of obesity / overweight individuals 9. Lack of knowle dge of community resources 10. Improved coordination of care across the health and human s ectorThe CHAT participated in strategic planning on August 31, 2015. It reviewed and accep ted the priority areas of access to services (primary care, mental health & substance abus e, and oral health), coordination of care, and wellness Expected outcomes were approved by the CHAT and will be used by Carilion Medical Center (CMC) to measure impact around the priority areas. Carilion will take a focused approach on the South East patients, integra ting medical home approaches with a planned community coordination hub being developed by Healthy Roanoke Valley. C Wellness Carilion's Community Outreach staff will provide educa tion, flu shots, and community health screenings to the target population in the South East community. Education includes free interactive presentations on the topics of cancer pre vention, diabetes prevention, fitness/exercise, food safety, health/stroke, healthy lifest yles, nutrition, smoking cessation, and stress. Poor eating habits were identified as a key concern in the 2015 RVCHNA. The Carilion Clinic Healthy Food Program (formed to respond to the 2012 RVCHNA) is designed to address this need by promoting healthy, local (when pos sible), and nutrient-dense food to patients and employees and to encourage healthy eating in the community. Fresh Foods RX, is a partnership with HRV, a program which includes a physician's prescription for healthy food, and a waiver for free local fruits and vegetables was successfully piloted in 2015 with a second pilot expanding the program to three sites in 2016. The HRV Strategic Action Framew ork to better meet the needs of our target population includes data driven, evidence-based goals and strategies which address access to care (mental health, oral health, primary care), coordination of care, and wellness. As a result of the 2015 RVCHNA, HRV underwent strategic planning with both its Steering Committee and Action Team members to update the Gov ernance Guidelines, Operations Structure, and Strategic Action Framework to ensure HRV con tinues to align with the priorities identified in the needs assessment. Select members of management participate in a Pension Restoration Plan. This plan provides a benefit equal to the normal retirement benefit that would be payable to the participant were it not for the Qualified Plan's legislative restrictions on compensation and payable benefits, less the actual benefits under the Qualified Plan Entitlement to benefits and consequent lump sum payment occurs upon attaining age 65 while employed by Carilion Clinic, disability, or 24 months after certain qualifying separations from service. Upon the death of the participant, the plan shall pay the participant's beneficiary according to Plan terms. The CAA shall be distributed in a lump sum upon vesting while employed by Carilion, disability, or 24 months following certain qualifying separations from service. Upon the death of the participant, the plan shall pay the participant's beneficiary according to plan terms. Beginning in the year in which the participant attains age 67, a pro-rated portion of the award is paid monthly. Select members of management participate in a Defined Contribution Supplemental Executive Retirement Plan (DC SERP) in which the employer, at the discretion of Carilion Clinic's Compensation Committee, makes a contribution to an account established on its books for each eligible participant. If a participant ceases to be a participant prior to the vesting date, the account shall be forfeited. A lump sum distribution shall be made upon the participant's vesting date, death, or disability. The following reported individual was paid amounts under these plans during the calendar year Nancy Howell Agee -\$235,766 The organization pays annual bonus compensation to management based on scorecard performance.
