990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Part I, Line 7	Costs were calculated using the estimated cost to charge ratio from The North Carolina Hospital Association's Advocacy Needs Data Initiative which is the standard for reporting community benefits in North Carolina
Part II, Community Building Activities	The community building activities of Vidant Medical Center involve services that are otherwise not provided by other organizations in the patient area

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Part III, Line 2	In connection with the Presumptive Eligibility consideration of the Affordable Care Act, Vidant Medical Center does not reflect any bad debt in connection with FAP-eligible patients. These patients are presumed to be part of the Medicaid population and afforded coverage as such.
Part III, Line 4	The financial statements of Vidant Medical Center are presented on a consolidated basis as part of the consolidated financial statements of Vidant Health, the text of the footnote from page 21 is presented below. Patient Accounts Receivable are reported net of estimated allowances for contractual adjustments and allowances for bad debts. Estimated allowances for bad debts are approximately \$73.2 million and \$79.6 million as of September 30, 2017 and 2016, respectively.

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Part III, Line 8	The shortfall of Medicare revenue to Medicare was calculated according to the cost to charge ratio. Allowable costs of care should be considered community benefit because in the area served by VMC, there are no other providers available to provide the required services. Therefore, the care would become a government obligation and is treated as a community benefit provided by VMC.
Part III, Line 9b	Recommended patient accounts will continue to go through the accounts receivable billing cycle as normal. When the account reaches the customer service/collections manager, financial counseling supervisor or patient accounts supervisor, based on the information given, a decision will be made whether to proceed with collection or refer the account for approval of charity care. The process will occur as follows: I. Financial counselors will try to locate third party payors. If not eligible for any third party coverage (including charities), they may, based upon the financial information received, recommend the patient for charity care. II. Patient counselors will review for any third party payors and verify employment and assets. A charity care application will need to be completed along with tax return, pay stubs, social security award letter and other financial information as may be required. III. The patient accounts supervisor, financial counseling supervisor or customer service/collections manager, based upon account balance and the information given, will make a decision whether to proceed with collection or refer the patient account for approval for charity care. Presumptive eligibility for charity care - there are occasions in which a patient may appear eligible for a charity care discount, but there is no financial assistance information available to support financial aid. A. Some patients are presumed to be eligible for charity care discounts on the basis of individual life circumstances (e.g., homelessness, patients with no income, bankruptcy, deceased patients with no estate or spouse, etc). B. Through the assistance of a third party vendor and certain algorithms, in conjunction with our charity policy guidelines, all accounts, prior to outside collection agency referral, will be tested for presumptive charity. C. The accounts deemed charity will be adjusted off and the remaining accounts will be referred to an outside collection agency. D. Once the agency has had the accounts for six months and has deemed them uncollectible, the accounts with balances of \$1,200 or greater will remain with the agency and be kept on the patient's credit file. E. The accounts returned to the hospital will be placed in a unique financial class and will not be pursued for collections.

Return Reference	Explanation
Part I, Line 3	The Top Management Official is the President who is an employee of VMC. The compensation is determined by the Compensation and Benefits Committee of the Vidant Health Board using comparative data from like organizations and input from consultants. This process is performed every two years, the last year being 2017. It will be performed again in fiscal year 2019. Compensation of other officers and key employees is also determined by the Compensation and Benefits Committee of the VH Board using comparative data from like organizations and input from consultants. This process is performed every two years, the last year being 2017. It will be performed again in fiscal year 2019. All compensation discussions and actions are documented and approved in the minutes of the Committee.
Part I, Line 4	As of January 1, 2013, the supplemental nonqualified retirement plan was frozen and no further amounts have accrued to its benefit. In lieu of the SERP, the comprehensive defined benefit pension plan will provide an equivalent benefit. The increase in the value of such plans is reflected in the sum of Part II, Column (C).

Form 990, Part III, Line 4a	Overview of University Health Systems of Eastern Carolina Our mission at VH to enhance the quality of life for the people and communities we serve, touch and support drives us far beyond caring for patients within the confines of our hospital walls It calls us to help make eastern North Carolina a better, healthier place to live VH is a North Carolina non -profit corporation with headquarters in Greenville, North Carolina VH and its affiliates operate an integrated health care delivery system that serves a total market of approximately 1.4 million people in 29 contiguous counties in eastern North Carolina The Health System includes hospitals, physician practices, outpatient services, long-term care, home health, hospice, and wellness services The Health System's owned hospitals are Vidant Medical Center ("VMC"), which is a tertiary care hospital and an academic medical center, and several other acute care hospitals Vidant Roanoke-Chowan Hospital, Vidant Edgecombe Hospital, Vidant Chowan Hospital, Vidant Bertie Hospital, Vidant Duplin Hospital, Vidant Beaufort Hospital, and The Outer Banks Hospital VMC serves as the teaching hospital for the Brody School of Medicine, East Carolina Schools of Nursing and Allied Health and Pitt Community College The system also serves as a regional referral center for eastern North Carolina The System's eight hospitals are licensed to operate 1,439 beds Each hospital is licensed by the Division of Facility Services of the North Carolina Department of Health and Human Services and approved as a provider by the Medicare and Medicaid programs VH and its hospitals and affiliate organizations provide services to patients without regard to their ability to pay In fiscal year 2017 VH's combined patient care statistics were inpatient admissions, 63,382, inpatient days of care, 339,393, surgeries, 46,558, births, 5,710, and outpatient visits, 332,795 Our System's workforce included 11,004 employees Each of VH's hospitals operates an emergency room, which is open 24 hours a day VMC also offers a full spectrum of trauma services Emergency and trauma services are provided to patients without regard to their ability to pay In fiscal year 2017 VH provided care to 272,477 emergency room patients VH's Board of Directors consists of 11 voting members, six of whom must be current or former Pitt County, North Carolina appointees of VMC's Board of Trustees and five of whom must be current or former Board of Governors of the University of North Carolina appointees of VMC's Board of Trustees VMC, in affiliation with the Brody School of Medicine, which is owned by the State of North Carolina, operates 30 resident-training programs with over 400 medical residents This relationship enables VMC and the Brody School of Medicine to combine their resources for the provision of quality patient care, medical education and research for the residents of eastern North Carolina The Brody School of Medicine has three important goals

990 Schedule O, Supplemental Information

Form 990, Part III, Line 4a	s educating primary care physicians, making medical care more readily available to the people of eastern North Carolina, and providing opportunities to minority and disadvantaged students. As a non-profit organization, VH reinvests all excess of revenues over expenses in programs, services, and facilities that provide access to patient care and health services to the citizens of Eastern Carolina. Overview of Vidant Health Community Benefit Programs 1 Eastern North Carolina is comprised of 1.4 million people living in 14,000 square miles. Boundaries are from I-95 East to the coast, and from the Virginia line up to and including Onslow County. The area is largely rural and largely poor, with higher than state or national average rates for poverty and uninsured. Health status indicators show increased incidence of disease in the region, especially cancer, heart disease and stroke. VH determines priorities for target populations by working in concert with medical and community agency partners in ongoing assessment of the most pressing health care needs. Many efforts over the past decade have focused on diabetes, pediatric asthma, school health, injury prevention, access to care, nutrition enhancement, physical activities and chronic disease screenings. Also, special programs to manage the care of Medicaid enrollees, address access to both medical care and medications for the uninsured, and coordination of services for children with obesity have been undertaken. The populations that are served by addressing these issues are largely the poor, the underserved, and minorities. Determination of specific populations to address occurs when partners such as the North Carolina Department of Health and Human Services, local health departments, county Healthy Carolinian task forces, and physicians identify a quantifiable need, and community partners are engaged to work together with the health system. 2 Funding for community health programs is obtained from both the operating funds of VH entities and external grant-awarding organizations. The VH Board annually provides financial support for the Community Benefit Initiatives program of its foundation. These funds are then awarded to community agencies that successfully demonstrate both need and a well-designed plan to address one of the Foundation's priority categories. In addition, each VH hospital financially supports community health resources within its operating budget. Programs vary according to the hospital's financial ability and community need, but all include collaborative efforts with local health departments, including health screenings and education to targeted populations. VH also has a successful track record of obtaining community health program support from external agencies that award grant funding to approve projects. The VH Grants Office was established in 2008 and serves as the central point for grant mining, acquisition and management of grants awarded to VH hospitals for community-based
