Form 990, Part VI, Section B, line 15	Palmetto Health's executive compensation committee (the "committee"), composed of members of the board of directors who are disinterested in and independent from the persons compen sated, oversees Palmetto Health's executive compensation and benefits programs. The committee annually receives a report from its independent executive compensation consultants on the executive compensation program, including third-party comparability date for functionally-similar positions at similarly-situated organizations (the "compensation review"). The salary review includes market analyses for base salaries, total cash compensation and ben efits and aggregate total compensation values for the Chief Executive Officer and other positions. In support of the qualification for the rebuttable presumption of reasonableness, the committee reviews and approves the CEO's compensation as well as the CEO's recommendations for compensation paid to other positions, based on the board-approved compensation philosophy and the compensation review, and the decision is documented in meeting minutes in addition, the committee reviews the information in the compensation review relating to aggregate total compensation paid to the other positions.
