PART XV Line 2 b.c. & d.

Item 2 - Information Regarding Grant Programs

- (b) Organizations applying for grants are not required to utilize any particular form. Any such application should include a written statement of the purposes for which the grant is sought; a copy of the most recently available financial statement for the organization showing the source and application of its funds; and any other information showing why the particular grant is needed. The amount of the grant desired should be specified. The Trustees and/or Committee of the trust may require additional and/or supporting information. All applications should enclose a copy of the applicant's Internal Revenue Service exemption letter, unless similar evidence is already on file with the trust for such applicant.
- Applications for grants may be submitted at any time, but final decisions on grants are made only twice each year, during January and July, so that applications received after January 10 of each year will not be considered at the January meeting and must be re-submitted for later consideration; and applications received after July 10 of each year will not be considered at the July meeting and must be re-submitted for later consideration. Accordingly, applications will be most timely if filed during December or June. Notices of rejection will not ordinarily be sent out, so that any applicant which has not received a grant by the next following February 10 or August 10, as the case may be (assuming that the application was received in time for consideration at the current semi-annual meetings), will thereby understand that its application has been rejected.
- (d) The Clarence E. Mulford Trust does not award grants, scholarships, fellowships, loans, prizes, or similar benefits to individuals; but makes grants only for religious, charitable, scientific, literary, or educational purposes, or for the prevention of cruelty to children or animals, and only to organizations which qualify under IRC Section 509(a). In the past, grants from the Trust have been almost exclusively confined to qualified applicants with a principal office located in the Town of Fryeburg Maine, or in one of the eight other towns which geographically adjoin Fryeburg. Very few exceptions have been made to this geographic limitation. It is very unlikely that applications from organizations based outside this local area will receive favorable consideration.
