Part III, Line 4	Accounts receivable are stated at the amount management expects to collect from outstanding balances. Management provides for probable uncollectible amounts through a charge to earnings and a credit to a valuation allowance based on its assessment of the current status of individual accounts. Balances that are still outstanding after management has used reasonable collection efforts are written off through a charge to the valuation allowance and a credit to accounts receivable. In evaluating the collectibility of accounts receivable, the Retreat analyzes past results and identifies trends for each of its major payor sources of revenue to estimate the appropriate allowance for doubtful accounts and provision for bad debts. Data for each major payor source is regularly reviewed to evaluate the adequacy of the allowance for doubtful accounts. For receivables relating to services provided to patients having third-party coverage, the Retreat analyzes contractually due amounts and provides an allowance for doubtful accounts and a corresponding provision for bad debts. For receivables relating to self-pay patients (which includes both patients without insurance and patients with deductible and copayment balances due for which third-party coverage exists for part of the bill), the Retreat records a provision for bad debts in the period of service based on past experience, which indicates that many patients are unable or unwilling to pay amounts for which they are financially responsible. The difference between the standard rates (or discounted rates if negotiated or eligible) and the amounts actually collected after all reasonable collection efforts have been exhausted is charged against the allowance for doubtful accounts. During 2017, the Retreat increased its estimate for allowance for doubtful accounts from \$3,499,910 to \$3,914,474. During 2016, the Retreat increased its estimate from \$2,256,447 to \$3,499,910. Management has been evaluating and restructuring the Retreat's revenue cycle during 2017 and 2016 and, as a result, this process has caused delays in the processing of claims and identified additional uncollectible accounts.

Part VI, Line 2	In 2017, the Brattleboro Retreat served 4,650 children, adolescents and adults in inpatient, residential, ambulatory, outpatient, and school programs. The impact of the Retreat's services upon its patients and their families and communities is often dramatic and life saving, and there are fewer and fewer organizations offering such a full range of services in mental health and addiction care. Meanwhile, the number of patients seeking treatment for mental health and substance abuse issues continues to rise throughout the region and the nation. The Retreat strives to meet this increasing demand for services by renovating and updating facilities and patient care areas and utilizing the latest in treatment modalities to improve health care outcomes for the populations served. In 2017, the Brattleboro Retreat served 2,863 individuals in our outpatient programs. 747 children were served across all programs. 77 children were served in our residential programs and 122 children in our school programs. In response to a healthcare environment that continued to shift in 2017, and as demand for psychiatric and addiction services became more pronounced, the Retreat continued to meet the need for high quality care by strengthening its clinical expertise. This included the continued roll-out of evidence-based practices in clinical areas throughout the hospital. This has required a significant investment in staff education and training. The Retreat also made important strides forward in modernizing its financial systems with a particular emphasis on strengthening cash flows and establishing a more predictable operating margin. 2017 marked the first year of the Retreat's 2017 - 2019 strategic plan entitled Setting a New Standard. The plan was officially approved by the hospital's Board of Trustees in May, 2017. The three-year plan outlines a host of strategic initiatives that are organized under four main categories: Focus on Clinical Excellence, Achieve Financial Stability, Increase Accountability, and Reimagine our Historic Campus. Summary of Strategic Plan Progress in 2017. 1 "Focus on Clinical Excellence" 2017 Summary of Achievements Adopted research-driven, evidence-based programming including Dialectical Behavior Therapy (DBT) and Acceptance and Commitment Therapy (ACT) in programs across the hospital, successfully piloted tele-psychiatry services in inpatient and partial hospital program settings to remove barriers to treatment and help more people get needed care, partnered with Brattleboro Memorial Hospital's emergency department to provide real time consultations for patients experiencing acute psychiatric distress, expanded our ability to utilize the clinical information capacities of our electronic medical record, assembled visionary nursing leadership team. 2 "Achieve Financial Stability" 2017 Summary of Achievements Modernized our claims submission systems and hired and trained new staff members in our Patient Financial Service Department, brought our Admissions Department under the wing of Patient Financial Services to optimize the billing/revenue cycle and provide better customer service, standardized the data collection procedures we follow upon each patient admission, established a process to provide uninsured patients with on-the-spot Medicaid eligibility, strengthened and expanded State partnership, effectively managed census, completed Portfolio Analysis. 3 "Increase Accountability" 2017 Summary of Achievements Launched a robust clinical education schedule to train direct care staff in the use of evidence-based programming skills (DBT and ACT), designed a Manager Training Academy, launched new recruitment initiatives that use social media and digital strategies, rolled out an expedited hiring process, piloted new staff retention initiatives, strengthened Leadership Team, improved Information Technology Infrastructure. 4 "Reimagine our Historic Campus" 2017 Summary of Achievements Prepared for the adoption of clean energy alternatives and the use of renewable resources, started early discussions on ways we might establish new strategic partnerships, anticipate campus improvements that dovetail with anticipated changes in medical practice, and develop a master plan for future campus improvements, developed plan and successfully secured State funding for bed expansion. Summary of Process for Openness and Public Participation The Brattleboro Retreat keeps the community informed with regular appearances and/or memberships with the Brattleboro Selectboard, Building a Better Brattleboro, Brattleboro Development and Credit Corporation (BDCC), Brattleboro Chamber of Commerce, the Windham County Legislative Delegation, Southeastern Vermont Economic Development Strategies (SeVEDS), the Rotary Club of Brattleboro, and ongoing collaborations with other community organizations including Brattleboro Memorial Hospital, Grace Cottage Hospital, Health Care and Rehabilitation Services (HCRS), Rescue Inc., the Brattleboro Police.

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Part VI, Line 4	The Brattleboro Retreat is located in Brattleboro, Vermont, which is in the southeastern corner of Vermont - on the border with both New Hampshire and Massachusetts. Brattleboro is a small, rural town with a population of 12,046. The 2017 population estimate for Windham County is 42,869. The state of Vermont has an estimated population of 623,657 (U.S. Census estimate, July 1, 2017). The Retreat plays a vital role as a large provider of mental health and substance abuse services in New England. It provides treatment to individuals of all ages from throughout the Northeast, accepts high numbers of Medicare and Medicaid funded patients and provides services offered by few other hospitals. In addition, the Retreat provides an array of ambulatory services to people in the local area. These services include outpatient services as well as partial hospital and intensive outpatient mental health and substance abuse treatment. The Brattleboro Retreat is the only mental health and addiction specialty hospital in Vermont and one of the few in New England. In Vermont, there are four medical hospitals with psychiatric units. The Retreat is the largest provider of inpatient psychiatric services in the state and operates roughly the same number of psychiatric beds as the other four hospitals combined. The Retreat is also the only mental health hospital in Vermont for children and adolescents. The surrounding states have similar arrays of services - a few free-standing psychiatric hospitals, such as Sister of Providence in Holyoke, MA, and some medical hospitals operating psychiatric units. Many area medical hospitals have downsized or eliminated their psychiatric beds in recent years, particularly those in New Hampshire. Most psychiatric units also exclusively serve adults with few inpatient programs available for children and adolescents. The Retreat is dedicated to serving this population. As a regional specialty hospital, the Retreat draws patients from a large and diverse catchment area - across Vermont and throughout the greater New England area and beyond. The relatively low population of Vermont and the greater population to the south necessitate drawing from a broad and diverse area. The Retreat's geographic location also facilitates this regional draw. While the majority of inpatient admissions to the Retreat come from the state of Vermont, patients also come from all other New England States and beyond Massachusetts, with a population of 6,547,629 is the second largest sending state. The Retreat is located just a few miles from the Massachusetts border with interstate access to the western part of the state, including the cities of Northampton, Holyoke and Springfield. The demographics of income, race, poverty etc. vary greatly across the catchment area and are therefore difficult to characterize. According to the data collected in the American Community Survey (ACS) and the Puerto Rico Community Survey (PRCS) conducted annually by the U.S. Census Bureau, the estimated median household income of Vermont residents is \$56,104. 11.3% of Vermonters live in poverty and 5.5% of Vermonters are without health insurance. In 2017, 68.1 percent of the Retreat's funding came from public sources - 22.4 percent from Medicare, 28.5 percent from adult Medicaid/State programs and 17.2% from child and adolescent residential funding or Medicaid.

Brambleboro Retreat	Part V, Section B, Line 5 Because the Retreat has a diverse and extensive service area, the Retreat chose to define its service area at both the county and state levels, assessing the health needs of both areas By assessing health status at both the county and state levels, planners gained a detailed understanding of the needs of the local populations as well as a broader assessment of Vermont The CHNA was therefore divided into two phases Phase I for Windham County and Phase II for the state of Vermont For Phase I (Windham County), the Retreat partnered with Grace Cottage Hospital and Brambleboro Memorial Hospital to gather and assess both quantitative and qualitative data The three health care organizations developed a steering committee, made up of representatives from each of the hospitals as well as from the Vermont Department of Health, Brambleboro Office, to guide the qualitative research and collect and analyze the quantitative data The Windham County CHNA Steering Committee planned and conducted qualitative research, which included a countywide survey and a focus group on health care needs of minority and underserved populations During the research process, the Steering Committee consulted with Vermont Agency of Human Services District Leadership Team and the Clinical Planning Group of the Vermont Blueprint for Health-Brambleboro Service Area In Phase II (statewide), the Retreat gathered and assessed quantitative and qualitative data on mental health and addiction in the state of Vermont Additionally, qualitative data was collected from community stakeholders across the state of Vermont through an online survey that was widely distributed across the state During this phase of research, the Retreat consulted with the Vermont Department of Health, the Brambleboro Retreat's Consumer Advisory Council as well as a range of Retreat staff members, including clinical and administrative staff Once the qualitative and quantitative data were collected and analyzed, planners reviewed the community health needs that emerged as a result of conducting the assessment They carefully assessed each need, identified the major themes and developed broader priority areas to encompass these needs Planners carried out this process by focusing only on needs and priority areas that fall within the mission and scope of the Brambleboro Retreat, namely in mental health and addiction treatment, as well as within the Retreat's capacity to make an impact Planners also worked to identify needs that were supported by quantitative research data OR were identified in the community input process, through either of the surveys or the focus group Once the planners identified some potential priority areas, they shared the results of the needs assessment as well as the recommended priority areas with the Brambleboro Retreat's Consumer Advisory Council and a group of Retreat staff members that included both clinical and administrative staff from various departments
