Provide the information required by Part I, line 2 (monitoring of funds); Part I, line 3, column (f) (accounting method; amounts of investments vs. expenditures per region); Part II, line 1 (accounting method); Part III (accounting method); and Part III, column (c) (estimated number of recipients), as applicable. Also complete this part to provide any additional information. See instructions.

Part I Question 2 - The organization's procedures for monitoring the use of its grants and other assistance outside the United States

Our staff plus a team of volunteers monitor the issuance of grants to the persecuted or displaced Christians and others that we help in the Middle East and North Africa. They make monthly reports to Endure International's president in the USA to report how the grants were used that month. The staff and volunteers meet regularly with grant recipients to assess their needs, pray with them, counsel them, and assist them in other ways.

Part I Question 3 - Activities per Region

We have a total of 9 offices and 28 employees in the Middle East and North Africa. While the various offices and employees sometimes have specialties where they do the bulk of their work, they each do all of the five ministry activities at various times. They all work together to minister to the needs of the Christians in the Middle East and North Africa in whatever ways the Lord presents to us and provides to us the skills and resources that we need.

We have 1 office and 1 employee in Europe. Our ministry there is primarily to refugees from the Middle East.

We have no offices and no employees in East Asia and the Pacific region, but in 2017 we conducted a training program there to teach pastors how to more effectively study their Bibles and to then to be able to teach others how to do that.

Part III - Grants and Other Assistance to Individuals Outside the United States.

As described in the notes about question 3 in part I, our team of staff and volunteers work with many individuals and families.

While we help many of the same people for multiple months, the specific people that we help changes from month to month.

We reviewed the monthly reports and believe that 190 is a very close estimate of the total number of individuals and families to whom we provided grants in 2017.
