Supplemental Information

Return Reference	Explanation
PART X, LINE 2	The Council follows the provisions of Accounting Standards Codification "ASC" 740-10-25, "Income Taxes," which requires that realization of an uncertain tax position must be "more likely than not" (i.e. greater than 50% likelihood of receiving benefit) before it can be recognized in the financial statements. The Council does not believe there are any uncertain tax positions that should be recorded. No interest or penalties were included in the consolidated statements of activities for the years ended December 31, 2017 or 2016. Tax years going back to 2013 remain open to examination. Should the Council need to accrue interest or penalties on uncertain tax positions, it would recognize the interest as interest expense and the penalties as other expenses.
