Form and Line Reference	Explanation
Schedule H, Part I, Line 3b Eligibility for Financial Assistance	Services eligible under the financial assistance policy will be made available to the patient on a sliding fee scale, in accordance with financial need, as determined in reference to Federal Poverty Levels (FPL) in effect at the time of the determination. The basis for the amounts the hospital will charge patients qualifying for financial assistance is as follows: Patients whose family income is above 200% but not more than 400% of the FPL are eligible to receive discounted services at amounts no greater than the amounts generally billed to the hospital's commercially insured or Medicare patients.
Schedule H, Part I, Line 3c Discounted Care Exceptions	Patients whose family income exceeds 400% of the FPL may be eligible to receive discounted rates on a case-by-case basis based on their specific circumstances, such as catastrophic illness or medical indigence, at the discretion of the hospital, however the discounted rates shall not be greater than the amounts generally billed to commercially insured [or Medicare] patients. In such cases, other factors may be considered in determining their eligibility for discounted or free services, including: * Bank accounts, investments and other assets * Employment status and earning capacity * Amount and frequency of bills for health care services * Other financial obligations and expenses * Generally, financial responsibility will be no more than 25% of gross family income. The hospital may utilize predictive analytical software or other criteria to assist in making a determination of financial assistance eligibility in situations where the patient qualifies for financial assistance but has not provided the necessary documentation to make a determination. This process is called "presumptive eligibility."

Schedule H, Part VI, Line 2 Needs assessment	<p>SSM Health (SSM) participates in Community Benefit according to our vision, Through our participation in the healing ministry of Jesus Christ, communities, especially those that are economically, physically, and socially marginalized, will experience improved health in mind, body, spirit and environment. In the tradition of our founders, the Franciscan Sisters of Mary, caring for those in greatest need remains our organizational priority. Today our System Board monitors Community Benefit efforts, and views achievement of our vision as a primary responsibility. The purpose of SSM's Community Benefit program is to assess and address community health needs. Making our communities healthier in measurable ways is always our goal. To fulfill this commitment, SSM's Community Benefit is divided into two parts: 1) Community Health Needs Assessment (CHNA), and 2) Community Benefit Inventory for Social Accountability (CBISA). The CHNA is an assessment and prioritization of community health needs and the adoption and implementation of strategies to address those needs. A CHNA is conducted every three years by each hospital according to the following steps:</p> <ul style="list-style-type: none"> <li>* Assess and prioritize community health needs: Gather CHNA data from secondary sources, obtain input from stakeholders representing the broad interests of the community through interviews and focus groups, use data to select top health priorities, and complete written CHNA.</li> <li>* Develop, adopt, and implement strategies to address top-health priorities: Establish strategies to address priorities, complete Strategic Implementation Plan, obtain Regional/Divisional Board approval, and integrate strategies into operational plan.</li> <li>* Make CHNA widely available to the public: Publish CHNA and summary document on hospital's website.</li> <li>* Monitor, track, and report progress on top health priorities: Collect data and evaluate progress, report to Regional/Divisional Board every six months and System Board every year, share findings with community stakeholders, and send results to finance for submission to the Internal Revenue Service (IRS).</li> </ul> <p>CBISA is the gathering, collecting, and reporting of all data relating to community benefit activities and programs across the System. A CBISA is conducted every year by each hospital according to the following steps:</p> <ul style="list-style-type: none"> <li>* Collect and enter data: Send out emails reminding staff to submit activities, enter data into Lyon, and run reports to share with leaders.</li> <li>* Finalize and report on prior year: Enter all prior year data into Lyon by January 31, and communicate final prior year figures to IRS, System Board, and the community.</li> </ul> <p>System Office staff and leaders oversee and monitor SSMH's Community Benefit Program, and ensure reporting is in compliance with IRS regulations. In collaboration with community stakeholders and partner organizations, SSM Health Care Corporation also identifies needs based on assessments and research, and SSMH facilities also involve case managers and care team staff to pinpoint critical health issues in the community. All hospital CHNAs are completed, approved, and integrated into the organization's strategic plan. The plan "restores" the benefits to these employees that would have been provided under the SSMH qualified plan if the regulations did not impose compensation limits. An individual can take a distribution from the plan at (1) age 65 or older if the individual is still employed by SSMH or (2) age 55 or older if the individual is no longer employed by SSMH. In addition, the plan has special safeguards in place to protect the funds from contingencies, other than insolvency. For contributions made to the plan in 2014 or after, the distribution will occur after the completion of four plan years for all executives that are still actively employed on the distribution date. Any active participant 65 years or older will receive the contribution in the current year. The following individuals listed on Part VII of the Form 990 received distributions from this plan in 2017.
