Schedule H, Part VI, Line 2 Needs assessment	SSM Health (SSMH) participates in Community Benefit according to our vision, Through our participation in the healing ministry of Jesus Christ, communities, especially those that are economically, physically, and socially marginalized, will experience improved health in mind, body, spirit and environment. In the tradition of our founders, the Franciscan Sisters of Mary, caring for those in greatest need remains our organizational priority. Today our System Board monitors Community Benefit efforts, and views achievement of our vision as a primary responsibility. The purpose of SSMH's Community Benefit program is to assess and address community health needs. Making our communities healthier in measurable ways is always our goal. To fulfill this commitment, SSM's Community Benefit is divided into two parts. 1) Community Health Needs. Assessment (CHNA), and 2) Community Benefit Inventory for Social Accountability (CBISA). The CHNA is an assessment and prioritization of community health needs and the adoption and implementation of strategies to address those needs. A CHNA is conduced every three years by each hospital according to the following steps. * Assess and prioritize community health needs. Gather CHNA date from secondary sources, obtain input from stakeholders representing the broad interests of the community through interviews and focus groups, use data to select top health priorities, and complete written CHNA. * Develop, adopt, and implement strategies to address top-health priorities. Establish strategies to address priorities, complete. Strategic Implementation Plan, obtain Regional/Divisional Board approval, and integrate strategies into operational plan. * Make CHNA widely available to the public. Publish CHNA and summary document on hospital's website. * Monitor, track, and report progress on top health priorities. Collect data and evaluate progress, report to Regional/Divisional Board every six months and System Board every year, share findings with community stakeholders, and send results to finan

Schedule H, Part VI, Line 3 Patient education of eligibility for assistance	All SSMH facilities will strive to provide exceptional health care services to all persons in need regardless of their ability to pay. All billing and collection policies reflect the mission and values of SSMH, including our special concern for people who are poor and vulnerable. SSMH facilities offer discounts for hospital services to all uninsured persons. Self-pay discounts apply to everyone who does not have health insurance, no matter their ability to pay. SSMH applies its charity care policies fairly and consistently. Each person is treated as an individual with specific needs for assistance without regard to payment. SSMH embraces its responsibility to serve the communities in which we participate by establishing sound business practices. Charity care is provided to patients based on a sliding scale for household incomes up to four times the federal poverty level. Patients whose household income is no more than two times the federal poverty level are eligible for free hospital services. In addition, an exception to the sliding scale is provided for a patient's balance due if the amount is too large to be reasonably paid through an installment plan over four years given the family income and expenses. Each entity providing medical service shall provide information to the public regarding its charity care policies and the qualification requirements for each of its facilities. When standard system notices and communication regarding charity care are available, these must be used. Modifications to the standard may be made to comply with state and local laws, as well as reflect culturally sensitive terminology for the policy. All notices are easy to understand by the general public, culturally appropriate and available in those languages that are prevalent in the community. They provide information about. * The patient's responsibility for payment, * The availability of financial assistance from public programs and entity charity care and payment arrangements, * The entity's charity policy and application pro

In the tradition of our founders, the Franciscan Sisters of Mary, caring for those in greatest need remains our organizational priority. Today our System Board monitors Community Benefit efforts, and views achievement of our vision as a primary responsibility. The purpose of SSMH's Community Benefit program is to assess and address community heal th needs. Making our communities healthier in measurable ways is always the goal. First, CHNA is the assessment and prioritization of community health needs and the adoption and implementation of strategies to address those needs. A CHNA is conducted every three years by each hospital according to the following steps. Assess and prioritize community health needs. Gather CHNA data from secondary sources, obtain input from stakehol ders representing the broad interests of the community through interviews and focus groups, use data to select top health priorities, and complete written CHNA. Develop, adopt, and implement strategies to address top-health priorities. Establish strategies to address priorities, complete Strategic Implementation Plan, obtain Regional/Divisional Board approval, and integrate strategies into operational plan. Make CHNA widely available to the public Publish CHNA and summary document on hospital's website. Monitor, track, and report progress on top health priorities.
