**Part IV** Supplemental Information. Provide the information required in Part I, line 2; Part III, column (b); and any other additional information.

Schedule I, Part I, Line 2. Prior to making any grant, the organization requires and receives substantial documentation from the prospective grantee, including sufficient personally identifying information and a copy of the bill or invoice documenting the expense with which the applicant is requesting assistance. These bills or invoices are then checked for legitimacy by the organization's staff. As an additional safeguard, the organization's grantees never personally receive any kind of cash or equivalent from the organization. Rather, if an applicant qualifies for assistance, the invoice can be verified and a grant can be made, the organization releases grant funding directly to the verified vendor named in the applicant's supporting documentation. Operating in this manner, the organization is able to carefully monitor the use of its funding and ensure that all grant funding released by the organization is used only for the explicit purpose for which the grant was intended.
