**Part III, Line 1.** The organization is devoted to enabling the most poor in Guatemala to receive the surgical services offered by volunteer surgical teams from around the world. Partner for Surgery provides the community development and infrastructure that both the communities and the surgical teams lack, creating a bridge between them. Partner for Surgery trains community activists, utilizes local language radio programs, and organizes patient evaluations by North American doctors. As preparation for surgery, Partner for Surgery has an in-home nutrition program for children born with a cleft lip and palate. This program is for children who otherwise would not thrive and therefore would not qualify for surgical interventions. In addition, Partner for Surgery trains local government nurses to screen women for problems that could lead to cervical cancer, and trains community members to provide cleft newborns with nutritional care.
