Supplemental Information

Return Reference	Explanation
Part X, Line 2	<p>Roper Hospital is a not-for-profit organization as described in Section 501(c)(3) of the Internal Revenue Code and is generally exempt from federal and state income taxes. The Lowcountry Surgery Center is a limited liability company. Under current laws, income or loss of limited liability companies is included in the income tax returns of the members. Accordingly, no provision for income taxes is made on the consolidated financial statements. Although (the consolidated group) is generally exempt from federal and state income taxes, it evaluates whether there are any uncertain tax positions that fail to meet the more-likely-than-not threshold for recognition in the consolidated financial statements. Uncertain tax positions may include the characterization of income, such as a characterization of income as passive, a decision to exclude reporting taxable income in a tax return, or a decision to classify a transaction, entity, or other position in a tax return as tax exempt. The tax return benefit from an uncertain tax position is recognized when it is more likely than not that the position will be sustained upon examination, including resolutions of any related appeals or litigation processes, based on the technical merits. The Organization had no unrecognized tax positions as of December 31, 2017 and 2016, and does not expect that unrecognized tax benefits will materially increase within the next 12 months. Interest and penalties related to uncertain tax positions, if any, would be recognized in the consolidated financial statements as income tax expense.</p>

Form and Line Reference	Explanation
Part I, Line 3c	In addition to using the federal poverty guidelines to determine free and discounted care (see Part I, Lines 3a and 3b), the Hospital System offers a 35% discount for patients who are uninsured. A 10% prompt payment discount is offered to all self-pay or self-pay-after-insurance patients who pay the balance at one time. Medical indigency adjustments are available to those that meet the established guidelines. The Hospital will provide free care for patients with a signed charity care application who have income between 0 - 299% of FPG. If a signed charity care application is not obtained, after 120 days of collection efforts, the Hospital will use the Health Care Advisory Board's self-pay compass program to automatically qualify patients for charity care through the use of an electronic scoring technique. The Hospital will provide free care for patients who have income of 350% and below of FPG as determined by the self-pay compass program. The Hospital will provide a 90% discount for patients with a signed charity care application who have income between 300 - 399% of FPG. If a signed charity care application is not obtained, the Hospital will not provide discounted care.
Part I, Line 6a	The Organization's community benefit report is made available through its corporate parent, CareAlliance Health Services d/b/a Roper St. Francis Healthcare.

Form and Line Reference	Explanation
Part II, Community Building Activities	Collaborative partnerships with community groups to improve community health
Part III, Line 2	Estimated bad debt expense is based on the historical collection rate for patients without insurance and for the patient balance once insurance has settled the account. Bad debt expense does not take include discounts to patients without insurance.

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Part III, Line 3	For patients who do not turn in a signed charity care application, after 120 days of collection efforts, RSFH uses the Health Care Advisory Board's self pay compass program to automatically qualify patients for charity care through the use of an electronic scoring technique. The data received through this software is believed to err on the side of denying charity. The estimate of bad debt that could have been charity is based on the system error rate. Please note that patients who complete a full charity care application and qualify for charity under our policy are granted charity regardless of the score in the self-pay compass system.
Part III, Line 4	From the consolidated audited financial statements of CareAlliance Health Services (d/b/a Roper St Francis Healthcare) which includes the activity of Roper Hospital, Inc. The process of estimating the allowance for doubtful accounts requires CareAlliance to estimate the collectibility of patient accounts receivable, which is primarily based on collection history, adjusted for expected recoveries. CareAlliance collects substantially all of its third-party insured receivables, which include receivables from governmental agencies. Collections are impacted by the economic ability of patients to pay and the effectiveness of collection efforts. Significant changes in payor mix, business office operations, economic conditions, or trends in federal and state governmental healthcare coverage could affect the collection of accounts receivable. CareAlliance also continually reviews overall reserve adequacy by monitoring historical cash collections as a percentage of trailing net revenue, as well as by analyzing current-period gross revenue and admissions by payor classification, aged accounts receivable by payor, and days revenue outstanding.

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Part III, Line 8	<p>The entire amount of Medicare shortfall qualifies as community benefit. Our treatment of Medicare patients, as described in IRS Rev. Rul. 69-545, indicates that Roper Hospital operates to promote the health of the community. By taking Medicare patients, the Hospital promotes access to healthcare services, which is a community benefit. The Organization uses the Medicare cost report to determine the costs reported on Part III, Line 5 and 6. Had we included revenues and costs from all Medicare programs including Medicare Part C this would have resulted in an additional shortfall of \$11,983,501.</p>
Part III, Line 9b	<p>The Hospital uses the Health Care Advisory Board's self-pay compassion program to identify a patient's propensity to pay. Accounts with an FPL of 350% and below will be identified once the self-pay AR billing process has been completed and prior to the account being referred to a collection agency. Accounts with FPL of 350% and below will be given a charity adjustment. Once an account has been referred to bad debt, the Organization will make every effort to ensure that all self-pay collectors demonstrate consistent, compassionate, and professional service while conducting business on behalf of the health system. This will include, but is not limited to, guarantor notification and contact/collection attempts, discount opportunities, payment plan arrangements, account balance notifications, face-to-face meetings, and detailed bill generation. An outsourced self-pay billing agency will contact the guarantor to set up payment arrangements. Financial assistance discounts are offered to guarantors who meet the charity guidelines. Self-pay patients receive a 35% discount off total charges. They are also eligible for a 10% prompt payment discount if they pay the balance during the discussion. Discounts may be combined if all requirements are met. In pursuit of collections, the hospital and its agents will not attach liens on property, garnish wages, pursue legal actions (unless recommended by the self-pay billing entities), sell accounts, or send bankrupt guarantors to collection agencies.</p>

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Part VI, Line 2	<p>The Community Needs Assessment Team used the 12 topic areas highlighted within the Healthy People 2020 framework to guide the discussion and research for the 2016 community health needs assessment. Healthy People 2020 is consistently recognized as a national benchmark for healthcare goals and standards. The 12 topic areas include Access to Public Health, Clinical Preventative Services, Environmental Quality, Injury and Violence, Maternal, Infant, and Child Health, Mental Health, Nutritional, Physical Activity and Obesity, Oral Health, Reproduction and Sexual Health, Social Determinants, Substance Abuse, and Tobacco. We used the following secondary sources in the data assessment process to provide a framework and foundation for subsequent primary data collection and analysis as it relates to our community: Nielson Claritas, 2016 County Health Rankings, Health Indicators Warehouse, The Advisory Board Company, Kids Count Data Center, Truven Health Analytics, and the USDA. Data from these sources was used to identify at-risk populations, underserved populations, health need areas, and professional shortage areas. In addition, the Community Needs Assessment Team entered into dialogue with community leaders, key hospital administrators, physicians, those with knowledge/expertise in public health, and those serving underserved and chronic disease populations. Collection and analysis of results from the CHNA data assessment, survey, interviews, and focus groups provided a strong foundation for identifying health needs and service gaps.</p>
Part VI, Line 3	<p>The Hospital shall send anyone who requests information on the Hospital's financial assistance program a letter outlining required information and a financial assistance application form. Requests for financial assistance may be proposed by sources other than the patient, such as the patient's physician, family members, social service organizations, community or religious groups, or hospital personnel. Statements to patients from the Hospital outline our charity care policy and our charity care policy is posted on our website. If patients indicate they are not able to pay their bill, we will provide the patient with a charity care application. Patients can also meet with a member of our financial counseling department to learn about their financial assistance options. Brochures are printed in English and Spanish telling patients to contact the financial counseling department. The Hospital wants its patients' focus to be on health and recovery and not financial worry. There is absolutely no additional cost for our financial counseling assistance. Additionally, patients can meet with staff of the Medicaid program. The program staff will meet with patients individually to help them apply for publicly supported programs such as Medicaid, Medicare, and disability. Counselors meet with patients in the hospital as well as making home visits as appropriate. The staff can also help identify resources to help pay for medication. All of this information is posted on our website with the appropriate contact information.</p>

Form and Line Reference	Explanation
Part VI, Line 4	<p>The System's primary service area consists of Charleston, Berkeley, and Dorchester counties, and includes the major municipalities of Charleston, North Charleston, Mount Pleasant, and Summerville. Approximately 768,000 residents live within the primary service area, based on Esri estimates for 2017. According to Esri's forecasts, population in the primary service area is projected to grow 10.3% between 2017 and 2022. The 2017 - 2022 population growth rate is projected to be 1.98% annually compared to 2.01% for the period 2010 - 2017. In 2017, 11.5% of households within the primary service area had income less than \$15,000, 10% had income between \$15,000 and \$25,000, 23% had income between \$25,000 and \$50,000, 20% between \$50,000 and \$75,000, 13% between \$75,000 and \$100,000, and 23% above \$100,000. Within the primary service area, poverty continues to be an issue. According to the US Census Bureau's 2016 Small Area Health Insurance Estimates (SAHIE), an estimated 11.6% of Tri-county residents lack health insurance. This is higher than the national average of 10.4%. The US Department of Health and Human Services designated 6 medically underserved areas and 1 medically underserved population within our primary service area. From December 2016 to December 2017, the unemployment rate in the primary service area decreased from 4.6% to 3.6% and dropped below the national average rate of 4.1%. The secondary service area includes Colleton, Orangeburg, Georgetown, Hampton, Beaufort, Williamsburg, and Horry counties. In addition to the system's facilities, there are four other non-military hospitals in the primary service area.</p>
Part VI, Line 5	<p>In keeping with our mission of healing all people with compassion, faith, and excellence, Roper St. Francis Healthcare strives to enrich the health of our community. We do this by offering charity care to those in need, reaching out to our neighbors with health fairs and educational materials, sponsoring organizations and events that promote wellness and community well-being, and marshalling our resources to advance the health and dignity of each person with whom we come in contact. We are the lowcountry's only non-governmental, not for profit healthcare system. With this distinction, we believe it is our responsibility to advocate for and respond to our neighbors' needs through community benefit. Surplus funds are returned to our community through the development of new facilities to serve population growth, the expansion of existing facilities, subsidizing care for those who are unable to pay, sponsorship of healthcare related activities including outreach clinics and programs for the uninsured, and investing in technology to improve the quality of patient care. The Organization is committed to the enrichment of healthcare in our community as evidenced by the composition of our Board of Directors and Open Medical Staff. Our governing body is comprised of a 13-member Board of Directors. At least nine directors must have their primary residence in a community served by the system. Five directors must be physicians actively engaged in the full-time practice of medicine. The Hospital extends medical staff privileges to all qualified physicians in the area for most of our departments.</p>

Roper Hospital	Part V, Section B, Line 6b See response above to question 6a
Roper Hospital	Part V, Section B, Line 11 Roper St Francis used the Healthy People 2020 rankings reported in the survey and qualitative data collection methods to establish its current priorities To ensure the priorities selected were strategically aligned with Roper St Francis' mission and vision, priority was determined based on the system's ability to impact an identified need to the significance of the need in the community As part of the prioritization process, Roper St Francis Healthcare conducted an inventory of existing system-based outreach programs, community partnerships, and other collaborative resources that currently address each of the priority areas After examining the range of services currently available, the expertise, outreach, and capacity of the RSFH System, and the resources available to best address needs through other community organizations, Roper St Francis Healthcare senior leadership chose the following 5 issues as priorities to implement for its current CHNA Access to Care, Clinical Preventive Services, Mental Health, Obesity/Nutrition/Physical Activity, Social Determinants, and Maternal, Infant, and Child Health For the Healthy People 2020 topics that were not identified through the CHNA as strategic priority areas of need (Injury and Violence, Substance Abuse, Environmental Quality, Oral Health, Sexual Health, Tobacco Use), Roper St Francis Healthcare is committed to providing support and collaboratively working with local partners, new and existing, to ensure these needs are acknowledged The Roper St Francis Community Needs Assessment Team developed implementation strategies for each health issue identified as a strategic priority This implementation plan will be rolled out over the next 3 years Strategies are to be clearly defined with a matrix of which areas each RSFH hospital will address Some strategies may be addressed by more than one RSFH hospital or the system as a whole The team will develop a monitoring method at the conclusion of the implementation planning process to provide status updates to community partners, stakeholders, and the community-at-large

Return Reference	Explanation
Part I, Line 3	A related organization of Roper Hospital, Inc. determined the compensation of the Organization's CEO using the following methods: - Compensation Committee - Independent Compensation Consultant - Compensation Survey or Study - Approval by the Board or Compensation Committee
Part I, Lines 4a-b	Matthew Severance - \$116,064 Steven Shapiro - \$137,843 Part I, Line 4b The Roper St. Francis Healthcare 457(f) Plan's purpose is to offer eligible employees of the employer deferred compensation benefits to supplement Eligible Employees' retirement income. The Plan is intended to be a top-hat plan (i.e., an unfunded deferred compensation plan maintained for certain members of a select group of management or highly compensated employees). The Vice Presidents, CFO, and CEO participate in the 457(f) Plan. The following participants received compensation through a 457(f) Plan: Bret Johnson - \$101,060 (from a related organization); Greg Edwards - \$23,380 (from a related organization); Matt Severance - \$35,930 (from a related organization); Allen Carroll - \$28,255 (from a related organization); Mark Dickson - \$11,139 (from a related organization); Pennie Peralta - \$13,201 (from a related organization); Carolyn Donohue - \$12,413 (from a related organization); John Sullivan - \$148,871 (from a related organization).
Part I, Line 6	Goals are developed each year to support the Organization's strategic initiatives for people, quality, financial, growth and service. The Ad Hoc Compensation Committee approves the system goals annually and reports to the full Board of Directors. Progress on each metric is reported to the Board each month on the corporate scorecard. At year end, the Ad Hoc Compensation Committee approves the final scorecard number and reports results to the full Board. Annual incentives for the executives are based on 60% on the corporate scorecard and 40% on individual performance. Executives maintain an individual scorecard on the leader evaluation manager and discuss results monthly with the President/CEO. The President/CEO approves the individual executive scorecard. System Vice Presidents and the System CEO are eligible to participate in a long term incentive plan (LTIP). An LTIP typically takes place over a three year period and does not vest until the end of the third year. To receive payment, executives must still be employed by the system at the end of the plan period. Each LTIP has a financial and clinical objective that is aligned with the Organization's strategic goals. Threshold, target, and maximum performance ranges are established for these objectives and are measured based on performance against similar organizations or compared to an internal metric such as an improvement over prior performance. These targets and objectives are approved by the Ad Hoc Compensation Committee. The incentive is earned based on the satisfaction of the threshold, target, or maximum performance ranges. The Ad Hoc Compensation Committee also approves the final LTIP performance score and the amount paid to executives under the plan. Results are reported to the full Board annually.
Part I, Line 7	See the response to Line 6 above.
Form 990, Part I, Line 7	Carolinas Healthcare System (CHS), an unrelated organization, provides the compensation of Lorraine Lutton, President and CEO, Bret Johnson, SVP & CFO, David Dunlap, Former President and CEO, and John Sullivan, Former CEO Mt. Pleasant Hospital. These individuals are employees of CHS and their compensation is paid by CareAlliance Health Services, a related organization, through a management fee to CHS. Additional information: CareAlliance Health Services has board representations from the 3 founding organizations: The Medical Society of SC (6 board members), Bon-Secours Health System, Inc. (6 board members), and Carolinas Healthcare System (1 board member). None of the 13 appointed board members receive compensation for their membership. Additionally, 4 of the 6 board members appointed by the Medical Society of South Carolina also serve on the Board of the Medical Society. None receive compensation for their services as a board member. It is the founding members' intent that the members of the Board of Directors are appointed to such positions because they have a willingness to serve the needs of the system as a whole and not the needs of any individual founding member.

Subject to certain nominating and governance committee approvals, six directors are appointed by the Medical Society of South Carolina (MSSC), Bon Secours Health System, Inc. (BSHSI), and one director is appointed by Carolinas Healthcare System (CHS). 990 Schedule O, Supplemental Information

Return Reference	Explanation
Form 990, Part VI, Section B, line 15	<p>An independent company, Towers Watson, provides research, advice and guidance to the Compensation Committee and senior leadership to ensure the Organization's compensation programs for executives covered by the "Intermediate Sanctions Legislation" (IRC Section 4958) are aligned with its stated philosophy. Base salaries are targeted at the 50th percentile of the established comparator market, Total cash compensation (base salary plus annual incentive payments) are targeted at the 75th percentile of the established comparator market, Total direct compensation (total cash compensation plus long term incentive payments) will not exceed the 90th percentile of the established comparator market, Benefits are targeted at market median, and In aggregate, base salary, total cash compensation, total direct compensation and benefits comprise total compensation for executives. The Compensation Committee ensures that executive total compensation is reflective of the Organization's stated compensation philosophy. The Committee, in this process, authorizes and supports an annual three step process utilizing Towers Watson's resources:</p> <ol style="list-style-type: none"> 1) Salary levels, annual bonus targets/payments and long term incentive grants are compared rigorously each year with market data based on comparable positions and organizations. A. Comparable organizations are typically not-for-profit healthcare systems with similar operating revenues. Private sector employer data, when available, are also included in the analysis for "transferable skills positions". B. Historically, performance incentive payouts generally track with a normal bonus payout distribution. Incentive goals are primarily based on formally defined quantitative goals approved by the ad hoc Compensation Committee of the RSFH Board of Directors. 2) All recommended pay decisions are tested against these data and the Organization's stated compensation philosophy. 3) A formal opinion letter is prepared by Towers Watson, representing that senior executives are compensated within the reasonableness standards mandated by the IRS. A similar process is performed by Towers Watson for the CEO and CFO positions. This letter provides a "safe harbor" for the organization's "directors" relative to the reasonableness of total executive compensation consistent with IRC Section 4958.
