Name: St Dominic - Jackson Memorial Hospital

Form 990 (2017)

Form 990, Part III, Line 4a:

St. Dominic Hospital is a 571-bed acute care facility in Jackson, MS. As part of its healing ministry, St. Dominic's is one of the largest employers in the area, and those employees, as well as hospital operations, significantly help to support the local economy. In 2017, St. Dominic Hospital provided over \$1 Billion (charges) in hospital services to patients throughout the central region of Mississippi, and employed over 3,200 people. St. Dominic Hospital's medical staff of nearly 500 leading physicians and specialists makes St. Dominic's one of the most comprehensive hospitals in Mississippi. These physicians and staff members have played an integral role in developing highly regarded clinical programs and services. Some of those key services include the Mississippi Heart and Vascular Institute, stroke services, women's services, behavioral health services, and the cancer center (and cancer services as a whole). MISSISSIPPI HEART AND VASCULAR INSTITUTE - In 1974, St. Dominic's established a center for comprehensive cardiac care. Then known as the Mississippi Heart Institute, the name has since been revised to Mississippi Heart and Vascular Institute (MHVI) to show St. Dominic's ongoing commitment to expertise and care of the entire circulatory system. Many of St. Dominic's heart and vascular physicians are nationally known for using the most advanced technology and procedures and for their clinical excellence in delivering patient care. Services offered range from minimally invasive cardiac treatments to traditional open-heart surgery to complicated and very specialized valve repairs. In 2017, heart and vascular service volumes continued to climb compared to prior years. Much of these increases can be attributed to St. Dominic's efforts to offer outreach services to the broader community. St. Dominic's Clinical Outreach, first established in 2013, provides screenings, specialty clinic hubs and other health services to individuals in both the Jackson area and in outlying communities. The program is made up of two parts: screenings, which encompasses the Healthy Heart screening program and community screening events, and outreach, which includes telemedicine and specialty clinics in rural areas. Patients who schedule an appointment with the Healthy Heart program receive a (hospital subsidized) heart risk assessment for \$99. Up to 18 patients a day can be seen at two locations. The Healthy Heart program staff conducted a total of 2,209 screenings in 2017, an increase of over 176 participants compared to the previous year. The Healthy Heart staff also participated in 20 health fairs and events throughout the year and came into contact with 1,923 people in the community through those events. Clinical outreach also aims to spread its ministry further by providing services to communities across the state to augment existing medical resources. In 2017, the program added one new specialty clinic hub site in Kosciusko in addition to its already existing sites located in Magee, Pelahatchie, Greenville, Cleveland, Brookhaven and Vicksburg. At these locations, neurology, cardiology and ear, nose and throat physicians see patients via face-to-face encounters once or twice each month, allowing patients to receive medical services without the need to travel to see a specialist. Three locations: Vicksburg, Brookhaven and Cleveland also offer tele-medicine clinics where physicians remain at St. Dominics and the patients remain in their local community to receive consultations and care. COMPRESHENSIVE STROKE CENTER- St. Dominics Comprehensive Stroke Center offers rapid diagnosis, high-tech intervention, expert care and intensive rehabilitation in a caring, compassionate setting. St. Dominics is capable of delivering the full spectrum of care to seriously ill patients with stroke and cerebrovascular disease. The chief component of the program is a highly collaborative, expertly-skilled team of clinical professionals who direct and provide evidence-based care for every stroke patient. The program provides care to the adult population of central Mississippi and outlying rural areas. In 2016, St. Dominics earned The Joint Commissions Gold Seal of Approval and the American Heart Association/American Stroke Association's Heart-Check mark for Advanced Certification for Comprehensive Stroke Centers. The Gold Seal of Approval and the Heart-Check mark represent symbols of quality from their respective organizations. To be eligible for this distinction, hospitals must demonstrate compliance with stroke-related standards as a Primary Stroke Center and meet additional requirements, including those related to advanced imaging capabilities, 24/7 availability of specialized treatments, and providing staff with the unique education and competencies to care for complex stroke patients. St. Dominics has worked to extend this expertise to areas outside of the Jackson area. St. Dominics tele-stroke network links seven hospitals in rural areas with stroke neurologists at St. Dominics who can provide specialized, urgent care for those suspected of having a stroke. In 2017, St. Dominics treated 1,515 stroke patients, 2/3 of whom were transferred in from outlying, rural hospitals. WOMEN'S SERVICES- St. Dominic's maternal and newborn care center emphasizes a team approach to care with physicians, nurses and educators working together to meet the total needs of the patient and the entire family. St. Dominic's offers services and programs not only during a patient's hospital stay, but also classes and resources to assist with the family transition long before and long after the birth of a baby. Services include prenatal care, labor and delivery, newborn care, digital mammography, wellness checks, lactation consultations, gynecological surgeries and a wide array of classes. In 2017, St. Dominic's women's services worked with families to deliver 1,429 babies. Of those only a small fraction were low birth weight, which can be partially attributed to prenatal care efforts. BEHAVIORAL HEALTH SERVICES- For St. Dominics, the treatment of behavioral health conditions has been a priority since the inception of its behavioral health program. St. Dominics Behavioral Health Services provides quality and compassionate treatment to adult individuals and their families suffering from mental illness. Board certified psychiatrists, social workers and other therapists work together within a multi-disciplinary team to meet the individualized needs of each patient. One of the specialty psychiatric units at St. Dominic's, The Oakes, is a geriatric psychiatric unit that provides compassionate care for senior adult patients in a secure and therapeutic environment. The Oakes uses proven methods to help patients, such as social group interaction, reality orientation, sensory stimulation, recreation and self-expression. St. Dominic's behavioral health services facility completed in 2013 can accommodate patients in need of psychiatric inpatient services in the metro area. The two-story, state-of-the-art facility contains 78,000 square feet and 77 private rooms. Separate units within the facility have individual group meeting and dining areas. St. Dominics Behavioral Health Services frequently reaches out to the community to help individuals identify disorders and find help. In 2017, Behavioral Health Services provided screening materials to more than 1,000 people for anxiety and depression disorders throughout multiple community events. Also, more collaborative efforts and partnerships are being established within the community to develop a coordinated approach to addressing issues surrounding mental health in the community. Efforts to reduce the stigmas associated with mental health were also a focus in marketing and social media coverage during 2017. Participation in many community events in the Jackson and the surrounding area were completed to educate the public on mental illness. CANCER CENTER AND CANCER SERVICES- St. Dominics cancer services are a leader in community outreach and cancer education. The comprehensive program was recognized in 2015 with an Outstanding Achievement Award by the Commission on Cancer (CoC) of the American College of Surgeons. St. Dominics was the only hospital in the state of Mississippi to receive this award twice, and since then no other Mississippi has received this designation. In 2017, St. Dominics was recognized by Beckers Hospital Review as one of 100 hospitals and health systems in the nation with great oncology programs. According to Beckers Hospital Review, "Hospitals selected for this list lead the way in oncology expertise, outcomes, research and treatment options." An integral part of St. Dominics cancer services is the freestanding Cancer Center, which provides easy access to a large variety of services as well as convenient parking. Treatments at the center include medical cancer therapy, radiation therapy and lymphedema treatment. In 2017 alone, 25,613 radiatio

Form 990, Part III, Line 4b:

The Hospital is an active, caring member of the community it serves. In carrying out its healing ministry, the Board of Directors has established a policy under which the Hospital provides care to the needy members of its community. Following that policy, the Hospital maintains records to identify and monitor the level of charity care it provides. These records include the amount of charges foregone for services and supplies furnished under its charity care policies. The direct and indirect costs associated with these services cannot be identified to specific charity care patients. Therefore, management estimated the costs of these services by calculating a cost to gross charge ratio and multiplying it by the charges associated with services provided to patients meeting the Hospital's charity care guidelines. The estimated cost of charges foregone, based on the cost to charge ratio, was approximately \$15,752,000. The foregone charges are netted against patient service revenue to arrive at net patient service revenue as reflected as program service revenue on part VIII of form 990 in order to be consistent with financial statement reporting and are not reported as functional expenses on the form 990. The Hospital also provides health care services to a significant portion of the uninsured population in the surrounding community. While a portion of these patients may ultimately qualify for coverage under the Medicaid program or the charity care policy discussed above, the Hospital is unable to collect a significant portion of these accounts. Charges deemed uncollectible during 2017 were approximately \$26,567,000.

Form 990, Part III, Line 4c:

The Hospital serves the community in numerous ways. Some examples include assisting in educating the community regarding health-related issues. The Hospital participates in numerous health fairs and gives presentations to various schools and industries regarding such issues as drug abuse and safety in the workplace. The Hospital has sponsored annual cholesterol and cancer screenings upon which the tests are made available to the public for a nominal fee and the majority of the costs incurred are absorbed by the hospital. The Hospital also organizes employee participation in fundraising for organizations, such as the United Way, Stewpot Ministries and Junior Achievement, among others. In addition, the Hospital gave approximately \$718,000 during 2017 in charitable corporate donations to various area community service organizations. Although the Hospital has estimated the cost of each of these efforts to serve the Jackson, Mississippi metropolitan area, management and the Board of Directors believe that such costs represent only one facet of the many ways the Hospital serves the greater Jackson community. The above examples relate only to certain measureable benefits that the Hospital provides to its service area and is not intended to measure all such community benefits, many of which are intangible in nature or otherwise not quantifiable.

Form and Line Reference	Explanation
PART I, LINE 3C	St Dominic Hospital has a discount policy that is based on federal poverty guidelines with a sliding scale that offers discounts ranging from 20% to 100% In addition, St Dominic offers a 68% discount off gross charges to all uninsured patients
PART I, LINE 6A	The community benefit report for St Dominic Hospital is consolidated with the parent organization, St Dominic Health Services, Inc The report is available at https //www stdom com/about-us/community-benefit-and-needs/

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
PART I, LINE 7	St Dominic Hospital used a cost-to-charge ratio based on Worksheet 2 provided in the form 990, schedule H instructions
PART I, LINE 7, COLUMN (F)	The bad debt expense included on form 990, part IX, line 25(a) but subtracted for purposes of calculating the percentage in this column is \$26,565,658

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
PART I, LINE 7G	St Dominic Hospital did not include losses on its owned physician clinics as subsidized health services. In order to meet the needs of the community it serves, St Dominic continues its ministry in various service lines that are not profitable to the organization. Examples of these services include but are not limited to the emergency department and behavioral health services.
PART II	St Dominic Hospital provides significant support to its community through a variety of ways including free health screenings at local schools, participation in various non-profit boards as well as financial support through cash donations.

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
PART III, LINE 2	The amount reported in part III, line 2 as bad debt expense matches the amount of bad debt expense reported on the Hospital's audited financial statements
PART III, LINE 3	St Dominic Hospital frequently has patient accounts that are initially written off as a bad debt expense, but later (through a screening process) it is determined that the patient does qualify for financial assistance under the Hospital's financial assistance policy. The percentage of accounts is estimated to be 44 percent. The percentage is determined utilizing an internal report of accounts written off as a bad debt expense in one year and classified as charity in a subsequent year.

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
PART III, LINE 4	Patient accounts receivable are reduced by an allowance for doubtful accounts and reported at net realizable value. In evaluating the collectability of accounts receivable, the Hospital analyzes its historical experience and identifies trends for each of its major payer sources of revenue to estimate the appropriate allowance for doubtful accounts and provision for uncollectible accounts. Management regularly reviews data about these major payer sources of revenue in evaluating the sufficiency of the allowance for doubtful accounts. For receivables associated with services provided to patients who have third-party coverage, the Hospital analyzes contractually due amounts and provides an allowance for doubtful accounts and a provision for uncollectible accounts, if necessary (for example, for expected uncollectible deductibles and copayments on accounts for which the third-party payer has not yet paid, or for payers who are known to be having financial difficulties that make the realization of amounts due unlikely). For receivables associated with self-pay patients (which includes both patients without insurance and patients with deductible and copayment balances due for which third-party coverage exists for part of the bill), the Hospital records a provision for uncollectible accounts in the period of service on the basis of their past experience, which indicates that many patients are unable or unwilling to pay the portion of their bill for which they are financially responsible. The difference between the standard rates (or the discounted rates if negotiated) and the amounts actually collected after all reasonable collection efforts have been exhausted is charged off against the allowance for doubtful accounts. The Hospital's allowance for doubtful accounts for self-pay patients increased from 64% of self-pay accounts receivable at December 31, 2016, to 72% of self-pay accounts receivable at December 31, 2017. In addition, the Hospital's self-pay bad debt write-offs increased from approximately \$19,422,000 in 2016 to \$24,067,000 in 2017.
PART III, LINE 8	The shortfall should not be included in the community benefit total.

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
PART III, LINE 9B	St Dominic Hospital has a board approved collection policy and has written contracts in place with its collection agencies so the appropriate collection activities are followed. The collection agencies that St Dominic's uses are fully informed about the Hospital's financial aid policy and assist in educating its patients. They routinely send financial aid applications to patients and refer those patients back to the Hospital's financial counselors when appropriate.
PART VI, LINE 2	Needs assessment St Dominic Hospital assesses the community it serves through various sources which include: 1) analysis of the payor source and disease categories of patients treated at St Dominic Hospital with particular analysis done on patients presenting to its emergency department, 2) feedback from the board members who represent the community it serves, 3) requests made from the community, and 4) public health information.

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
PART VI, LINE 3	Patient education of eligibility for assistance St Dominic Hospital works to educate its patients and community on assistance options by 1-posting signage in the emergency room and other registration areas informing patients that financial assistance is available 2-providing brochures in the waiting rooms and at the registration desks that explain the billing and collection process as well as information about the Hospital's financial assistance policy and phone numbers to call for assistance 3-contracting and paying an agency to meet with all uninsured patients to assist them in applying for federal and state assistance (i e Medicaid, disability, etc) 4-providing financial counselors to meet with patients These counselors fully understand the Hospital's charity policy and are available to assist with the applications, set up interest free payment plans and offer advice on public assistance that may be available 5-staffing patient representatives to answer questions and assist patients as needed 6-educating the early-out and bad debt collection agencies on the Hospital's financial assistance policies so they can assist patients whom they find might have financial need
PART VI, LINE 4	Community information The community served by the hospital, including geographic and demographic areas, is addressed in the 2016-2018 community health needs assessment The CHNA can be accessed at https://www.stdom.com/about-us/community-benefit-and-needs/

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
PART VI, LINE 5	Promotion of community health Inspired by the teachings of Jesus Christ and the witness of our founding Dominican Sisters, we provide compassionate care and hope as a healing ministry of the Catholic Church St Dominics applies this mission by conducting needs assessments, publishing the results, establishing goals and strategies to help resolve identified issues and seeking opportunities to work with the community The Hospital involves members of its community in its governance so that it maintains the focus on the needs of its community The hospital has an open medical staff
PART VI, LINE 6	Affiliated health care system St Dominic Health Services, Inc is the parent organization of a system that includes St Dominic - Jackson Memorial Hospital (a 571-bed acute care facility), St Catherine's Village (a continuing care retirement community), St Dominic Health Services Foundation (a fundraising/grant focused entity), First Intermed Corporation (physician clinics) and St Dominic Madison Health Services, Inc (a medical office building and fitness center) In addition, St Dominic Health Services operates Community Health Services St Dominic, Inc , which incorporates the outreach services of The Club at St Dominic's, New Directions for over 55, St Dominic Community Health Clinic, Madison school nurse program and the Care-a-Van screening program As a whole, all of the services, entities and Hospital are collectively referred to as St Dominic's St Dominic's seeks to give time, talents, and resources to make the communities served by the organization better places to live The St Dominic's family of caregivers not only serves patients, but also contributes to an atmosphere of care and compassion for those outside the Hospital's walls St Dominic's strives to not only provide care for the sick but also to offer education and wellness services to improve the health status of the community and help eliminate risk factors for more serious health problems

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
PART VI, LINE 7	State filing of community benefit report St Dominic Hospital (consolidated with St Dominic Health Services, Inc) prepares annually a community benefit report which is distributed to key members of the local community and state government However, there are currently no requirements to do so in the State of Mississippi

PART V, SECTION B, LINE 5	As part of the community needs assessment, St Dominic Hospital reached out to an expansive and highly diverse group of individuals to participate in its Community Health Needs Assessment (CHNA) leadership team and to contribute insight from community service organizations. Each member provided project insight, feedback regarding perceptions of area health needs, data evaluation, and other guidance during the CHNA development process. These individuals offered a breadth of community health vision, knowledge, and power to impact the well-being of the service area. Information was gathered about the larger community using secondary research, discussion groups and community surveys.

Form and Line Reference	Explanation
PART V, SECTION B, LINE 11	In 2015 St. Dominics built upon what it learned in its prior CHNA and used that information to conduct a new and more extensive needs assessment. The results of the new assessment were later published in December of 2015 as the 2016/2018 Community Health Needs Assessment and can be found online at stdom.com/about-us/community-benefit-and-needs/. The overarching goal of both assessments was to identify and respond to community health needs, improve access and improve health status especially for the most vulnerable and underserved in the community. It is integral to St. Dominics focus to establish community and provide service, setting an example to others in community service. St. Dominic Hospitals overall approach to community benefit is to target the intersection of documented unmet community health needs and the organizations key strengths and mission commitments. Specifically, members of the task force that led the development of the assessment identified priority health issues in St. Dominics service area based on its review of demographic information, focus group feedback and the results of community surveys. Those identified pressing issues for 2016/2018 are - access to care, - behavioral health or mental health, - chronic disease care and screening (especially for heart disease, cancer, diabetes, stroke and obesity), - HIV prevention and treatment, and - managing the expected growth in senior health services. In 2017, as it did in prior years, St. Dominics integrated its commitment to community service into its management and governance structures as well as its strategic and operational plans. In 2017 the hospitals strategic plan contained a strategy specifically directed at allocating resources to meet the needs of the community in response to the identified focus areas in the needs assessment. The overarching strategy indicated, "Conduct a market analysis and create a long-term plan for addressing current and anticipated community needs in the primary service area." Following are ways in which that strategy was implemented as well as ways other identified needs were met in 2017. Access to Care - Added three care access points to the overall network, bringing the total up to 58 by the end of 2017. Early in the year St. Dominics tele-stroke services were launched at Delta Regional Medical Center in Greenville. Later clinical outreach began operating in Kosciusko with Premier Medical Group and a new family medicine site was added in Flowood. Access to Care/Senior Health Services - Served nearly 4,200 vulnerable children and mature adults throughout the state in 2017 through the Care-A-Van program. The mobile screening service hosted by St. Dominics traveled to schools to provide screening and educational programs. St. Dominics employees contributed approximately 600 volunteer hours to the service. Behavioral Health or Mental Health - Conducted screening or education events in communities throughout the state. At two events 700 people were

Over 1,500 community members attended these events throughout the year. Chronic Disease Care and Screening - Conducted screening or education events at local businesses. The events focused on heart and cancer screenings. In all, 1,487 community members attended education events and /or were screened at 20 separate events. HIV Prevention and Treatment - Initiated social service referrals from St. Dominics Community Health Clinic to the Mississippi Department of Health. In 2017 the Community Health Clinic had 13,162 patient visits. When appropriate, HIV prevention was discussed with patients. For testing, the clinic has partnered with the Mississippi Department of Health. Every other month a bus comes to the clinic to transport individuals who may have a need to the Department of Health for HIV testing.

990 Schedule O, Supplemental Information

Return Reference	Explanation
FORM 990, PART VI, SECTION B, LINE 15	The executive compensation committee of the board of St. Dominic Health Services administers the organization's executive compensation program. The executive compensation committee is responsible for establishing and maintaining a competitive compensation program for the key executives of the organization. The executive compensation committee meets as needed to review the compensation program and make recommendations for any changes as appropriate. The executive compensation committee commissions an annual review by an independent consulting firm to evaluate the organization's executive compensation program against the competitive market. The evaluation is reviewed in the first quarter of each year and is intended to ensure that the compensation program falls within a reasonable range of competitive practices for comparable positions among similarly situated organizations as described in section 4958 of the internal revenue code. Following this review, the committee reviews and approves, for selected key executives, base salary and total compensation ranges for the upcoming year. The executive compensation committee maintains minutes and records to ensure that it can claim the rebuttable presumption of reasonable compensation for purposes of section 4958. The President for the Hospital assigns pay changes for the upcoming year for each of the Hospital executives within the limits established by the executive compensation committee. The President of St. Dominic Health Services, Inc., in conjunction with the Chair of St. Dominic-Jackson Memorial Hospital Board of Directors, assigns the pay change for the President (chief executive officer) of St. Dominic-Jackson Memorial Hospital within the limits established by the executive compensation committee. Key executives of the organization may attend the committee meeting of the executive compensation committee to provide the information needed by such committee. These executives are excused and the executive compensation committee meets in executive session to render its recommendations.
