Form 990 (2017)

Form 990, Part III, Line 4a:

Feather River Hospital provides quality medical health care regardless of race, creed, sex, national origin, handicap, age, or ability to pay. Although reimbursement for services rendered is critical to the operation and stability of Feather River Hospital, the organization recognizes that not all individuals possess the ability to pay for essential medical services Adventist Health's vision is to enhance the health of the communities where we live and serve, by engaging our communities and our patients in a new definition of a partnership for personal community health. In keeping with this commitment to serve all members of the community, the following will be considered when individuals who need health care cannot pay providing free care and/or subsidized careproviding care to persons covered by governmental programs at below costproviding health/wellness activities and community education programsNot only does Feather River Hospital provide low-cost care to individuals covered by government programs and those unable to afford health care, but it also helps patients find and access private and governmental resources for health care benefits. Feather River Hospital recognizes below-cost reimbursement as charity and uncompensated care in meeting its mission to the entire community. The unreimbursed value of providing care to these patients in 2017 was \$32,971,415 The following statistics related to patient services are available for tax year 2017 Clinic visits - 1,218,752Ancillary visits - 126,907General admissions - 4,831Emergency room visits - 28,190Emergency room admissions - 3,410Surgery cases (inpatient & outpatient) - 3,200Deliveries - 803Number of patient days - 17,906GMLOS (Geometric Mean Length of Stay) - 16,081Discharges - 4,822 Feather River Hospital recognizes it has an obligation to provide human services above and beyond its role as a healing facility. Part I, Line 7 - Explanation of Costing Methodology	The costs were determined by using a cost-to-charge ratio. The cost-to-charge computation is based on hospital specific data included in the system-wide audited combined financial statements. The formula used for computation equals financial statement data labeled as follows. Total expenses - (Provision for bad debts + Other revenue + Interest income)/Gross patient chargesFeather River Hospital is located in a medically underserved area and participates in a quality assurance fee program with the State of California to fund certain Medi-Cal coverage expansions. The state redistributes funds to hospitals that provide patient care to a higher proportion of indigent and medically underprivileged patients, who otherwise would most likely not have access to physicians and other medical services. The community benefit analysis includes receipts from this redistribution that are used to assist in partially offsetting the significant costs associated with providing patient care to this population group. The program may or may not continue in the future based on the State of California's regulations and policies and the approval of the federal government.

Form and Line Reference	Explanation
Part III, Line 8 - Explanation Of Shortfall As Community Benefit	The Medicare cost report apportions the hospitals costs on the basis of inpatient days and ancillary and outpatient charges to establish the costing methodology Healthcare delivery by hospitals is a complex, highly regulated business in the United States. Healthcare unit cost inflation is driven by compliance with ever-expanding regulatory requirements, shortages of highly skilled labor and evolving medical and information technology. The health care market basket is unrelated to that of the average individual consumer. Since the 1997 Balanced Budget Act, Medicare annual payment updates have fallen behind actual healthcare cost inflation to the point that Medicare payments to many U.S. hospitals are well below the cost of providing care. These unreimbursed costs are a community benefit for seniors and others in the community as these individuals are continuing to receive care without which many would become dependent on other governmental resources such as Medicaid. The benefit to the community for healthier Medicare recipients is no different than those benefits the community realizes for uninsured and underinsured patients who are eligible for partial and full charity care. Medicare is a safety net for seniors and others. Without Medicare coverage, many individuals would undoubtedly qualify for charity care. In addition to the mismatch between Medicare payment increases and healthcare cost inflation, the highly complex Medicare payment systems and formulas produce disparate payment levels from one hospital to another for the same service. These disparate payment levels create disparate results within groups of hospitals Reconciliation of Medicare Revenue from the hospital's Medicare Cost Report Revenue 68,831,167 Prior Year Settlements 387,554 Cost Report Reimbursable Bad Debts 757,830 Estimates and Accrual Variances (387,431) Other 213.634 Subtotal - Amount reported in Pt III. Collection Practices For Qualified	When a patient has requested screening for charity care, the hospital must immediately cease collection activity and place the account in a charity pending status. If 100% charity is approved, the entire account balance is written off to charity care. If the patient has a sliding scale liability based on the federal poverty.

guidelines, they are billed only for that liability. If the patient fails to pay their after-charity liability, they are assigned to a collection agency with an identifier that indicates to the agency that the patient is "low income" and the following criteria must be followed by the agency 1. They may not report the patient to a credit bureau2. They may not file a lawsuit to recover the outstanding liability3. They may not charge interest.

Community Health V C E F F S S F S S T C C C C C C C C C C C C	Feather River Hospital's mission is Living Gods love by inspiring health, wholeness and ho pe. We have been serving our communities healthcare needs since 1961. Our community benefit twork is rooted deep within our mission and service. We have also incorporated our community benefit work to be an integral component of imp roving the triple aim. The Triple Aim concept broadly known and accepted within health care includes 1) Improve the experience of care for our residents 2) Improve the health of populations 3) Reduce the per capita costs of health care Our strategic investments in our community are focused on a more planned, proactive approach to community health. The basic issue of good stewardship is making optimal use of limited charitable funds. Defaulting to charity care in our emergency rooms for the most vulnerable is not consistent with our mission. An upstream and more proactive and strategic allocation of resources enables us to help low income populations avoid preventable pain and suffering, in turn allowing the real llocation of funds to serve an increasing number of people experiencing health disparities. Hospitals and health systems are facing continuous challenges during this historic shift in our health system. Given todays state of health, where cost and heartache is soaning, in ow more than ever, we believe we can do something to change this. These challenges include a paradigm shift in how hospitals and health systems are positioning themselves and their strategies for success in a new payment environment. This will impact everyone in a community and will require shared responsibility among all stakeholders As hospitals move towar of population health management, community health interventions are a key element in achieving the overall goals of reducing the overall cost of health care, improving the health of the population, and improving access to affordable health services for the community both in outpatient and community settings. The key factor in improving quality and efficiency of th

The preselected populations included African Americans, Head Start parents, senior citizens, Alternative Custody participants, migrant workers, Hmong, recipients of mental health services, and the homeless. Other participants included the Tobacco Prevention Coalition and members of the Working Group. This approach ensured we heard from hard to reach populations whose needs and concerns might be unique Focused conversations were facilitated by Working Group members who had receivedfacilitation training to ensure consistency of results. The agendas and materials were universal for all groups. There were 113 community members who participated, with an average group size of 12 A Community Health Survey was developed to gain insight into issues that affect the health of those living and working in Butte County. The survey consisted of questions. Participation in the survey was voluntary, and care was taken to ensure that respondents answers were confidential in accordance with laws pertaining to privacy of personal and protected health information. The survey was made available in English, Spanish, and Hmong, and in both paper and electronic formats for each language. The paper survey was distributed at key locations in the community including libraries, churches, post offices and community events.
