Supplemental Information

Return Reference	Explanation
PART X, LINE 2 - FIN 48 FOOTNOTE	Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the organization and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Management has evaluated the tax positions taken by the Fund and concluded that as of December 31, 2017 there are no uncertain positions taken or expected to be taken that would require recognition of a liability in the financial statements. The Fund is subject to routine audits by taxing jurisdictions, however, there are currently no audits in progress. In addition, there have been no tax related interest or penalties for the periods presented in these financial statements.
