Return Reference	Explanation
Part X FIN48 Footnote	The Association has adopted the authoritative guidance relating to accounting for uncertainty in income taxes included in ASC Topic Income Taxes. These provisions provide consistent guidance for the accounting for uncertainty in income taxes recognized in an entity's financial statements and prescribe a threshold of more likely than not for recognition and de-recognition of tax positions taken or expected to be taken in a tax return. The Association performed an evaluation of uncertain tax positions for the year ended April 30, 2018, and determined that there were no material matters that would require recognition in the financial statements or that may have an effect on its tax-exempt status. As of April 30, 2018, the statute of limitations for tax years 2015, 2016 and 2017 remains open with the Internal Revenue Service. It is the Association's policy to recognize interest and/or penalties related to uncertain tax positions, if any, in income tax expense.
