PART X, LINE 2	Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the School and recognize a tax liability (or asset) if the School has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Management has analyzed the tax positions taken by the School, and has concluded that as of June 30, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The School files tax returns in the U.S. federal jurisdiction, as well as the state of New Jersey and has no income tax related penalties and interest for periods presented in these financial statements. Should any such penalties and interest be incurred, the School's policy would be to recognize them as operating expenses. In the normal course of business, the School is subject to examination by taxing authorities. As of June 30, 2018 and through the date of this report there are no on-going audits or unresolved disputes with the various tax authorities that the School files with. As of June 30, 2018, the School had no unrecognized tax benefits.
