**Part III Statement of Program Service Accomplishments**Check if Schedule O contains a response or note to any line in this Part III ☐**1** Briefly describe the organization's mission

Moravian College's revolutionary experience is focused on creating a community of learners where students work closely with professors to develop the skills and habits of the liberal arts and integrate them into professional careers through experiential learning. By focusing on the skills of communication, analysis, teamwork and leadership, ethical reasoning, global awareness and critical thinking, Moravian College prepares students with the transferable skills needed for any career. A Moravian education is unique in its use of history, skill of reflectivity and its encouragement to be producers. The founders of Moravian College were producers as well as educators, so a Moravian education focuses on the production of new knowledge, music, literature, art and technology. Students put all these skills into practice through undergraduate research, study abroad, internships, co-ops, certificates and first professional graduate degrees.
