990 Schedule O, Supplemental Information

Return Reference	Explanation
FORM 990, PART III, LINES 4A, 4B & 4C	LINE 4A The Behavioral Health Services and Adolescent Substance Abuse Programs are designed to provide community-based services for children with complex behavioral health and substance abuse problems. The Behavioral Health Services also provide community based services for adults with behavioral health needs as well. Without these intensive, community-based therapeutic services, these children would remain at high-risk for placement in hospitals or other psychiatric institutions, long term residential treatment, and/or out-of-home-care (foster care). Empirical research indicates that in-home interventions are the most effective treatment modalities for safely keeping at-risk families together. Interventions are provided in the home - the location where long-term change must occur. Professional staff use evidence-based practices such as Trauma Focused Cognitive Behavioral Therapy (TF-CBT), Motivational Interviewing (MI), Child Adult Relationship Enhancement (CARE) Skills, Dialectical Behavior Therapy (DBT), Managing & Adapting Practice (MAP), Family Behavior Therapy (FBT), Solution Based Casework (SBC) and Trauma Systems Therapy (TST). Approximately 12,000 unique individuals were strengthened through KVCs intensive in-home services (BHS, AODE, Family Preservation, Diversion, and KSTEP Services combined) in FY18. Successful outcomes are made possible across all programs because KVC consistently invests in its workforce by providing intensive supervision, training, professional development and wellness programming. LINE 4B More than 6,000 children in 2,504 families were served by Family Preservation and Reunification services across the 8 service regions in FY18. Family Preservation Program services are intensive, short-term, crisis intervention resources that intervene quickly for children at risk of out-of-home placement and in situations in which these services afford effective protection of children, youth, families and the community. The Family Preservation Program strives to safely maintain children in their homes, prevent unnecessary placements, and facilitate the safe and timely return of children removed from the home. KSTEP Services KVC began implementation of Kentucky Strengthening Ties and Empowering Parents (KSTEP) services in two pilot counties in the Northeastern DCBS Region with the plan to add three more counties to the pilot in FY19. KSTEP services are specifically focused on families at risk for removal of the children due to substance use and reunification of children into the home following removal for substance use. In FY18, KVC provided KSTEP services to 62 families. Diversion Services KVC believes in serving children in the least restrictive environments possible. Diversion Services are designed to divert children ages 5-17 from out-of-home care and/or reunify children from out-of-home placement. Diversion Services are provided to families and children to stabilize the family system with the goal of diverting children from
