Form and Line Reference	Explanation
Schedule H, Part III, Line 3 Bad Debt Expense Methodology	WE OBTAIN THIS FIGURE BY FIRST CALCULATING THE PERCENTAGE OF PATIENTS APPROVED FOR FINANCIAL ASSISTANCE WE THEN APPLY THIS PERCENTAGE TO ALL PATIENTS THAT WERE NOT SCREENED BY OUR FINANCIAL ASSISTANCE SOFTWARE
Schedule H, Part III, Line 4 Bad debt expense - financial statement footnote	The Corporation evaluates the collectability of its patient accounts receivable based on the length of time that the receivable is outstanding, payor class, and the anticipated future uncollectable amounts based on historical experience. Patient accounts receivable are charged to the allowance for doubtful accounts when they are deemed uncollectable. Patient service revenue is reduced by the provision for bad debts, and patient accounts receivable are reduced by an allowance for doubtful accounts. These amounts are based on management's assessment of historical and expected net collections for each major payor source, considering business and economic conditions, trends in health care coverage, and other collection indicators. Management regularly reviews data about these major payor sources of revenue in evaluating the sufficiency of the allowance for doubtful accounts. On the basis of historical experience, a significant portion of the Corporation's uninsured patients will be unable or unwilling to pay for the services provided. Thus, the Corporation records a significant provision for bad debts in the period services are provided related to self-pay patients, including both uninsured patients and patients with deductible and co-payment balances due for which third-party coverage exists for a portion of their balance. For receivables associated with patients who have third-party coverage, the Corporation analyzes contractually due amounts and provides an allowance for doubtful accounts and a provision for bad debts, if necessary. Accounts receivable are written off after collection efforts have been followed in accordance with the Corporation's policies. The Corporation's allowances for doubtful accounts were 29% and 25% of total accounts receivable at June 30, 2018 and 2017, respectively. The Corporation's allowance for doubtful accounts covered 72% and 68% of self-pay accounts receivable at June 30, 2018 and 2017, respectively. The Corporation's write-offs to the allowances for doubtful accounts were \$71,702 and \$34,717 for the fiscal years ended June 30, 2018 and 2017, respectively.

Schedule H, Part VI, Line 5 Promotion of community health	The majority of EEH's governing body is comprised of persons who reside in the primary service area and are neither employees nor independent contractors of the organization, nor family members thereof. The organization extends medical staff privileges to all qualified physicians in its community for all departments. As a Not-For-Profit Organization, EEH re-invests earnings in the organization to maintain and enhance services that benefit the community served by the hospitals. The organization develops and updates a strategic plan on a regular basis to identify needs and opportunities to deploy excess funds (revenue in excess of expenditures). Projects are evaluated based on organizational objectives and community needs, and are prioritized by senior management and the board of trustees. Edward-Elmhurst Health actively promotes the health of its community by integrating community benefit planning into its strategic planning process, which ensures resources are allocated to supporting activities. EEH identified five primary areas of strategic focus to support the health of its community in its FY17-FY19 strategic planning process: - Access to Health Services - Obesity/Diabetes/Nutrition/Physical Activity - Heart Disease and Stroke - Cancer - Mental Health and Substance Abuse The following strategies were set for each priority area beginning FY 2017: - Edward-Elmhurst Health Implementation Strategy: Access to Healthcare Services * Reduce financial barriers to access * Facilitate access to primary care providers and address key specialty gaps * Reduce patient out-of-pocket costs by providing cost effective alternatives to Emergency Departments * Reduce the transportation barrier * Address the needs of special populations - Obesity/Diabetes/Nutrition/Physical Activity * Leverage community partnerships to impact adult/pediatric obesity trends * Continue to grow EEH weight management and nutritional programming * Enhance education and programming to develop robust physical activity and nutritional resources * Refine and expand programming targeted at EEH employees - Heart Disease and Stroke * Continue to offer heart and stroke screenings * Continue to promote community education and tools to prevent and manage risk factors * Increase awareness of early stroke and heart attack symptoms and available treatments - Cancer * Reduce barriers inhibiting colorectal screening and prevention * Enhance education and programming to reduce risk factors and promote screenings for lung cancer - Mental Health and Substance Abuse * Promote community awareness, resources and tools to prevent and manage all cancers and promote healthy lifestyle/habits * Focused efforts on early detection of breast cancer and enhancing access to breast care - Decrease stigma by increasing awareness and education * Provide access to the right care at the right time * Improve coordination of care * Improve medication management Edward-Elmhurst Healthcare also promotes the health of its community by participating in a range of committees, coalitions, panels, advisory groups, commissions, and boards. In addition, members of senior management participate in coalitions to strengthen partnerships with other organizations for the development of programs for the health of the community. An example is Will County Mobilizing for Action through Planning and Partnerships (MAPP), which represents a unique partnership of hospitals, physicians, local government, human services agencies and community groups working together locally to address the national healthcare crisis. ADDITIONAL EXAMPLES INCLUDE FORWARD DUPAGE INITIATIVE (FIGHTING OBESITY REACHING HEALTHY WEIGHT AMONG RESIDENTS OF DUPAGE) WHICH IS A MULTI AGENCY INITIATIVE, ACCESS DUPAGE, YMCA, LOCAL SCHOOL DISTRICTS AND GOVERNMENT AGENCIES

Form and Line Reference	Explanation
Schedule H, Part V, Section B, Line 11 Facility A, 1	most influence. Reasons for lower focus on other issues identified in the CHNA are summarized below --Chronic Kidney Disease While slightly unfavorable compared to other potential needs, indicators are at least comparable to comparison groups and trend. EEH's employed/affiliated medical groups and Clinical Integration teams are already embarking on efforts to manage costs, quality and efficiency. --Family Planning Several key informants in Edward's service area identified this as a concern, however, indicators are favorable compared to benchmarks and EEH's ability to impact is limited. --HIV/AIDS The age-adjusted death rate for HIV/AIDS in Edward's service area is trending negatively, however, indicators are positive compared to local, state and national benchmarks. --Injury & Violence While the trend is negative, area indicators are comparable to local, state and national benchmarks. This was not identified as a priority by key informants. As violence increasingly impacts EEH and its staff, it is already focused on mitigating strategies focused on its employees. In addition, continued focus on mental health and substance abuse will hopefully have an indirect positive impact on this trend. --Potentially Disabling Conditions While slightly unfavorable compared to other potential needs, indicators are at least comparable to comparison groups and trend. EEH's focus on underlying causes, including prevention and management of chronic disease, may have an indirect positive impact on this issue. --Respiratory Disease While slightly unfavorable compared to other potential needs, indicators are at least comparable to comparison groups and trend. Focus on smoking cessation is recommended in the Plan's 'Cancer' initiative and this may have a positive impact on this issue. --Sexually Transmitted Disease While trend is negative, area indicators are positive compared to benchmarks. --Immunization & Infectious Disease (EMH) While comparison to benchmarks is negative in the Elmhurst area, initiatives and payor-driven incentives are in place to actively engage the medical community in increasing the rate of immunizations.

Return Reference	Explanation
Schedule J, Part I, Line 1a Tax indemnification and gross-up payments	The organization's officers and key employees are offered life insurance and long term disability benefits. The amount of the premium is grossed up to offset the tax liability.
Schedule J, Part I, Line 1a Health or social club dues or initiation fees	All Edward Hospital employees are offered a membership at the Edward Health & Fitness Center, an affiliate of Edward-Elmhurst Healthcare, as a taxable employee benefit. Members of senior management (the President and Vice Presidents) are also provided this benefit for their spouse and children, also as a taxable benefit. The value of this benefit is determined based upon the fair market value of these memberships, which is in turn determined based upon the actual amount that the Edward Health & Fitness center charges to other corporate customers.
Schedule J, Part I, Line 3 Arrangement used to establish the top management official's compensation	Executive compensation, including the Edward Hospital President and all officers of the system known as Edward-Elmhurst Healthcare ("Senior Management") is managed by the Edward-Elmhurst Healthcare ("EEH") Board of Trustees ("Board"), on behalf of EEH and all of its affiliates. On an annual basis, the Board reviews compensation arrangements, including the compensation award for the Edward Hospital President for the coming year. The Board conducts the review in a manner that will qualify for the rebuttable presumption of reasonableness under the Intermediate Sanction Rules of Section 4958 of the Internal Revenue Code. As for the Edward Hospital President, the President is compensated with a competitive base salary, along with an incentive plan which is reflective of EEH's market, as determined by a review of market compensation survey data. For more information about the review and determination of executive compensation, see description in Schedule O in response to Form 990, Part VI, Section B, Line 15.

THE SERP WAS ESTABLISHED TO RECOGNIZE THE VALUABLE CONTRIBUTIONS THAT EACH OF THE PARTICIPANTS MAKES TO THE OPERATIONS OF EDWARD-ELMHURST HEALTHCARE AND TO REWARD CERTAIN EXECUTIVE EMPLOYEES FOR THEIR LONG-TERM SERVICE AND COMMITMENT TO EDWARD-ELMHURST HEALTHCARE. THE SERP IS DESIGNED TO PROVIDE A FULL RETIREMENT SUPPLEMENT TO PARTICIPANTS IF THEY REMAIN WITH EDWARD-ELMHURST HEALTHCARE UNTIL AGE 65. IN EXCHANGE FOR THIS LONG-TERM SERVICE, EDWARD-ELMHURST HEALTHCARE WANTS TO SUPPLEMENT THESE PARTICIPANTS' RETIREMENT INCOME WITH ADDITIONAL ANNUAL COMPENSATION THAT IS INVESTED IN AN ANNUITY CONTRACT, CONTRIBUTIONS VEST AFTER FIVE YEARS. THE FOLLOWING INTERESTED PERSONS RECEIVED DEFERRALS TO THE SUPPLEMENTAL EXECUTIVE RETIREMENT PLAN (SERP) IN 2017, THESE DEFERRALS ARE INCLUDED IN SCHEDULE J, PART II, COLUMN (C): Eslick, Laura 49,610; Friant, Jeffrey D 40,801; Khatua, Sanjeeb 111,389; Mollet, Chris J 70,256. Schedule J, Part I, Line 6a Compensation contingent on net earnings of the organization	Edward Hospital administers the Productivity Bonus Plan (PBP), an annual incentive compensation program for Edward Hospital Emergency Department physician employees. Participants on the PBP receive distributions from a bonus pool which is derived from professional services revenue generated from the services provided by the Plan. Participants less expenses associated with performing those services. Distributions from the bonus pool are determined using a formula that weighs productivity and other notable contributions by plan participants. In administering the PBP, Edward Hospital Senior Administration, in conjunction with ED Physician Leadership, obtain Edward-Elmhurst Healthcare (EEH) Physician Compensation Committee approval of the Plan structure each year. The plan administrator reserves the right to modify any bonuses to be paid out under this Plan to ensure total compensation paid is at fair market value, consistent with Edward Hospital physician compensation policies. If total compensation is above the 75th percentile of independent market data, such compensation must be approved by the EEH Physician Compensation Committee.
Schedule J, Part I, Line 7 Non-fixed payments	SCHEDULE J, PART 1, LINE 7 IS ANSWERED YES BECAUSE CERTAIN INDIVIDUALS, WHOSE SALARY AND BENEFITS ARE PAID BY THE REPORTING ORGANIZATION OR A RELATED ORGANIZATION, RECEIVED A NONFIXED PAYMENT (BONUS) DURING THE YEAR. Form 990, Part VI, Line 12c Conflict of interest policy	EDWARD-ELMHURST HEALTHCARE, ON BEHALF OF ITSELF AND ALL AFFILIATES, MONITORS AND ENFORCES COMPLIANCE WITH ITS CONFLICT OF INTEREST POLICY THROUGH ANNUAL REPORTING, AND ONGOING EDUCATION Each year, Edward-Elmhurst Healthcare conducts an annual conflict of interest review. This process involves requiring all trustees, officers, key employees, employed physicians, certain other physicians, and management level employees to complete an electronic conflict of interest questionnaire. The System Director of Internal Audit and Corporate Compliance facilitates the completion of a questionnaire by all required individuals, and if no questionnaire is completed, the matter is reported to the individual's supervisor up to and including the Board of Trustees. Disclosures made on the questionnaire are evaluated by a conflict of interest workgroup comprised of the System Director of Internal Audit and Corporate Compliance, the System Executive Vice President and Chief Financial Officer, the General Counsel, and the Deputy General Counsel. Disclosures made by trustees, officers and key employees are evaluated by the Executive Committee of the Board of Trustees or its designee. The evaluations may result in actions being taken up to and including the development of a management plan accepted by the individual making the disclosure or termination of the disclosed relationship or conflict. In cases where an actual or potential conflict of interest is identified, the conflicted individual is educated about how they should raise this issue if they are ever in a position where their conflict may be implicated. Conflicted individuals must recuse themselves from voting, but, at the discretion of the Board, may be permitted to participate in discussion about matters in which they have an actual or apparent conflict. In addition to this annual reporting, all individuals noted above are advised that, pursuant to the conflicts policy, they are required to report to the system director of internal audit and corporate compliance any actual or potential conflicts of interest as they may arise throughout the course of the year.

Form 990, Part VI, Line 15a Process to establish compensation of top management official	Executive compensation, including the CEO and all officers of Edward-Elmhurst Healthcare ("Senior Management") is managed by the Edward-Elmhurst Healthcare ("EEH") Board of Trustees ("Board"), on behalf of EEH and all of its affiliates. On an annual basis, the Board reviews compensation arrangements, including the compensation award for the Edward Hospital President for the coming year. The Board conducts the review in a manner that will qualify for the rebuttable presumption of reasonableness under the Intermediate Sanction Rules of Section 4958 of the Internal Revenue Code. To that end - The CEO and all other members of Senior Management may participate in this review process and be present at meetings of the Board only if and to the extent necessary to answer questions and provide other information the Board needs for its analysis, assessment and deliberations, and they must otherwise recuse themselves from Board meetings during Board debate and voting on compensation arrangements - Any Board member identified as having a conflict shall participate in the process only to the same extent as members of Senior Management - The Board conducts the review with the assistance of an experienced and independent compensation firm, which summarizes its analysis and findings in writing to the Board - The Board obtains and relies on current comparable market compensation data from appropriate peer organizations for each compensation component prior to making its determination. Relevant information will include compensation levels paid by similarly situated organizations, both taxable and tax-exempt, for functionally comparable positions, the availability of similar services in the geographic area served by EEH, current compensation survey compiled by an independent firm, and, where applicable, actual written offers from similar organizations competing for the services for the members of Senior Management - The Board also adequately and promptly documents its decision. The documentation states its intention to qualify for the rebuttable presumption of reasonableness, the specific terms of the compensation arrangement that were approved, the approval date, the names of the individuals present and those who voted, the specific comparability data obtained and relied upon, and an explanation as to why the approved amounts are considered reasonable if the terms of the compensation arrangement differ from the comparability data. In addition, the Board periodically reviews the Executive Compensation Plan, including the philosophy, for (a) compliance with applicable laws and regulations, and (b) alignment with EEH's mission, charitable purposes, goals and strategies. Based on the review, the Board approves any changes in one or more components of the plan or the plan philosophy that the Board considers necessary and appropriate relative to one or both of these criteria. Form 990, Part VI, Line 15a Process to establish compensation of top management official	of EEH Senior Management are compensated with a competitive base salary, along with an incentive plan, which is reflective of EEH's market as determined by a review of independently gathered market compensation survey data. At the time of hire, the salary determination is made by giving consideration to the experience pertinent to the role for which the individual is to be hired, also considered are niche skills or experience the individual brings to the organization. Supply and demand will also play a role in determining the hiring rate of pay. Based on these factors, the EEH Human Resources department, which supports EEH and all of its affiliates, will assign the key employee to an appropriate pay grade, and a rate of pay will be offered within that pay grade. On a periodic basis, the EEH Human Resources Department works with an independent third party compensation consultant to conduct a thorough market review of all positions which are not considered Senior Management. Using a variety of sources, EEH salary ranges are compared to the current market pay grade assignments, and individual rate of pay may change based on the results of this annual market review. In addition, annual merit increases may be awarded based on EEH's budget for the year.
