990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Schedule H, Part VI, Line 7 States Community Benefit Report Filed	Minnesota hospitals ARE required to file hospital-specific community benefit information to the Minnesota Department of Health through the Health Care Cost Information System (HCCIS). Hospitals do this by filling out the Hospital Annual Report, which the Minnesota Hospital Association administers for MDH. MHA then files all of the information in the Hospital Annual Report to MDH as public information. A key issue with this report is that it is limited to "hospital-only" costs and the elements included in the community benefits section is limited. For example, MDH does not allow for the counting of the MinnesotaCare provider tax or MA (Medical Assistance) Surcharge as community benefits costs. Through a separate, voluntary effort, MHA collects community benefit data by health system and creates a statewide summary report for advocacy purposes. (MHA) collects this data by requesting access to summary data from all Minnesota facilities using the Community Benefit Inventory for Social Accountability (CBISA) software and UFH grants MHA such access. This advocacy collection effort also includes some of the real life stories of community benefits provided by hospitals that change lives and the health of their communities. MHA does not file that information with the state or share the hospital/system level data publicly.

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Schedule H, Part I, Line 3c ELIGIBILITY CRITERIA FOR FINANCIAL ASSISTANCE	Unless eligible for Presumptive Financial Assistance, the following eligibility criteria must be met in order for a patient to qualify for Financial Assistance * The patient must have a minimum account balance of thirty-five dollars (\$35.00) with the CHI Hospital Organization. Multiple account balances may be combined to reach this amount. Patients/Guarantors with balances below thirty-five dollars (\$35) may contact a financial counselor to make monthly installment payment arrangements. * The patient's Family Income must be at or below 300% of the FPG. * The patient must comply with Patient Cooperation Standards as described [in the FAP]. * The patient must submit a completed Financial Assistance application. For patients and Guarantors who are unable to provide required documentation, a Hospital Facility may grant Presumptive Financial Assistance based on information obtained from other resources. In particular, presumptive eligibility may be determined on the basis of individual life circumstances that may include: * Recipient of state-funded prescription programs, * Homeless or one who received care from a homeless clinic, * Participation in Women, Infants and Children programs (WIC), * Food stamp eligibility, * Subsidized school lunch program eligibility, * Eligibility for other state or local assistance programs (e.g., Medicaid spend-down), * Low income/subsidized housing is provided as a valid address, or * Patient is deceased with no known estate.

Schedule H, Part VI, Line 2 Needs Assessment, continued 2	QUALITATIVE DESCRIPTION OF COMMUNITY BENEFIT Community Outreach for the Poor Translation Services - One area that has shown continued growth as the community has become more diverse, has been the increase in translation services. In 2010, the amount spent for providing translation services was approximately \$8,500, which has increased to approximately \$28,387 in 2013 (an increase of over 300%) and was \$30,629 (nearly 400% since 2010) in FY 2014 and slightly decreased to \$24,473 in FY2015. In FY2017, the amount was \$35,265. In FY2018, the amount was \$29,389. Community Financial Application Assistance - UFH financial assistance counselors assist individuals in filling out the paperwork to acquire financial assistance in paying for their medical bills. In 2018 the total number of individuals who received this assistance was 870 and the dollar value of this assistance was \$81,563. The amount of assistance has been increasing due to a number of factors influencing their ability to pay their medical bills. Miscellaneous Initiatives for the Poor - Unity Family Healthcare's facilities also donate staff time toward coordinating fund-raising activities for the poor. These range from assisting individuals with accessing financial assistance programs to purchasing school supplies and Christmas presents for needy families, although the individual gifts purchased at Christmas do not qualify as community benefit, since individual staff members make those gifts, the estimated value of these benefits is approximately \$2,978 and the number of people impacted is approximately 30. Community Outreach for the Broad er Community Youth Development, Partner Violence Prevention, Chronic Disease Management (Patient-Centered Medical Home), and Prescription Drug Abuse Initiatives UFH continues to strategically apply for, receive and manage grants that align both with our community health needs assessment (CHNA) implementation plan and the health needs and issues of the people of Morrison County. In 2013, UFH received a two-year grant that specifically targeted improving the health of the people of Morrison County through a youth development and breastfeeding enhancement initiative. This initiative had two primary focuses: 1) making mini-grants to youth-led, youth-initiated projects, and 2) increasing the number of women in Morrison County who breastfeed their babies. The grant initiative met with overall success (a summary is available upon request) and the initiative ended on June 30, 2015. A second grant UFH has received continuously since 2009 has been focused on reducing partner violence (domestic violence) in Morrison County as measured by the number of domestic assaults charged, the number of Orders for Protection issued and the number of charged violations of Orders for Protection. By all three measures, things improved. In July 1, 2014, this grant initiative received another three years of funding. Thirdly, the patient-centered medical home development initiative (PCMMDI), which seeks to improve the health of residents of Morrison County, especially those with chronic disease, by using a Triple AIM approach, has been very well-received in the community and in FY 2014 received certification from the Minnesota Department of Health (MDH) as a medical home. The PCMH recently received re-certification as a medical home by MDH. Finally, the aforementioned prescription drug abuse reduction initiative is making a difference in the lives impacted by such abuse. Together, these grant initiatives (and a few minor initiatives) resulted in \$39,877 in community benefits in FY2018. The prescription drug abuse grant initiative has received funding for fiscal year 2019 so these community benefit efforts are continuing. Furthermore, in a time of tight government budgets, the grant initiatives are enabling the hospital to pursue projects that address well-defined community needs as outlined in our CHNA. Youth Recreation Initiative In 1997, St. Gabriel's Hospital received a CHI Mission & Ministry Fund grant to enhance recreation opportunities in partnership with the Little Falls Area Schools. Prior to 1997, there had been substantial cuts in a collaborative between the City of Little Falls and the local school district to address youth recreation. The Youth Recreation Initiative, as it is called, has continued despite the fact that grant funding through the Mission & Ministry has long been discontinued. The program has been so favorably received in the community that the leadership of St. Gabriel's Hospital has chosen to continue supporting the program. That level of support totaled more than \$63,486 in fiscal year 2018 and impacted 7,568 people. Early on in the program's history, there was a noticeable decline in youth delinquency as measured by interactions with the judicial system and that decline has been maintained. We believe the decline was due to the increased opportunities created for area youth. Support Groups UFH facilities offer a variety

Schedule H, Part VI, Line 2 Needs Assessment, continued 2	ty of support groups and similar activities, including such activities as the Prostate Can cer Support Group, Eating Disorders Support Group, Adoption Support group, the Alanon Grou p, the Hospice Family Support activities and the special spiritual services (empty arm for miscarriages, hospice memorial services, etc) In 2018, the value of the support for thi s activity was \$2,617 The support groups served approximately 188 people in 2018 Health Screenings/Health Fairs UFH facilities, especially St Gabriel's Hospital, offer a variety of free health screenings and health fairs for the communities in which we serve The tot al value of these activities was nearly \$7,888 in FY 2018, with 695 people participating i n the health fairs/screenings The screenings include such things as blood pressure checks at a local extended care facility (not part of UFH), other screenings, firemen physicals, pulmonary screening and flu shots The Little Falls Area Health Fair, which was held in t he spring of 2018 had over 300 participants

Form and Line Reference	Explanation
Schedule H, Part VI, Line 2 Needs assessment, continued 3	Donated Space UFH facilities donate the use of our facilities to non-profit organizations. Some of these include TOPS (Take Off Pounds Sensibly), the Mental Health Support Group, and Oasis Share-A-Meal, to name just a few. The total value of the donated space in fiscal year 2018 was \$8,985. In addition, UFH donated space for Apple Tree Dental to provide free services to the poor in the area. The value of this donated space is estimated at \$11,571. This assistance results in improved access to dental care in the county. UFH Participation on Community Health Initiatives One of the larger community benefit activities that UFH supports is the participation on community health initiatives. This involves everything from the Healthy Communities Collaborative to the Violence Prevention Council to the Morrison County EMS board to the Morrison County Ministerial Association and the Elder Network. This activity directly impacted over 252 people in 2018, and was valued at more than \$19,041. Senior Companion Program Finally, health care providers and community service organizations recognize the benefits provided through the St. Gabriel's Hospital Senior Companions program. Patients connect with their individual "companions" before they leave the hospital. Once home, the companions continue to regularly visit with the patients while they continue their recovery. In fiscal year 2018, the program served 30 different people in the community, with a total community benefit of \$2,137. Donations In fiscal year 2018, UFH donated over \$26,606 in cash to local/regional entities to such local entities as the Morrison County Relay for Life sponsored by the American Cancer Society, Oasis Share-A-Meal and other not-for-profit organizations. Subsidized Health Services UFH has one much-needed and appreciated community service that operates as a loss to the organization. That service is St. Gabriel's Hospital's home care program--CHI Health at Home Little Falls (formerly Unity Family Home Care). In fiscal year 2018, it generated over \$281,089 in community benefit. The home care provided 4,636 visits in fiscal 2018 so the benefit to the community is substantial. Physician Recruitment Our primary service area (Morrison County, MN) has a population of approximately 33,821 of which 18.4% are age 65 or older. This elderly population, in particular, requires the skills of two medical specialties--internal medicine and general surgery. Based on the community health needs assessment and physician specialty by population studies, it was determined that at least one and up to four (depending upon the mix of family practice and internal medicine) internists and two general surgeons are needed in the community to adequately serve patients' health needs. In addition, due to the retirement of one pediatrician, a second is needed. Similarly, our two OB/GYNs left in early 2017 creating a significant community need. Physician/provider recruitment has been complicated and created additional challenges due to the fact that there are Health Professional Shortage Areas in Morrison County. The total cost of expenses associated with physician recruitment and retention in these much-needed specialties was over \$55,602 in fiscal year 2018. Health Professions Education UFH's acute care facility--St. Gabriel's Hospital--serves as clinical education sites for medical professionals. In fiscal year 2018, St. Gabriel's Hospital assisted in the education of the following health professionals: medical students (through the Rural Physician Associate Program), nursing students, pharmacists, radiologic technologists, pharmacists, and nurse anesthetists. The community benefit claimed for that training totaled \$19,622 and 37 people received those services. Community Building Activities Live Better Live Longer (formerly the Healthy Communities Collaborative of Morrison County) is a collaborative effort of over 20 organizations. It is a county-wide community health status improvement initiative. LBLL's mission is, "Through collaboration, we build and nurture the total health and well-being of people in Morrison County." Its vision reads, "Morrison County stands out as a vibrant, interconnected community for all to live, work, learn, worship and play." Unity Family Healthcare is the sponsoring agency for LBLL and UFH staff members serve on its board and committees. LBLL has on three tenets: Eat, Move, and Belong, which encourages people in the county to eat better, more nutritious meals (including breast milk for young children), exercise regularly, and become involved in the Morrison County community, whether it's through recreation, book clubs, churches or whatever the individual chooses. Unity Family Healthcare staff members are not only involved in the LBLL board and committees, it also partners with other public and private entities on many other health initiatives such as 5-2-1-0, community transformation, etc., in order to improve the health of the people of Morrison County.

Schedule H, Part VI, Line 2 Needs Assessment - Continued 1	Community Health Needs Assessment Process UFH regularly performs a community health needs assessment (CHNA) every three years in compliance to the Affordable Care Act (ACA). Prior to implementation of the ACA, the CHNAs were performed every three to five years in partnership with Morrison County Social Services (MCSS) and Morrison County Public Health (MCPH). The CHNAs include a written survey as well as stakeholder interviews (health, social services, school and court staff, elected officials, etc.). Occasionally, focus groups around particular community health issues or access concerns are also included as part of the assessment process. The three partners have shared the expenses for the CHNAs that were performed in 1989, 1994, 1999, 2004, 2009, 2013 and 2016. The most recent CHNA was conducted in FY2016 and it is posted on the UFH website (www.chistgabriels.com) along with the 2013 CHNA. St. Gabriel's Hospital has always taken the leadership role in coordinating the community health needs assessment. This past year, in addition to the three long-term partners (MCPH, MCSS and the hospital), the hospital was asked to participate in a regional effort that included the public health agencies in Todd and Wadena counties in addition to Morris County. As was done in 2013, additional collaborators will be part of the implementation strategy development for the CHNA. For the 2016 CHNA, among the people involved were the St. Gabriel's Health Foundation director, the director of the Healthy Communities Collaborative of Morrison County (HCC), the largest school district in the county, Camp Ripley (an Army National Guard training facility located in Morrison County) and the Violence Prevention Council of Morrison County. Thanks to a Catholic Health Initiatives (CHI) Mission and Ministry Fund planning grant, St. Gabriel's Hospital led the formation of the Healthy Communities Collaborative (HCC) in 2005. In the past year, the HCC changed its name to Live Better Live Longer (LBLL). The hospital was the corporate sponsor of the LBLL, but unfortunately had to close the program due to lack of future funding. The hospital's foundation office will assume some of the major activity from this community initiative. UFH also sponsors the Violence Prevention Initiative (VPI) of Morrison County, a community-based project and local Violence Prevention Council with representation from local enforcement, courts, social services, other not-for-profit organizations and individuals (including former victims) that addresses partner violence, a significant community health concern in the county. The VPI has three core goals: 1) reduce the number of domestic assaults charged in Morrison County, 2) reduce the number of Orders for Protection issued in the county each year, and 3) reduce violations of Orders for Protection that occur each year. In January of 2015 CHI St. Gabriel's Health was awarded \$368,112 from a State Innovation Model (SIM) grant through the Minnesota Department of Health and Human Services to focus on prescription drug abuse, specifically opioids. Local data had revealed that the number one reason for emergency room visits at CHI St. Gabriel's Health was patients seeking narcotics for pain. Also, almost 30% of the Medical Assistance population had filled between 8 and 20 narcotic prescriptions in the first eight months of 2014. Realizing this issue went beyond hospital walls, a community prescription drug abuse task force was formed in January of 2015. Representatives from law enforcement, long term care facilities, two hospice agencies, Morrison County Public Health, Morrison County Social Services, Morrison County Drug Court and Probation, Northern Pines Mental Health Center, Coborn's Pharmacy, Little Falls School District, along with three physicians, the emergency room director and clinical nursing staff. There were issues with an increase in narcotic thefts, multiple opioid prescriptions at overdose crime scenes and deaths from heroin overdoses. One out of four local pharmacies reported that 40,000 doses of opioids were being filled each month in a town of 8,200 people. With funding, a controlled substance care team (CSCT) was developed with two physicians leading the team to reduce prescribing within the clinic. The team would also include a social worker, a registered nurse and a mental health coordinator to address physical health, social determinants and behavioral health issues. The school district would provide a prevention platform with a Drug Free Communities grant they also received. Morrison County Sheriff's Office, along with the county prosecutor, would provide names to the CSCT of those charged with drug crimes to reduce diversion in the community which included informing the physicians of sales of prescriptions and having the CSCT address those issues rather than more arrests and jail time. Impact: Currently, 670 patients were completely tapered from opioids no longer needed. Other methods of pain re-

THE COST-TO-CHARGE RATIO COVERS ALL PATIENT SEGMENTS. THE COST-TO-CHARGE RATIOS FOR THE YEAR ENDED JUNE 30, 2018 WERE COMPUTED USING THE FOLLOWING FORMULA: OPERATING EXPENSE (BEFORE RESTRUCTURING, IMPAIRMENT AND OTHER LOSSES) DIVIDED BY GROSS PATIENT REVENUE. BASED ON THAT FORMULA, ST. GABRIEL'S HOSPITAL COST-TO-CHARGE RATIO IS 43.81%. WORKSHEET 2 WAS NOT USED TO DERIVE THE COST-TO-CHARGE RATIO.

Schedule H, Part III, Line 2 Bad debt expense - methodology used to estimate amount	Costing methodology for amounts reported on line 2 is determined using the Unity Family Healthcare's cost/charge ratios of 43.81% for St. Gabriel's Hospital. When discounts are extended to self-pay patients, these patient account discounts are recorded as a reduction in revenue, not as bad debt expense.

Schedule H, Part III, Line 4 Bad debt expense - financial statement footnote	Unity Family Healthcare does not issue separate company audited financial statements. However, the organization is included in the consolidated financial statements of Catholic Health Initiatives. The consolidated footnote reads as follows: "The provision for bad debts is based upon management's assessment of historical and expected net collections considering historical business and economic conditions, trends in health care coverage, and other collection indicators. Management routinely assesses the adequacy of the allowances for uncollectible accounts based upon historical write-off experience by payor category. The results of these reviews are used to modify, as necessary, the provision for bad debts and to establish appropriate allowances for uncollectible net patient accounts receivable. After satisfaction of amounts due from insurance, CHI follows established guidelines for placing certain patient balances with collection agencies, subject to the terms of certain restrictions on collection efforts as determined by each facility. The provision for bad debts is presented in the consolidated statement of operations as a deduction from patient services revenues (net of contractual allowances and discounts) since CHI accepts and treats all patients without regard to the ability to pay."

Form and Line Reference	Explanation
Schedule H, Part III, Line 8 Community benefit & methodology for determining Medicare costs	Unity Family Healthcare is designated as a Critical Access Hospital ("CAH") CAHs are rural community hospitals that are certified to receive cost-based reimbursement from Medicare The reimbursement that CAHs receive is intended to improve their financial performance and thereby reduce hospital closures CAHs are certified under a different set of Medicare Conditions of Participation (CoP) Surpluses are created when a facility receives payments that are greater than the costs of caring for program beneficiaries Because surpluses are based on costs, not charges, Unity Family Healthcare, due to its designation as a CAH, received cost-based reimbursement for Medicare purposes, and will not experience significant Medicare-related shortfalls The total surplus for FY2018 was \$244,864 or approximately 1.3% Although not presented on the Medicare cost report, in order to facilitate a more accurate understanding of the "true" cost of services (for "shortfall" purposes) the CHI Workbook allows a health care facility not to offset costs that Medicare considers to be non-allowable, but for which the facility can legitimately argue are related to the care of the facility's patients In addition, although not reportable on the Medicare cost report, the CHI workbook includes the cost of services that are paid via a set fee-schedule rather than being reimbursed based on costs (e.g. outpatient clinical laboratory) Finally, the CHI Workbook allows a facility to include other health care services performed by a separate facility (such as a physician practice) that are maintained on separate books and records (as opposed to the main facility's books and records which has its costs of service included within a cost report) True costs of Medicare computed using this methodology: Total Medicare Revenue \$19,147,277 Total Medicare costs \$18,902,413 Surplus (or Shortfall) \$244,864 Unity Family Healthcare believes that excluding Medicare losses from community benefit makes the overall community benefit report more credible for these reasons * - Unlike subsidized areas such as burn units or behavioral-health services, Medicare is not a differentiating feature of tax-exempt health care organizations In fact, for-profit hospitals focus on attracting patients with Medicare coverage, especially in the case of well-paid services that include cardiac and orthopedics Significant effort and resources are devoted to ensuring that hospitals are reimbursed appropriately by the Medicare program The Medicare Payment Advisory Commission (MedPAC), an independent Congressional agency, carefully studies Medicare payment and the access to care that Medicare beneficiaries receive The commission recommends payment adjustments to Congress accordingly * - Though Medicare losses are not included by Catholic hospitals as community benefit, the Catholic Health Association guidelines allow hospitals to count as community benefit some programs that specifically serve the Medicare population For instance, if hospitals operate programs for patients with Medicare benefits that respond to identified community needs, generate losses for the hospital, and meet other criteria, these programs can be included in the CHA framework in Category C as "subsidized health services " At Unity Family Healthcare, our hospice and home care department-CHI Health at Home (formerly) Unity Family Home Care & Hospice-is an example subsidized health service * - Medicare losses are different from Medicaid losses, which are counted in the CHA community benefit framework, because Medicaid reimbursements generally do not receive the level of attention paid to Medicare reimbursement Medicaid payment is largely driven by what states can afford to pay, and is typically substantially less than what Medicare pays

Schedule H, Part III, Line 9b Collection practices for patients eligible for financial assistance	The organization's billing and collections policy applies to all individuals presenting for emergency or other medically necessary care. The policy contains provisions for collecting amounts due from those patients who the organization knows to qualify for financial assistance either through the traditional financial assistance application process or through presumptive eligibility processes. Before engaging in extraordinary collection actions (ECAs) to obtain payment for EMCare, Hospital Facilities must make reasonable efforts through its billing and collections processes, pursuant to Treas. Reg. Â§1.501(r)-6(c), to determine whether an individual is eligible for Financial Assistance. In no event will an ECA be initiated prior to 120 days from the date the Facility provides the first post-discharge billing statement (i.e., during the Notification Period) unless all reasonable efforts have been made. Hospital Facilities will not refer accounts for collection where the patient has initially applied for Financial Assistance, and the Hospital Facility has not yet made reasonable efforts with respect to the account. For patients and Guarantors who are unable to provide required documentation, a Hospital Facility may grant Presumptive Financial Assistance based on information obtained from other resources. Patients who qualify for Medicaid are presumed to qualify for full charity write off. Any charges for days or services written off (excluding Medicaid denials related to timeliness of billing, insufficient medical record documentation, missing invoices, authorization, or eligibility issues) as a result of a Medicaid are booked as charity. Some Medicaid plans offer coverage for a limited or restricted list of services. If a patient is eligible for Medicaid, any charges for days or services not covered by the patient's coverage may be written off to charity without a completed application. This does not include any Share of Cost (SOC) or other patient cost-sharing amounts such as deductibles or copayments, as such costs are determined by the state to be an amount that the patient must pay before the patient is eligible for Medicaid. Health and Human Services (HSS) uses the term "Spend Down" instead of Share of Cost. All collection activities conducted by the Facility, a Designated Supplier, or its third-party collection agents will be in conformance with all federal and state laws governing debt collection practices. All third-party agreements governing collection and recovery activities must include a provision requiring compliance with the hospital facilities' financial assistance and billing and collections policy and indemnification for failures as a result of its noncompliance. This includes, but is not limited to, agreements between third parties who subsequently sell or refer debt of the Hospital Facility.

Schedule H, Part VI, Line 2 Needs assessment	ORGANIZATION'S MISSION, VISION, AND TAX-EXEMPT PURPOSE Unity Family Healthcare's (UFH/CHI St Gabriel's Health) mission is to nurture the healing ministry of the Church, supported by education and research. Fidelity to the Gospel urges us to emphasize human dignity and social justice as we create healthier communities. Our vision is to create the best possible health care experience by igniting the spirit for superior care and service. UFH was founded by the Franciscan Sisters of Little Falls to carry out the organization's healing ministry. The cornerstone of UFH (also commonly and collectively referred to as CHI St Gabriel's Health) is St. Gabriel's Hospital, a 25-bed Critical Access Hospital (CAH), which originally was organized in May of 1891 and received its first patients in January of 1892. St. Gabriel's Hospital and the other organizations that comprise UFH-Family Medical Center, Little Falls Orthopedics and CHI Health at Home (Little Falls)-serve all persons in the community on a non-discriminatory basis. The hospital operates emergency services departments that is open to all persons regardless of their ability to pay and have open medical staffs with privileges available to all qualified physicians and advanced practice clinicians (ACPs) such as physician assistants, nurse practitioners, etc. The UFH board of directors is an eleven-member governing board of individuals who serve as representatives of the community and oversee operations of the UFH facilities. Only two members of the governing board are not directly serving as representatives of the community-the market president and the senior vice president of operations from the Catholic Health Initiatives (CHI) division office in Fargo, ND. St. Gabriel's Hospital engages in the training of health professionals, especially nurses, pharmacists, radiologic technologists, physical therapists, nurse anesthetists and physician assistants. St. Gabriel's Hospital also has been an active participant in the University of Minnesota's Rural Physician Associate Program (RPAP) since its inception in 1973. RPAP provides a "hands-on" experience of serving the primary care needs of people in rural areas. UFH facilities participate in all government-sponsored health care programs such as Medicaid, Medicare, CHAMPUS, MinnesotaCare, MNsure, Tri-Care, and other government health care programs (i.e., the SAGE program, formerly called the Minnesota Breast & Cervical Cancer Control Program, which provides free or low-cost breast and cervical cancer screening services to women at or below 200% of federal poverty guidelines). St. Gabriel's Hospital is a critical access hospital (CAH) and operates a 24-hour emergency room, open 365 days per year. The emergency room is open to all individuals regardless of ability to pay. Furthermore, the hospital has an open medical staff, participates in Medicare and Medicaid, and has an active charity care/financial assistance program. The hospital does not discriminate on the basis of any non-merit factor, including race, national origin, color, religion, sex, sexual orientation, gender identity, disability (physical or mental), age, status as a parent, or genetic information. Community service and improving the health of the people we serve have always been at the core of UFH activities. For example, UFH was the first organization in the region to offer prenatal education to expectant mothers through St. Gabriel's Hospital in the 1950s. Other notable efforts to improve health from recent years include the Youth Recreation Initiative, Youth as Resources (YAR), the Live Better Live Longer breastfeeding initiative, the Bridges Youth, Family, Community program, which provided behavioral health counseling and other services to youth in the public schools and other services to families utilizing community resources, the Violence Prevention Initiative and the Prescription Drug Abuse Reduction Initiative. The programs and services described throughout this report not only serve all persons in the community, but also help to reduce the burdens on local government through a spirit of collaboration. Thanks to, in large part, our success in securing grant funding for community-based health initiatives, some of which will be discussed later in this document, St. Gabriel's Hospital provides charity care, in addition to a wide range of community benefit activities associated with serving the needs of the poor. Performing these services and picking up the related costs helps local government agencies which might otherwise have to fund the services. UFH also contributes to the quality of life for area residents in one additional significant way-- through its extensive volunteer program. Apart from the many community benefit hours donated to such activities as the emergency medical system and other community health initiatives, UFH has multiple staff members who donate volunteer time to coaching, serving on church boards, etc., that enhance life.

Form and Line Reference	Explanation
Schedule H, Part VI, Line 2 Needs assessment	in central Minnesota. Beyond these efforts, many community members donate their time and talents to serve the people who utilize our facilities. Our volunteer services department is well known throughout the community and the entire Fargo Division of Catholic Health Initiatives for having a comprehensive, well-developed volunteer program. How well-developed? In FYE June 30, 2018, a total of 268 volunteers contributed 21,784 hours of service to UFH. These hours not only contribute mightily to UFH facilities, but also offer a variety of intrinsic rewards that the volunteers say give meaning to their lives. Finally, the hospital is included in the Official Catholic Directory as a tax-exempt hospital.

Schedule H, Part VI, Line 4 Community information	St Gabriel's Hospital is located in central Minnesota in the city of Little Falls and serves the people of Morrison County, Minnesota, and small portions in the surrounding counties. Morrison County has a population of 32,821 according to the most recent (July 2016) estimate from the U.S. Census Bureau (QuickFacts Morrison County, Minnesota, July 2016. Source: U.S. Census Bureau, Population Division). On average, Morrison County is older and "poorer" on average than the population of the state of Minnesota overall. In the county, 18.4% of the population is age 65 or older compared to 15.1% of Minnesotans. The median age for Morrison County is 41.9 and for Minnesota, it is 37.9. The median household income for the county is \$51,456 and the per capita income is \$26,442, in comparison to \$63,217 and \$33,225, respectively for Minnesota. The percentage of persons below the poverty level (2009-2013) in the county is 11.9%, while in the state, it is 9.9%. Morrison County has a largely Caucasian population with 97.3% of the population "white." This is in comparison to the state of Minnesota as a whole, which is 85.0% white. Similarly, only 0.9% of the population is foreign born in the county, while Minnesota's foreign-born population is 7.8%. There are 29.5 persons per square mile in the county and for Minnesota as a whole, there are 66.6 persons per square mile. The percentage of people in Morrison County with a disability is 7.8%, compared to 7.2% for the state. A few areas of the county have been designated as Health Professional Shortage Areas (HPSAs), primarily due to economic factors. According to the U.S. Census Bureau, the median earnings per job is \$30,329 for Morrison County compared to \$34,819 for all of Minnesota. The county unemployment rate is currently (December 2017) 6.9%. The state rate is 3.3%. Over the past year, the unemployment rate for the county has ranged from 2.9 (October 2017) to 9.3% (January 2017) in the county and in the state it has ranged from 2.4 to 5.0% (again, October and January 2017, respectively). The total number of jobs in the county (BEA estimates) is 17,908 with approximately two-thirds (66.5%) of these jobs wage and salary positions. The average hourly rate in the county (actually Region 5) is \$19.29/hour compared to \$25.11/hour for Minnesota. Similarly, the average weekly wage for the county is \$663/week, or 36.5% less than the state average of \$1,044/week. Since its inception in 1891, St. Gabriel's Hospital has been intimately involved in community health collaboration, initially working with local lumbering companies to develop plans to care for their workers in the late 1800s and early 1900s. More recently, St. Gabriel's has been collaborating with Morrison County Public Health and Morrison County Social Services since the 1980s to examine area health issues, enabling the three partners to set priorities and plans for health improvement. St. Gabriel's Hospital continues our deep commitment and involvement in the community health assessment and action planning today.

Schedule H, Part VI, Line 5 Promotion of community health	The organization's hospital facility promotes health for the benefit of the community. Medical staff privileges in the hospital are available to all qualified physicians in the area, consistent with the size and nature of its facilities. The organization's hospital facility has an open medical staff. Its board of trustees is composed of prominent citizens in the community. Excess funds are generally applied to expansion and replacement of existing facilities and equipment, amortization of indebtedness, improvement in patient care, and medical training, education, and research. The facility treats persons paying their bills with the aid of public programs like Medicare and Medicaid. All patients presenting at the hospital for emergency and other medically necessary care are treated regardless of their ability to pay for such treatment.

Return Reference	Explanation
Form 990, Part III, Line 1 ORGANIZATION'S MISSION	The mission of the Corporation is to nurture the healing ministry of the Church, supported by education and research. Fidelity to the Gospel urges the Corporation to emphasize human dignity and social justice as it creates healthier communities. The Corporation, sponsored by a lay-religious partnership, calls other Catholic sponsors and systems to unite to ensure the future of Catholic health care. To fulfill this mission, the Corporation, as a values-based organization, will assure the integrity of the ministry in both current and developing organizations and activities, research and develop new ministries that integrate health, education, pastoral, and social services, promote leadership development and formation for ministry throughout the entire organization, advocate for systemic changes with specific concern for persons who are poor, alienated, and underserved, and steward resources by general oversight of the entire organization.

Form 990, Part VI, Line 12c Conflict of Interest Policy	The Board Chair or designee shall make such further investigation of any conflict of interest disclosures as he or she may deem appropriate. If the conflict involves the Board Chair, the Vice Chair will assume the Chair's role outlined in the COI Policy. Based on review and evaluation of the relevant facts and circumstances, the Board Chair will make an initial determination as to whether a conflict of interest exists and whether, pursuant to the COI Policy, review and approval or other action by the Board is required. A written record of the Board Chair's determination, including relevant facts and circumstances, will be made. The Board Chair shall then make an appropriate report to the Executive Committee of the Board concerning such review, evaluation and determination. If a difference of opinion exists between the Board Chair and another Trustee as to whether the facts and circumstances of a given situation constitute a conflict of interest or whether Board review and approval or other action is required within the COI Policy, the matter shall be submitted to the Board's Executive Committee, which shall make a final determination as to the matter presented. Such determination, including relevant facts and circumstances, will be reflected in the Executive Committee minutes and will be reported to the Board. The Board shall carefully scrutinize and must in good faith approve or disapprove any transaction in which CHI or a CHI Entity is a party and in which the Trustee or Corporate Officer either * Has a material financial interest, or * Is a Trustee or Corporate Officer of the other party (other than a CHI-affiliated organization). The Board must approve the transaction by a majority of the Trustees on the Board, without counting the vote of any individual who has an interest in the transaction. In reviewing such transactions between CHI or CHI Entities and vendors or other contractors who are, or are affiliated with, Trustees or Corporate Officers, the Board shall act no more or less favorably than it would in reviewing transactions with unrelated third parties. The transaction will not be approved unless the Board determines that the transaction is fair to CHI or the CHI Entity. The Board shall carefully review and scrutinize any non-transactional conflict of interest (e.g., disclosure of nonpublic information, competition with CHI or a CHI Entity, failure to disclose a corporate opportunity, excessive gifts or entertainment, etc.). By a majority vote of the disinterested Trustees, the Board shall take whatever action is deemed appropriate with respect to the Trustee or Corporate Officer under the circumstances, including possible disciplinary or corrective action, in order to best protect the interests of CHI or the CHI Entity. The Board should consult with the General Counsel of CHI or his or her designee when considering disciplinary or corrective action. When any conflict of interest is considered by the Board, the Trustee or Corporate O

The Trustee shall not vote and the Trustee or Corporate Officer shall not use his or her personal influence on the matter. However, if requested, such Trustee or Corporate Officer is not prevented from briefly stating his or her position in the matter, nor from answering pertinent questions from Trustees, as his or her knowledge may be of significant importance. The Trustee or Corporate Officer shall be excused from the meeting during discussion and vote on the conflict of interest. Minutes of the Board shall reflect the following: the individual making the disclosure, the nature of the disclosure, discussion regarding any proposed transaction, the decision made by the Board, and that the interested Trustee or Corporate Officer was excused during the discussion, and that the interested Trustee abstained from voting. If the Board reasonably believes that a Trustee or Corporate Officer has failed to disclose either an actual or potential conflict of interest, or all material facts surrounding an actual or possible conflict as required by the COI Policy, the Trustee or Corporate Officer will be given an opportunity to explain such alleged failure to disclose. After hearing the response of the Trustee or Corporate Officer, the Board will conduct such additional investigation as may be appropriate. If the Board determines that the Trustee or Corporate Officer has in fact failed to disclose as required by the COI Policy, the Board shall take appropriate disciplinary or corrective action. All determinations of conflicts of interest are reported as required by law, regulations, and CHI policy.

Any such changes are not re-submitted to the board.

990 Schedule O, Supplemental Information

Return Reference	Explanation
Form 990, Part VI, Line 12c Conflict of interest policy	Catholic Health Initiatives ("CHI") has a Conflicts of Interest ("COI") policy (the "Policy") in place to maintain the integrity of all of its activities. The Policy applies to CHI Board of Stewardship Trustees and members of its committees, all CHI Entity board and board committee members, all CHI employees, and all CHI research personnel (both employed and non-employed). Disclosure, review and management of perceived, potential or actual conflicts of interest are accomplished through a defined COI disclosure review process. Each Person must promptly and fully disclose to his/her direct manager, supervisor, medical staff office, board or board committee chair any situation or circumstance that may create a conflict of interest. The Person must disclose the actual or potential conflict as soon as she/he becomes aware of it. In any situation where the Person may be in doubt, a full disclosure should be made to permit an impartial and objective determination. In addition to the general ongoing obligation, there are initial disclosure obligations. At the time of initial appointment, a copy of the Policy shall be distributed to the board or committee member along with a conflict of interest disclosure. The board or committee member will complete and submit the disclosure. The completed disclosure shall be maintained in confidence and access shall be limited to persons who have a reasonable need to know the contents. At the time of hiring, a copy of the Policy shall be distributed to all Employees. In addition, a conflict of interest disclosure will be provided. The Employee must complete and submit a conflict of interest disclosure. The completed disclosure shall be maintained in confidence and access shall be limited to persons who have a reasonable need to know the contents. In addition to the general ongoing and initial disclosure obligations, there is an annual disclosure obligation. On an annual basis, the following Persons must complete a new conflict of interest disclosure: * Board and board committee members, * Employees at the level of vice president and above, * Researchers, * Supply Chain Employees at the level of vice president and above and those employees involved in contracting regardless of employment level, * Other Employees as deemed applicable by CHI Leadership. Disclosures of perceived, potential or actual conflicts involving financial interests are forwarded to the Conflicts of Interest Review Committee ("C-CIRC"), National or Regional Legal Services, National, Entity, or Research Corporate Responsibility Program, or the Executive Committee of the Board or Board Chair, for review depending on the position of the person involved. Among the factors that should be considered in determining whether a conflict exists are the nature and magnitude of the opportunity, transaction or arrangement, the degree to which it is related to CHI's business, whether the Person with the conflict is the ultimate decision-maker or holds significant in

When a Person has, or is considering initiating, a business interest or relationship outside of CHI but is uncertain whether the interest constitutes a conflict of interest requiring disclosure under this Policy, the Person should consult with local Corporate Responsibility Program (CRP) staff or CHI Legal Services Group (LSG) staff, as appropriate. As appropriate, a COI management plan will be developed. With respect to those audiences for which the C-CIRC has review responsibility, the C-CIRC will facilitate development of any such COI management plan in collaboration with local CRP staff or CHI LSG staff, as appropriate. This plan will include documentation of the C-CIRC's determinations and recommendations. As necessary, reports to an appropriate governmental agency or sponsor will be made according to the relevant appendices to this Policy to provide required information regarding how the conflict of interest will be managed, reduced, or eliminated. Designated CHI Entity staff are responsible for monitoring the COI management plan and for documenting monitoring activities. At its sole discretion, a CHI Entity may reject a Person's request to enter into the relationship in question, or require the relationship be sufficiently altered to avoid a potential conflict of interest. The C-CIRC will determine whether a disclosed or otherwise identified interest is a conflict of interest. If the C-CIRC determines that a potential or actual conflict of interest exists that does not currently have appropriate controls to address the conflict of interest, it may recommend that the disclosing Person be allowed to participate in the activity or transaction subject to restrictions as outlined in a written COI management plan. All determinations of conflicts of interest will be reported as required by law, regulations, and CHI policy. If a Person, other than a board or board committee member or corporate officer, required to complete a COI disclosure does not agree with a determination made by the C-CIRC, its interpretation of the COI Policy, still seeks an exemption or exception, or seeks further clarification of the C-CIRC's decision, the following steps should be followed. Within a reasonable period of time after receiving notice of the C-CIRC's decision, the Person must present the matter to the Person's immediate direct manager or supervisor (or in the case of a Researcher, to [fill in the title or position to whom Researchers report]) and request reconsideration, submitting at that time any new or additional information that may support or recommend reconsideration. If the Person's manager individually or in consultation with th

The C-CIRC will be reconvened for this purpose and, following such reconsideration, issue a final determination. This appeals process is intended to be narrowly applied, as Persons seeking conflict of interest exemptions or exceptions are expected to offer all available information supporting an exemption or exception at the time the matter is first presented to the C-CIRC. Management of actual or potential conflicts of interest of board or board committee members and corporate officers will be determined by the appropriate board, as reflected in the Policy. Reviews and determinations involving board and board committee members and corporate officers will be the responsibility of the board, board executive committee, or board chair, with guidance from the Legal Services Group (LSG). Each Trustee and Corporate Officer must promptly and fully report to the Board Chair situations that may create a conflict of interest when he or she becomes aware of such situations. In any situation when a Trustee or Corporate Officer is in doubt, full disclosure should be made to permit an impartial and objective determination. A written record of the disclosure will be made. In addition to the ongoing disclosure obligation, all Trustees and Corporate Officers shall complete a COI disclosure questionnaire on an annual basis. A copy of the COI Policy shall be available to Trustees and Corporate Officers. Definitions of terms used in the disclosure questionnaire/form shall also be included. Each Trustee and Corporate Officer must promptly complete the COI disclosure. COI disclosures that involve no disclosures of conflicts of interest will not require review. Disclosures of perceived, potential or actual conflicts of interest on the COI questionnaire involving financial interests will be reviewed by National or Regional LSG.

Form 990, Part VI, Line 15b Process to establish compensation of other employees	It is the policy of Unity Family Healthcare that each executive compensation arrangement between Unity Family Healthcare and any person of substantial influence shall be targeted at the 65th percentile of total executive remuneration for comparably sized tax-exempt organizations in the health care industry. The Fargo Division meets annually to review and approve the compensation of all Senior Leadership Team members, including other officers and key employees. In addition, the CEO presents a recommendation and supporting documentation to the committee for all other Senior Leadership Team positions based on survey data from the hospital association and other data sources for comparable positions. Divisional HR reports to the board for CFO and CEO compensation. Executive compensation arrangements with any physician who is a person of substantial influence (i.e., also a voting board member) are not subject to this policy, but shall be reviewed and approved in accordance with Unity Family Healthcare's physician transaction review policy. According to the policy, all terms of the physician employment contracts, including any and all compensation matters, are reviewed and approved by the Employed Physician Integration Council (EPIC) and Physician Transaction Review Committee (PTRC). Only after EPIC recommendation and PTRC approval is a physician employment contract created. In addition, during the tax year ended 6/30/18, various officers and directors received compensation from related organizations. Any executive compensation paid to officers and directors by related organizations was set by the related organization's compensation committee utilizing both an independent consultant and comparability studies to determine compensation.
