Part III, Line 4	The footnote to the Organization's financial statements that describes bad debt expenses is located in Footnote 1 on page 10 of the attached audited financial statements
Part III, Line 8	Medicare allowable costs of care are based on the Medicare Cost Report. The Medicare Cost Report is completed based on the rules and regulations set forth by Centers for Medicare and Medicaid Services. Avera Queen of Peace follows the CHA guidelines in reporting community benefits and therefore any Medicare shortfall (as calculated including our non-cost report entities) is excluded from our community benefit report. However, Medicare is the Organization's largest payer and patients with Medicare coverage are accepted regardless of whether or not a surplus or deficit is realized from providing the services. This basis therefore means providing Medicare services promotes access to healthcare services which is a key advantage for our community.

Avera Weskota Memorial Medical Center	These unmet needs include * Assisted Living Assisted living was identified as a need in the community for the 2013 and 2016 CHNA. In 2013, this issue was referred to Weskota Manor Avera. Developing assisted living is in the nursing home's long range strategic plan, but it is not financially feasible at this time. The health care community, hospital advisory board, and nursing home governing board will be educated regarding this plan. Avera Weskota Memorial Hospital will refer the identified need to Weskota Manor Avera for consideration in their long range strategic planning. In-home services are available to assist tenants in the independent living apartments. Services include skilled home health and hospice services, hot meal programs, bus transit services and homemaker programs. * Recruitment of Healthcare Workers Recruitment of healthcare staff was also identified as a concern. Low unemployment rate as well as a shortage of healthcare and home maker program applicants is a problem across the state. The facility will continue to apply creative ideas to recruitment and will not pursue this as a community health needs priority. Avera Weskota Memorial Hospital and the other healthcare facilities will continue to work with this issue. The hospital is using the South Dakota Retention Bonus as an incentive to recruit and retain professional staff, in addition to loan forgiveness and bonuses. This incentive has helped recruit and retain some, but not all, staff. Avera Weskota is participating in a Margaret A. Cargill Foundation Grant with Dakota Wesleyan University to educate and prepare Certified Nursing Assistants (CNA) and nurses in rural communities. In addition, the hospital will participate with University of South Dakota and United States Department of Agriculture (USDA) project, a project whereby student education is delivered via telemedicine to rural students at the facility.
