**Form 990, Part III, Line 4a:**

Content Represents approximately 1,491 hours of broadcast content, provided by PBS to its 153 member public television licensees, to inform, inspire, engage, and educate. This expense category includes costs associated with administering programming, including content oversight, program scheduling and packaging. PBS capitalizes the cost of purchased broadcast rights (obtained principally for the National Program Service), charging such rights to expense when the program is made available to member stations for initial broadcast. Unamortized broadcast rights are shown as noncurrent assets in the consolidated statements of financial position because current portions are not readily determinable.

## **Form 990, Part III, Line 4b:**

Technology and Operations Represents the scheduling and logging of all satellite feeds, media operation center handling, technical evaluation and other pre-transmission processing of all program video, and program origination transmission including operational support for news and other live event coverage. This expense category also includes other technical research and planning, the management of excess satellite transponder capacity, and the lease and acquisition of satellite capacity.
