Part III Bad Debt, Medicare, & Collection Practices

Section A. Bad Debt Expense

		Yes	No
1 Did the organization report bad debt expense in accordance with Healthcare Financial Management Association Statement No. 15?	1	Yes	
2 Enter the amount of the organization's bad debt expense. Explain in Part VI the methodology used by the organization to estimate this amount.	2	4,697,791	
3 Enter the estimated amount of the organization's bad debt expense attributable to patients eligible under the organization's financial assistance policy. Explain in Part VI the methodology used by the organization to estimate this amount and the rationale, if any, for including this portion of bad debt as community benefit.	3	0	
4 Provide in Part VI the text of the footnote to the organization's financial statements that describes bad debt expense or the page number on which this footnote is contained in the attached financial statements.			

Section B. Medicare

5 Enter total revenue received from Medicare (including DSH and IME).	5	18,204,454
6 Enter Medicare allowable costs of care relating to payments on line 5.	6	19,378,655
7 Subtract line 6 from line 5. This is the surplus (or shortfall).	7	-1,174,201
8 Describe in Part VI the extent to which any shortfall reported in line 7 should be treated as community benefit. Also describe in Part VI the costing methodology or source used to determine the amount reported on line 6. Check the box that describes the method used.

Schedule H, Part I, Line 7 Bad Debt Expense excluded from financial assistance calculation	4697791

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Schedule H, Part III, Line 2 Bad debt expense - methodology used to estimate amount	Costing methodology for amounts reported on line 2 is determined using the organization's cost/charge ratio of 20 85 % (updated annually) When discounts are extended to self-pay patients, these patient account discounts are recorded as a reduction in revenue, not as bad debt expense
Schedule H, Part III, Line 3 Bad Debt Expense Methodology	Flaget Healthcare, Inc does not believe that any portion of bad debt expense could reasonably be attributed to patients who qualify for financial assistance since amounts due from those individuals' accounts will be reclassified from bad debt expense to charity care within 30 days following the date that the patient is determined to qualify for charity care

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Schedule H, Part III, Line 4 Bad debt expense - financial statement footnote	Flaget Healthcare, Inc. does not issue separate company audited financial statements. However, the organization is included in the consolidated financial statements of Catholic Health Initiatives. The consolidated footnote reads as follows: The provision for bad debts is based upon management's assessment of historical and expected net collections, taking into consideration historical business and economic conditions, trends in health care coverage, and other collection indicators. Management routinely assesses the adequacy of the allowances for uncollectible accounts based upon historical write-off experience by payor category. The results of these reviews are used to modify, as necessary, the provision for bad debts and to establish appropriate allowances for uncollectible net patient accounts receivable. After satisfaction of amounts due from insurance, CHI follows established guidelines for placing certain patient balances with collection agencies, subject to the terms of certain restrictions on collection efforts as determined by each facility. The provision for bad debts is presented in the consolidated statement of operations as a deduction from patient services revenues (net of contractual allowances and discounts) since CHI accepts and treats all patients without regard to the ability to pay.
Schedule H, Part III, Line 8 Community benefit & methodology for determining medicare costs	Using essentially the same Medicare cost report principles as to the allocation of general services costs and "apportionment" methods, the "CHI Workbook" calculates a payers' gross allowable costs by service (so as to facilitate a corresponding comparison between gross allowable costs and ultimate payments received). The term "gross allowable costs" means costs before any deductibles or co-insurance are subtracted. Flaget Healthcare Inc.'s ultimate reimbursement will be reduced by any applicable copayment/deductible. Where Medicare is the secondary insurer, amounts due from the insured's primary payer were not subtracted from Medicare allowable costs because the amounts are typically immaterial. Although not presented on the Medicare cost report, in order to facilitate a more accurate understanding of the "true" cost of services (for "shortfall" purposes) the CHI Workbook allows a health care facility not to offset costs that Medicare considers to be non-allowable, but for which the facility can legitimately argue are related to the care of the facility's patients. In addition, although not reportable on the Medicare cost report, the CHI workbook includes the cost of services that are paid via a set fee-schedule rather than being reimbursed based on costs (e.g. outpatient clinical laboratory). Finally, the CHI Workbook allows a facility to include other health care services performed by a separate facility (such as a physician practice) that are maintained on separate books and records (as opposed to the main facility's books and records which has its costs of service included within a cost report). True costs of Medicare computed using this methodology: Total Medicare Revenue \$18,204,454 Total Medicare costs \$19,378,655 Surplus or Shortfall \$(1,174,201). Flaget Healthcare, Inc. believes that excluding Medicare losses from community benefit makes the overall community benefit report more credible for these reasons. Unlike subsidized areas such as burn units or behavioral-health services, Medicare is not a differentiating feature of tax-exempt health care organizations. In fact, for-profit hospitals focus on attracting patients with Medicare coverage, especially in the case of well-paid services that include cardiac and orthopedics. Significant effort and resources are devoted to ensuring that hospitals are reimbursed appropriately by the Medicare program. The Medicare Payment Advisory Commission (MedPAC), an independent Congressional agency, carefully studies Medicare payment and the access to care that Medicare beneficiaries receive. The commission recommends payment adjustments to Congress accordingly. Though Medicare losses are not included by Catholic hospitals as community benefit, the Catholic Health Association guidelines allow hospitals to count as community benefit some programs that specifically serve the Medicare population. For instance, if hospitals operate programs for patients with Medicare benefits that respond to identified community needs, generate losses for the hospital, and meet other criteria, these programs can be included in the CHA framework in Category C as "subsidized health services." Medicare losses are different from Medicaid losses, which are counted in the CHA community benefit framework, because Medicaid reimbursements generally do not receive the level of attention paid to Medicare reimbursement. Medicaid payment is largely driven by what states can afford to pay, and is typically substantially less than what Medicare pays.

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Schedule H, Part III, Line 9b Collection practices for patients eligible for financial assistance	The organization's billing and collections policy applies to all individuals presenting for emergency or other medically necessary care. The policy contains provisions for collecting amounts due from those patients who the organization knows to qualify for financial assistance either through the traditional financial assistance application process or through presumptive eligibility processes. Before engaging in extraordinary collection actions (ECAs) to obtain payment for EMCare, Hospital Facilities must make reasonable efforts through its billing and collections processes, pursuant to Treas. Reg. Â§1.501(r)-6(c), to determine whether an individual is eligible for Financial Assistance. In no event will an ECA be initiated prior to 120 days from the date the Facility provides the first post-discharge billing statement (i.e., during the Notification Period) unless all reasonable efforts have been made. Hospital Facilities will not refer accounts for collection where the patient has initially applied for Financial Assistance, and the Hospital Facility has not yet made reasonable efforts with respect to the account. For patients and Guarantors who are unable to provide required documentation, a Hospital Facility may grant Presumptive Financial Assistance based on information obtained from other resources. Patients who qualify for Medicaid are presumed to qualify for full charity write off. Any charges for days or services written off (excluding Medicaid denials related to timeliness of billing, insufficient medical record documentation, missing invoices, authorization, or eligibility issues) as a result of a Medicaid are booked as charity. Some Medicaid plans offer coverage for a limited or restricted list of services. If a patient is eligible for Medicaid, any charges for days or services not covered by the patient's coverage may be written off to charity without a completed application. This does not include any Share of Cost (SOC) or other patient cost-sharing amounts such as deductibles or copayments, as such costs are determined by the state to be an amount that the patient must pay before the patient is eligible for Medicaid. Health and Human Services (HSS) uses the term "Spend Down" instead of Share of Cost. All collection activities conducted by the Facility, a Designated Supplier, or its third-party collection agents will be in conformance with all federal and state laws governing debt collection practices. All third-party agreements governing collection and recovery activities must include a provision requiring compliance with the hospital facilities' financial assistance and billing and collections policy and indemnification for failures as a result of its noncompliance. This includes, but is not limited to, agreements between third parties who subsequently sell or refer debt of the Hospital Facility.

Schedule H, Part VI, Line 4 Community information	Flaget Memorial Hospital opened in 1951 as a result of the determination of the Sisters of Charity of Nazareth who pioneered the development of health care institutions in Kentucky. In 2005, Flaget Memorial Hospital moved into its current facility on a large campus so as to allow its expansion for many years to come. Today, it is a 52-bed hospital located in Bardstown, KY offering a full range of services including cancer care, orthopedics, women's care, weight loss surgery and primary care. According to the 2017 county health rankings, Nelson County is the 25th healthiest county of Kentucky's 120 counties. Also, according to the 2016 U.S. Census Bureau, Nelson County's population was 45,559. Of the population in Nelson County, 92.3% of the population is white, 5.2% is black or African American and the remaining 2.5% as other. The median household income was \$51,408, above the state's median income of \$44,811. Approximately 11.6% of Nelson County residents live below the poverty level and 6.2% are uninsured. Schedule H, Part VI, Line 5 Promotion of community health	The organization's hospital facility promotes health for the benefit of the community. Medical staff privileges in the hospital are available to all qualified physicians in the area, consistent with the size and nature of its facilities. The organization's hospital facility has an open medical staff. Its board of trustees is composed of prominent citizens in the community. Excess funds are generally applied to expansion and replacement of existing facilities and equipment, amortization of indebtedness, improvement in patient care, and medical training, education, and research. The facility treats persons paying their bills with the aid of public programs like Medicare and Medicaid. All patients presenting at the hospital for emergency and other medically necessary care are treated regardless of their ability to pay for such treatment.

Form and Line Reference	Explanation
Schedule H, Part V, Section B, Line 3E	To achieve consistency and to identify opportunities for collaboration, priorities were identified as presented in the Robert Wood Johnson County Health Rankings health factors. The vast majority of health outcomes-measured by both length of life and quality of life-are determined by the health factors in these categories: social and economic factors, health behaviors, clinical care and the physical environment. These health factors represent what is commonly referred to as social determinants of health. The Robert Wood Johnson Foundation's County Health Rankings model illustrates the following: 1) Social and economic factors account for 40% of a person's health outcomes and include these health factors: education, employment, income, family and social support, and community safety. 2) Health behaviors account for 30% of health outcomes and include these health factors: tobacco use, diet and exercise, alcohol and drug use, and sexual activity. 3) Clinical care accounts for 20 % of health outcomes and includes these health factors: access to care and quality of care. 4) The physical environment accounts for 10% of health outcomes and includes these health factors: air and water quality, housing, and transit. Each of the 13 health factors listed above were assessed for eight prioritization factors: magnitude, impact on mortality, impact on morbidity, trends, community input, strategic alignment, comparison to peer communities and common identification. Each health factor received a score of zero to four, with a four indicating the greatest need possible for that particular factor. The total score was the sum of all prioritization factors for that particular health factor, and the possible total score is 32. To address the health needs that heavily influence health outcomes, a system for ranking community health needs using a weighted scale to account for the measure of influence was utilized. The measure of influence was the percentage of effect that each category of health factors had on health outcomes. The weighted score was created by multiplying the total score for each health measure by the percentage of their influence on overall health. For example, tobacco use is a health behavior. If all eight prioritization factors added up to a total score of 21, this number was then multiplied by 30%-the measure of influence for a health behavior according to the County Health Rankings model. This weighted score was then compared against the other categories. The factors with the highest weighted scores were identified as community health priority needs for the community served. Additionally, secondary data from local, state and federal sources were compiled from demographic and socioeconomic sources from information on disease prevalence, health indicators, health equity and mortality. Flaget Memorial Hospital carefully reviewed the community needs, existing programs provided within the community, and available hospital resources. Senior leadership chose

Representatives of Flaget Memorial Hospital also held a focus group with the LTDHD to understand their concerns about health in Nelson County in July 2015. Soliciting the LTDHD's input satisfies the IRS requirement to take into account feedback from local health departments with expertise relevant to the needs of the community served by the hospital. Additionally, feedback from the LTDHD further represents feedback from the underserved, including the senior population, in Nelson County due to the special knowledge of local health departments. Regional Strategy Representative Michael Spine, former Senior Vice President, Strategy and Business Development for KentuckyOne Health, provided feedback for this report in the form of prioritizing 13 health measures for each KentuckyOne Health hospital, including Flaget Memorial Hospital in January 2016. Mr. Spine considered county-level data in conjunction with each measure's potential link to KentuckyOne Health's strategic alignment and the likelihood of building sustainable strategies to address those efforts related to each health measure. Soliciting Mr. Spine's input satisfies the CHI requirement for a representative from KentuckyOne Health's regional strategy and business development department to be engaged in the CHNA process.

Part III Supplemental Information

Provide the information, explanation, or descriptions required for Part I, lines 1a, 1b, 3, 4a, 4b, 4c, 5a, 5b, 6a, 6b, 7, and 8, and for Part II. Also complete this part for any additional information.

Return Reference	Explanation
Schedule J, Part I, Line 3 Arrangement used to establish the top management official's compensation	Compensation for the top management official was established and paid by Saint Joseph Health System, Inc. (SJHS), a related organization. SJHS used the following to establish the top management official's compensation: (1) Independent Compensation Consultant, (2) Compensation Survey or Study, (3) Approval by the Board or Compensation Committee.
Schedule J, Part I, Line 4a Severance or change-of-control payment	Post-termination payments are addressed in executive employment agreements for Catholic Health Initiatives ("CHI") and related organizations' employees at the level of Vice President and above, including the MBO CEOs. These employment agreements require that in order for the executive to receive post-termination payments, these individuals must execute a general release and settlement agreement. Post-termination payment arrangements are periodically reviewed for overall reasonableness in light of the executive's overall compensation package. The following reportable individuals received severance payments from Catholic Health Initiatives (a Related Organization) during the 2017 calendar year, and these severance payments were included in the individual's W-2 income and reportable compensation on Schedule J: Beverly Downs - \$252,591; Melinda Evans - \$137,560; Ruth Williams Brinkley - \$80,812; John Bradford - \$85,384.
Schedule J, Part I, Line 4b Supplemental nonqualified retirement plan	During the 2017 calendar year, Catholic Health Initiatives ("CHI"), a related organization, maintained a supplemental non-qualified deferred compensation plan for MBO CEOs/Presidents and other CHI employees at the level of Senior Vice President and above. The following reportable individuals were eligible to participate in that plan: Ruth Williams Brinkley, Paul Edgett, Jennifer Nolan. During 2017, the following contributions were made by CHI to the deferred compensation plan: Jennifer Nolan - \$19,018. During 2017, the following distributions were made by CHI from the deferred compensation plan: Jennifer Nolan - \$29,704; Ruth Williams Brinkley - \$427,070. Due to the "super" vesting rules under the CHI deferred compensation plan, participants who had met certain requirements such as involuntary termination without cause, age, age and years of service, or more than 5 years of plan participation were eligible to receive their 2017 contributions in cash during the calendar year. These cash payouts are included in the participant's reportable compensation in column (iii) Other Reportable Compensation on Schedule J Part II. During 2017, the following contributions and associated gains or losses that would have been made by CHI to the deferred compensation plan were paid in cash: Paul Edgett - \$139,620; Ruth Williams Brinkley - \$135,990.

Form 990, Part VI, Line 12c Conflict of Interest Policy	The Board Chair or designee shall make such further investigation of any conflict of interest disclosures as he or she may deem appropriate. If the conflict involves the Board Chair, the Vice Chair will assume the Chair's role outlined in the COI Policy. Based on review and evaluation of the relevant facts and circumstances, the Board Chair will make an initial determination as to whether a conflict of interest exists and whether, pursuant to the COI Policy, review and approval or other action by the Board is required. A written record of the Board Chair's determination, including relevant facts and circumstances, will be made. The Board Chair shall then make an appropriate report to the Executive Committee of the Board concerning such review, evaluation and determination. If a difference of opinion exists between the Board Chair and another Trustee as to whether the facts and circumstances of a given situation constitute a conflict of interest or whether Board review and approval or other action is required within the COI Policy, the matter shall be submitted to the Board's Executive Committee, which shall make a final determination as to the matter presented. Such determination, including relevant facts and circumstances, will be reflected in the Executive Committee minutes and will be reported to the Board. The Board shall carefully scrutinize and must in good faith approve or disapprove any transaction in which CHI or a CHI Entity is a party and in which the Trustee or Corporate Officer either * Has a material financial interest, or * Is a Trustee or Corporate Officer of the other party (other than a CHI-affiliated organization). The Board must approve the transaction by a majority of the Trustees on the Board, without counting the vote of any individual who has an interest in the transaction. In reviewing such transactions between CHI or CHI Entities and vendors or other contractors who are, or are affiliated with, Trustees or Corporate Officers, the Board shall act no more or less favorably than it would in reviewing transactions with unrelated third parties. The transaction will not be approved unless the Board determines that the transaction is fair to CHI or the CHI Entity. The Board shall carefully review and scrutinize any non-transactional conflict of interest (e.g., disclosure of nonpublic information, competition with CHI or a CHI Entity, failure to disclose a corporate opportunity, excessive gifts or entertainment, etc.). By a majority vote of the disinterested Trustees, the Board shall take whatever action is deemed appropriate with respect to the Trustee or Corporate Officer under the circumstances, including possible disciplinary or corrective action, in order to best protect the interests of CHI or the CHI Entity. The Board should consult with the General Counsel of CHI or his or her designee when considering disciplinary or corrective action. When any conflict of interest is considered by the Board, the Trustee or Corporate O

The Trustee shall not vote and the Trustee or Corporate Officer shall not use his or her personal influence on the matter. However, if requested, such Trustee or Corporate Officer is not prevented from briefly stating his or her position in the matter, nor from answering pertinent questions from Trustees, as his or her knowledge may be of significant importance. The Trustee or Corporate Officer shall be excused from the meeting during discussion and vote on the conflict of interest. Minutes of the Board shall reflect the following: the individual making the disclosure, the nature of the disclosure, discussion regarding any proposed transaction, the decision made by the Board, and that the interested Trustee or Corporate Officer was excused during the discussion, and that the interested Trustee abstained from voting. If the Board reasonably believes that a Trustee or Corporate Officer has failed to disclose either an actual or potential conflict of interest, or all material facts surrounding an actual or possible conflict as required by the COI Policy, the Trustee or Corporate Officer will be given an opportunity to explain such alleged failure to disclose. After hearing the response of the Trustee or Corporate Officer, the Board will conduct such additional investigation as may be appropriate. If the Board determines that the Trustee or Corporate Officer has in fact failed to disclose as required by the COI Policy, the Board shall take appropriate disciplinary or corrective action. All determinations of conflicts of interest are reported as required by law, regulations, and CHI policy.

990 Schedule O, Supplemental Information

Return Reference	Explanation
Form 990, Part VI, Line 12c Conflict of interest policy	Catholic Health Initiatives ("CHI") has a Conflicts of Interest ("COI") policy (the "Policy") in place to maintain the integrity of all of its activities. The Policy applies to CHI Board of Stewardship Trustees and members of its committees, all CHI Entity board and board committee members, all CHI employees, and all CHI research personnel (both employed and non-employed). Disclosure, review and management of perceived, potential or actual conflicts of interest are accomplished through a defined COI disclosure review process. Each Person must promptly and fully disclose to his/her direct manager, supervisor, medical staff office, board or board committee chair any situation or circumstance that may create a conflict of interest. The Person must disclose the actual or potential conflict as soon as s/he becomes aware of it. In any situation where the Person may be in doubt, a full disclosure should be made to permit an impartial and objective determination. In addition to the general ongoing obligation, there are initial disclosure obligations. At the time of initial appointment, a copy of the Policy shall be distributed to the board or committee member along with a conflict of interest disclosure. The board or committee member will complete and submit the disclosure. The completed disclosure shall be maintained in confidence and access shall be limited to persons who have a reasonable need to know the contents. At the time of hiring, a copy of the Policy shall be distributed to all Employees. In addition, a conflict of interest disclosure will be provided. The Employee must complete and submit a conflict of interest disclosure. The completed disclosure shall be maintained in confidence and access shall be limited to persons who have a reasonable need to know the contents. In addition to the general ongoing and initial disclosure obligations, there is an annual disclosure obligation. On an annual basis, the following Persons must complete a new conflict of interest disclosure: * Board and board committee members, * Employees at the level of vice president and above, * Researchers, * Supply Chain Employees at the level of vice president and above and those employees involved in contracting regardless of employment level, * Other Employees as deemed applicable by CHI Leadership. Disclosures of perceived, potential or actual conflicts involving financial interests are forwarded to the Conflicts of Interest Review Committee ("C-CIRC"), National or Regional Legal Services, National, Entity, or Research Corporate Responsibility Program, or the Executive Committee of the Board or Board Chair, for review depending on the position of the person involved. Among the factors that should be considered in determining whether a conflict exists are the nature and magnitude of the opportunity, transaction or arrangement, the degree to which it is related to CHI's business, whether the Person with the conflict is the ultimate decision-maker or holds significant in

When a Person has, or is considering initiating, a business interest or relationship outside of CHI but is uncertain whether the interest constitutes a conflict of interest requiring disclosure under this Policy, the Person should consult with local Corporate Responsibility Program (CRP) staff or CHI Legal Services Group (LSG) staff, as appropriate. As appropriate, a COI management plan will be developed. With respect to those audiences for which the C-CIRC has review responsibility, the C-CIRC will facilitate development of any such COI management plan in collaboration with local CRP staff or CHI LSG staff, as appropriate. This plan will include documentation of the C-CIRC's determinations and recommendations. As necessary, reports to an appropriate governmental agency or sponsor will be made according to the relevant appendices to this Policy to provide required information regarding how the conflict of interest will be managed, reduced, or eliminated. Designated CHI Entity staff are responsible for monitoring the COI management plan and for documenting monitoring activities. At its sole discretion, a CHI Entity may reject a Person's request to enter into the relationship in question, or require the relationship be sufficiently altered to avoid a potential conflict of interest. The C-CIRC will determine whether a disclosed or otherwise identified interest is a conflict of interest. If the C-CIRC determines that a potential or actual conflict of interest exists that does not currently have appropriate controls to address the conflict of interest, it may recommend that the disclosing Person be allowed to participate in the activity or transaction subject to restrictions as outlined in a written COI management plan. All determinations of conflicts of interest will be reported as required by law, regulations, and CHI policy. If a Person, other than a board or board committee member or corporate officer, required to complete a COI disclosure does not agree with a determination made by the C-CIRC, its interpretation of the COI Policy, still seeks an exemption or exception, or seeks further clarification of the C-CIRC's decision, the following steps should be followed. Within a reasonable period of time after receiving notice of the C-CIRC's decision, the Person must present the matter to the Person's immediate direct manager or supervisor (or in the case of a Researcher, to [fill in the title or position to whom Researchers report]) and request reconsideration, submitting at that time any new or additional information that may support or recommend reconsideration. If the Person's manager individually or in consultation with th

Form 990, Part VI, Line 12c Conflict of interest policy	e manager's Vice President (or higher if the manager is a Vice President) finds that new information supporting reconsideration has been presented, the manager will contact local or National CRP staff, as appropriate, and request that the matter be re-presented to the C-CIRC. The C-CIRC will be reconvened for this purpose and, following such reconsideration, issue a final determination. This appeals process is intended to be narrowly applied, as Persons seeking conflict of interest exemptions or exceptions are expected to offer all available information supporting an exemption or exception at the time the matter is first presented to the C-CIRC. Management of actual or potential conflicts of interest of board or board committee members and corporate officers will be determined by the appropriate board, as reflected in the Policy. Reviews and determinations involving board and board committee members and corporate officers will be the responsibility of the board, board executive committee, or board chair, with guidance from the Legal Services Group (LSG). Each Trustee and Corporate Officer must promptly and fully report to the Board Chair situations that may create a conflict of interest when he or she becomes aware of such situations. In any situation when a Trustee or Corporate Officer is in doubt, full disclosure should be made to permit an impartial and objective determination. A written record of the disclosure will be made. In addition to the ongoing disclosure obligation, all Trustees and Corporate Officers shall complete a COI disclosure questionnaire on an annual basis. A copy of the COI Policy shall be available to Trustees and Corporate Officers. Definitions of terms used in the disclosure questionnaire/form shall also be included. Each Trustee and Corporate Officer must promptly complete the COI disclosure. COI disclosures that involve no disclosures of conflicts of interest will not require review. Disclosures of perceived, potential or actual conflicts of interest on the COI questionnaire involving financial interests will be reviewed by National or Regional LSG. (Continued on Schedule O)
