Part III, Section A, Line 2	Laureate Psychiatric Clinic and Hospital, Inc has an established process to determine the adequacy of the allowance for uncollectable receivables that relies on a number of analytical tools and benchmarks to arrive at a reasonable allowance No single statistic or measurement determines the adequacy of the allowance for uncollectable receivables Some of the analytical tools that Laureate Psychiatric Clinic and Hospital, Inc utilizes include, but are not limited to, historical cash collection experience, revenue trends by payer classification, and revenue days in accounts receivable Accounts receivable are written off after collection efforts have been followed in accordance with Laureate Psychiatric Clinic and Hospital, Inc's policies Part III, Section A, Line 3 The bad debt attributable to patients eligible under the organization's financial assistance policy is calculated from a sample review of all bad debt accounts and subsequent information

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Part III, Section A, Line 4	The Saint Francis Health System, Inc. audited consolidated financial statements, which includes Laureate Psychiatric Clinic and Hospital, Inc., provide a separate footnote addressing the organization's accounts receivable and allowance for doubtful accounts on pages 5, 6 and 7. Laureate Psychiatric Clinic and Hospital, Inc. reports bad debt in accordance with Generally Accepted Accounting Principles (GAAP). Healthcare Financial Management Association Statement 15 is followed to the extent that the provision for bad debt at cost is determined using the same cost to charge ratio that is used to calculate charity care and Medicaid shortfalls. Discounts and allowances are accounted for separately from bad debt expense. Accounts receivable are valued at net realizable value. Laureate Psychiatric Clinic and Hospital, Inc. estimates the allowances for uncollectable receivables based on historic write-offs and the aging of the accounts.
Part III, Section B, Line 8	Costing Methodology. Medicare allowable costs were calculated using a cost-to-charge ratio and the Medicare filed cost report. The shortfall on Schedule H, Part III, Section B, Line 7 is considered community benefit. Laureate Psychiatric Clinic and Hospital, Inc. provides services to many low-income Medicare recipients. The Medicare losses sustained at the hospital are a result of Medicare reimbursing at less than operating costs. The supplemental hospital offset payment program (SHOPP) was created and implemented in calendar year 2011 for the purpose of assuring access to quality care for Oklahoma Medicaid members. The program is designed to assess Oklahoma hospitals, unless exempt, a supplemental hospital offset payment program fee. The collected fees are placed in pools and then allocated to hospitals based on Medicaid revenues as directed by legislation. The Oklahoma Health Care Authority (OHCA) does not guarantee that allocation will equal or exceed the amount of the supplemental hospital offset payment program fees that were paid by Laureate Psychiatric Clinic and Hospital, Inc. IRS Rev. Rul. 69-545 established the community benefit standard for hospitals and considers a hospital that serves patients covered by governmental health benefits (including Medicare) as operating to promote the health of the community and furtherance of its exempt purposes. Accordingly, treating Medicare patients is considered a community benefit.

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Part III, Section C, Line 9b	Laureate Psychiatric Clinic and Hospital, Inc s debt collection policy is to pursue collections of patient balances from patients who have the ability to pay for the services. Laureate Psychiatric Clinic and Hospital, Inc applies its collections efforts consistently and fairly to all patients regardless of insurance. Laureate Psychiatric Clinic and Hospital, Inc works with those individuals who do not have the financial resources to pay outstanding balances to qualify for Laureate Psychiatric Clinic and Hospital, Inc s financial assistance policy. Charges to patients qualifying for charity care under the Laureate Psychiatric Clinic and Hospital, Inc financial assistance policy are written-off 100 percent.
Part VI, Line 2	One of Laureate Psychiatric Clinic and Hospital, Inc 's fundamental operational goals is to identify and address the needs of the defined community that it serves. Justice is one of the core values of Laureate Psychiatric Clinic and Hospital, Inc and Saint Francis Health System, Inc. It calls for the organization to advocate for systems and structures that are attuned to the needs of the vulnerable and disadvantaged and to promote a sense of community among all persons. To effectively do this requires that Saint Francis Health System, Inc 1. Gathers and obtains information identifying those needs, and 2. Develops programs and services that address and provides access to those in greatest need of healthcare services. Historically, Saint Francis Health System, Inc and its entities' focus have been caring for those who are sick or vulnerable. In order to make informed decisions on how to care for the sick, at-risk and minority populations, Saint Francis Health System, Inc must first identify the priority health needs of these populations. During the fiscal year 2016, Saint Francis Health System, Inc conducted a Community Health Needs Assessment (CHNA) to address the healthcare needs of the community for each of its licensed hospital facilities and developed an implementation strategy to address the needs identified in the CHNA. The assessment is a compilation of national survey results, health information databases, government data, and analytical feedback from state and local partners. This data is used to identify potential courses of action based on existing healthcare facilities, available resources within the community, and capabilities of the community in terms of both socioeconomic and education status. Providing access to comprehensive, quality health services, providing effective treatments and services in the community for substance abuse disorders and mental health disorders, promoting the prevention of disease, reducing obesity and promoting healthy eating, cessation of tobacco use, and promoting the health of low-income and at-risk communities are among the public health issues that the assessment seeks to prioritize. The CHNA and implementation strategies are available to the public on Saint Francis Health System, Inc 's website at https://www.saintfrancis.com/Documents/CHNA.pdf .

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Part VI, Line 3	Saint Francis Health System, Inc. and its entities are committed to promoting health in the community including providing or finding financial assistance programs to assist patients. Saint Francis Health System, Inc. uses a multi-faceted approach to educate our patients on the availability of charity, as well as state and federal financial assistance. This includes several ways including, but not limited to, the following: - A brochure titled "Patient Financial Policy" on financial rights and responsibility is provided to every patient at the time of their registration and is available on the Saint Francis Health System, Inc. and Laureate Psychiatric Clinic and Hospital, Inc. websites. The brochure provides financial assistance program details. - The financial assistance policy, plain language summary, and application are posted on the Saint Francis Health System, Inc. and Laureate Psychiatric Clinic and Hospital, Inc. websites in English and the Limited English Proficiency languages of the Primary Service Area (PSA). - Saint Francis Health System, Inc. prints a phone number where patients can obtain information about financial assistance on the back of the billing invoices. - Self-pay patients are visited by a financial counselor upon admission to verify their self-pay status. The financial counselor works with the self-pay patients to determine if the patient may qualify for assistance under a government sponsored plan. If the patient does not qualify for a government sponsored plan then the financial counselor works with the patient to determine if they qualify for charity based on the Saint Francis Health System, Inc.'s financial assistance policy. - Saint Francis Health System, Inc. offers the financial assistance policy, as well as payment options as part of the patient responsibility during the follow up collection calls.
Part VI, Line 4	Community information The Primary Service Area (PSA) of Laureate Psychiatric Clinic and Hospital, Inc. consists of Tulsa County, where a significant majority of inpatient admissions originate. The tertiary service area is encompassed by the whole of eastern Oklahoma. The most recent needs assessment of fiscal year 2016 identified approximately 630,000 people in the PSA. Over one-quarter of Tulsa County residents are under the age of 18, and thirteen percent of the population is over the age of 65. Both of these figures indicate that the PSA has a slightly younger population than both the state of Oklahoma and the nation as a whole. The PSA is comprised of the following representation: - 64% Caucasian - 12% Hispanic or Latino - 11% African-American - 7% Native-Americans - 6% Two or more race In 2018, the median household income in Tulsa County was \$52,959, (about 9 percent below the US median) and the 2017 mean household income was \$74,062 (about 10 percent below the US average). The per capita income is slightly below the national median, but higher than the average for Oklahoma. Approximately 16 percent of the PSA's population lives in poverty, with the number climbing to almost 23 percent for those under 18. Nearly 13 percent of households in the county received food stamps/Supplemental Nutrition Assistance Program (SNAP) benefits in 2017. The uninsured rate in Tulsa County was approximately 15 percent. Of those in the PSA that do have insurance, 79 percent hold private insurance policies. Distressingly, when narrowing focus to the PSA civilian population age 19 to 64 that participates in the labor force, the uninsured rate rises to nearly 18 percent. During Oklahoma's 2018 fiscal year, there were 1,020,726 unduplicated Medicaid enrollees, meaning over 25 percent of the state's population was enrolled in the Medicaid program at some point in time. Tulsa County was home to 165,085 of those unduplicated enrollees, or approximately 26 percent of the PSA's population.

Form and Line Reference	Explanation
Part V, Section B, Line 11	The Community Health Needs Assessment (CHNA) identified the top ten needs (in order of highest priority) of the Tulsa community as poor diet/inactivity, chronic diseases, alcohol/drug abuse, access to healthcare, tobacco use, lack of education, aging problems, safety/crime, poverty/unemployment, and mental health. Laureate Psychiatric Clinic and Hospital, Inc. does not intend to address the health needs due to lack of education, aging problems, safety/crime, and poverty/unemployment due to lack of expertise in these areas. It is an unfortunate matter that certain socioeconomic burdens to the health of our community cannot be fully or effectively addressed by individual private institutions. The hospitals comprising Saint Francis Health System, Inc. provide millions of dollars each year in uncompensated care to the poor in the form of free or discounted care to the uninsured, the underinsured, and Medicaid beneficiaries. Laureate Psychiatric Clinic and Hospital, Inc., as well as Saint Francis Hospital, Inc., Saint Francis Hospital South, LLC, Saint Francis Hospital Vinita, Inc., Saint Francis Hospital Muskogee, Inc. and the senior leadership and Board of Directors of Saint Francis Health System, Inc. will continue to work with community and state-level policy and political leaders, safety net providers, and community advocates to build sustainable partnerships to better address these broader community needs. Saint Francis Health System, Inc. and all of its entities, including those not covered by the CHNA implementation strategy, will continue to be an advocate for the poor, the vulnerable and the underserved. Laureate Psychiatric Clinic and Hospital, Inc. and the other Saint Francis Health System, Inc. entities are addressing the community needs of access to healthcare, alcohol/drug abuse, chronic diseases, poor diet/inactivity, tobacco use, and mental health through various programs designed to improve access to healthcare, advance knowledge, identify root causes, and improve health status and quality of life. Access to healthcare. Access to comprehensive, quality health services is necessary for health equity and a healthy quality of life for individuals in our community. Access to healthcare can impact physical, social and mental health, disease and disability prevention, and life expectancy, among other things. Not having healthcare coverage obstructs the ability to access medical care, reduces utilization of preventive services, and contributes greatly to the costs of healthcare. Uninsured people are also less likely to receive medical care, more likely to die early, and more likely to have poor health status as they tend to delay treatment, experience diagnoses at later stages of disease progression, and may receive less medical care than patients with health insurance. Current policy efforts focus on the provision of insurance coverage as the principal means of ensuring access to healthcare among the general population. Almost two-thirds of

Form and Line Reference	Explanation
Part V, Section B, Line 11	Tulsa County adults surveyed ages 18 - 64 reported they had employer provided or private insurance (63.1 percent). An additional 14.3 percent reported insurance through a government sponsored program (Medicaid, Medicare, military benefits, or tribal/Indian health benefits). This age group was defined in order to exclude the Medicare population age 65 and older. However, 13.4 percent of Tulsa County adults ages 18-64 reported having no health coverage. This was lower than both Oklahoma (17.2 percent) and the US (20.0 percent). None of these regions met the Healthy People 2020 goal of universal coverage (no one without insurance). Saint Francis Health System, Inc. and Laureate Psychiatric Clinic and Hospital, Inc., in their mission to extend the presence and healing ministry of Christ in all we do, address these community health needs by providing charity care to those families meeting the 225 percent Federal Poverty Guidelines criteria. Additionally, the Xavier Medical Clinic, an entity fully owned and operated by Saint Francis Health System, Inc. offers the resources of 50 volunteer physicians, pharmacists, nurses and other health professionals to women, children and men who are uninsured or underserved. The clinic has two components, Xavier Medical Clinic and Xavier Pregnancy Program. Xavier Medical Clinic seeks to provide free, limited outpatient primary healthcare services, facilitate referrals to volunteer specialists, educate in good health practices and increase access to traditional healthcare. The Xavier Pregnancy Program provides pregnancy screening services to expectant mothers, many of whom lack the financial means necessary to purchase insurance. They follow the mother and baby throughout the pregnancy and during the postpartum time, assisting when needed at any identifiable need surfaces. Patients are referred to Saint Francis Hospital, Inc. for inpatient care including childbirth, as well as surgery and ancillary services. In fiscal year 2018, Xavier Medical Clinic received 8,900 patient visits, aided over 140 patients to receive referrals outside of the clinic, provided over 180 prescriptions with an equivalent cost of over \$201,197, dispensed over 11,479 prescriptions, and the Xavier Pregnancy Program assisted 472 women, resulting in 410 births at Saint Francis Hospital, Inc. Because of its dedicated and caring staff, Xavier Clinic is able to reach a group that might otherwise avoid or have difficulties accessing basic healthcare services. Saint Francis Health System, Inc. also holds several health fairs over the course of a year to disseminate health information and/or to provide health screenings to the community at large. Laureate Psychiatric Clinic and Hospital, Inc., Saint Francis Hospital, Inc., and Saint Francis Hospital South, LLC, Saint Francis Hospital Vinita, Inc., and Saint Francis Hospital Muskogee, Inc. will serve as acute care hubs for the patients that utilize the health system's primary, urgent, and specialty care.
