990 Schedule O, Supplemental Information

Return Reference	Explanation
FORM 990, PART III, LINE 4A	Program Service accomplishments While the State of Colorado's new Regional Accountable Entity (RAE) structure did not officially start until Fiscal Year 2019, much of Fiscal Year 2018 was spent making the necessary changes to position AspenPointe for success in the forthcoming paradigm, in which behavioral health and physical health funds are managed by the same entity. Medicaid dollars account for more than 65 percent of our revenues, so the transition to a fee-for-service payment model versus the capitation system of years past was not taken lightly. That meant moving from a fixed amount payment per patient for our three-county region (El Paso, Teller, Park counties) to where we are paid specifically and only for services rendered. The previous payment system gave AspenPointe considerable flexibility in managing a patient's care. The forthcoming payment model puts focus on operating more efficiently, with only medically necessary services and demonstrated outcomes. To begin with, we made sure key resources in Fiscal Year 2018 were devoted to our core mental health and substance misuse services and specialty areas so that our community's most vulnerable individuals and families have minimal impact in this upcoming time of transition. We turned our collective attention to quality of care, patient experience and improvement in organization structure to ensure success in the years ahead. Professional Care While our care and outcomes must be best in the business, so must our customer service to our patients, to our referral sources, and to the state of Colorado. We made a commitment to act and look professional at all times. That included everything from our email signatures and voicemail messages to our interactions with patients to our dress and appearance. Process Improvements Our service delivery also needed streamlining. Our leadership team did a complete audit of every service and program to get a better understanding of what we are doing well and where efficiencies are still needed. We looked for ways to increase productivity while not overshadowing quality. We honed in on utilization management, medical necessity, diagnoses, and improved documentation and treatment planning. Structure In order to be prepared for the future, our structure also needed finetuning to ensure the right people had oversight of the right areas. As the aforementioned changes were planned and carried out, we had to continue business as usual, all while breaking in a new Electronic Health Record, creating new programs and adopting new processes.
