990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Schedule H, Part I, Line 7	In most cases, the costs listed in Line 7 are actual costs associated with these programs. In cases where the costs for certain activities is too cumbersome to compile, the cost to charge ratio from the most recently filed Medicare Cost Report (FY2018) was used.
Schedule H, Part I, Line 7, Column f	Bad debt expense of \$6,499,107 were reported gross in Part IX, line 25 functional expenses. However, they were reported at cost in Schedule H based on the cost to charge ratio.

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Schedule H, Part I, Line 7g	The Hospital did include losses from certain subsidized Physician Clinics in Part I line 7g for both family practice and specialty physician practices. These losses are as follows: Soldotna Family Practice and Pediatrics (\$967,410), Neurology (\$169,943), Women's Health (\$644,692), Foot & Ankle (\$456,183), Internal Medicine (\$770,404), and Kenai Family Practice (\$291,363).
Schedule H, Part II	The Hospital supports local educational and workforce institutions through monetary donations, job fairs, job shadowing programs, internships, community partnerships, coalitions, and skills training. Community workforce development and health education improves the quality of life and the health of the community by fostering positive activities for area residents and engaging the community in health initiatives.

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Schedule H, Part III, Section A, Line 4	Bad debt provisions are made for the amount of revenue that will not be collected from patients to whom services were billed but not paid. The Hospital has determined these patients are neither medically nor financially indigent and do not qualify for the Hospital's charity care program. Bad debt provisions are determined by Management's assessment with consideration of business and economic conditions, changes and trends in the healthcare coverage, and other collection indicators. The adequacy of this provision is periodically reviewed and further modified based upon the accounts receivable payor mix and aging, and historical write-off trends by payor class. Schedule H, Part III amounts are based on the combined Medicare and Medicaid cost to charge ratio for tax year 2017 per our filed cost report. The amount which may be attributable to patients who qualify for charitable assistance or free care is estimated to be about 70% of the total. These are accounts which our financial counselors have made every effort to contact and assist patients with financial assistance applications, but the patient refused to apply. It is our belief that all of these bad debts should be considered community benefit because they provide a necessary and vital health benefit to community members regardless of ability to pay.
Schedule H, Part III, Section B, Line 8	It is our belief that the shortfall in actual receipts from Medicare compared to the cost to provide care to Medicare patients should be considered a community benefit. The reason for this stance is that the Hospital is required to write off all contractual allowances for Medicare patients regardless of the amount of the shortfall. The Hospital may only collect the portion which is a patient's co-pay or deductible and may not engage in collection efforts for the remainder. Medicare patients comprise a significant percentage of our community members, and our community Hospital must provide needed medical services to this population irrespective of the payments received. Costs included within this Schedule H are based on the as filed 2018 Medicare cost report (tax year 2017).

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Schedule H, Part III, Section C, Line 9b	The Hospital's collection policy PFS-546 addresses private pay patients and defines the individuals which are eligible to receive financial assistance based on either financial or medical indigence. The collection policy refers to the charity care policy for instructions for determining eligibility. As noted in Part I, the charity care policy is based on FPG which is the basis for a sliding scale between 200 and 300% of those guidelines. Applicants on the upper end of the scale are eligible for a discount on their bills, while those on the lower end of the scale are eligible for free care.
Schedule H, Part VI, Line 2	In addition to the Community Health Needs Assessment and strategic plan, the Hospital also determines health deficiencies in the community through a variety of other means. Hospital Administrators round on patients and meet regularly with an advisory committee comprised of area residents and former patients to determine the physician and specialty services necessary to meet the health concerns of the community. The Hospital also periodically hires consultants to determine the physician and specialty service needs in the community and to assist with physician recruiting. Lastly, an open dialogue exists between Hospital management, community leaders, the local governing body, patients, staff and medical providers. This community engagement is another source of identifying community health needs.

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Schedule H, Part VI, Line 3	Hospital admissions staff attempt to provide a financial assistance brochure to every patient during the admission or discharge process. The brochure is also available in hard copy at each hospital entrance, upon request, and on the Hospital's public website. It is also published in the local newspaper, at least quarterly, and reported in each Hospital report to the local governing body's public assembly meetings. Financial counselors personally contact all patients with past due balances and explain the financial assistance policy. They offer assistance with filling out the application, and also set up monthly payment plans for patients who do not qualify for 100% assistance. The Hospital employs 5 financial counselors that meet personally with patients to review their bills, set up payment arrangements, and assist with the financial assistance application process. The policy and assistance opportunities are published in the local newspaper, along with contact information for the Hospital's counselors.
Schedule H, Part VI, Line 4	The area served by the Hospital is located on the Kenai Peninsula in South central Alaska. The service area is comprised of 13 towns, and contains 65% of the population of the Kenai Peninsula Borough. According to the 2015 AK Department of Labor estimates, nearly 38,000 residents live in the geographic area serviced by the Hospital. According to the most recently completed CHNA (2016), the number of uninsured individuals between the ages of 18 and 64 has dropped from 22% in 2012 to 12% in 2016 as a result of Medicaid expansion and the Healthcare exchange.

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Schedule H, Part VI, Line 5	The Hospital engages in numerous community initiatives year-round to improve health and awareness and education in our service area. It also makes monetary donations to support healthcare efforts, healthy living programs, personnel support to local non-profits such as Hospice, makes public service announcements on important healthcare issues, provides health professional education, holds health fairs, immunization clinics, publishes community health newsletters, and provides meeting space for health and community activities.

The contractor also used 2014 US Census Bureau estimates, 2015 AK Department of Labor statistics, and health data for the community, state, and nation in the needs assessment. Hospital management provides additional information for the report through its partnerships and collaboration with other healthcare entities throughout the state. Other sources of data include the Alaska Hospital Nursing Home Association, Rural Healthcare and Small Hospital Association, the Kenai Peninsula Borough Assembly, and the Hospital Patient Advisory Committee.

Part III Supplemental Information

Provide the information, explanation, or descriptions required for Part I, lines 1a, 1b, 3, 4a, 4b, 4c, 5a, 5b, 6a, 6b, 7, and 8, and for Part II. Also complete this part for any additional information.

Return Reference	Explanation
Schedule J, Part I, Line 1a	Gross up payments are made for certain taxable fringe benefits including life insurance over \$50,000. A year-end wage adjustment is made for all affected employees to include the gross up for fringe benefits and excess life insurance benefits. The Hospital has historically paid all social security and Medicare taxes on such benefits while the employee is responsible for federal income taxes.
Schedule J, Part I, Line 1b	The year end gross up adjustment for fringe benefits and life insurance over \$50,000 is based on historical practice and is not based on written policy. The Hospital maintains that at some future date, employees may be required to pay their own FICA taxes on these benefits.
Schedule J, Part I, Line 3	The Hospital contracts with an independent consultant every 3 years to perform a review of executive salaries and benefits. The most recent review was completed in August 2017. The resulting report is provided to the Board and Management for review. The Board then sets compensation levels for the CEO through a written employment contract or amendment. The CEO is responsible for hiring the remainder of the Hospital's executive team and for using comparable data studies to set their salaries.
Schedule J, Part I, Line 4	The Hospital provides a 457 top hat plan to certain key employees and executives. The individuals listed on Schedule J participated in the plan and either deferred their own compensation or received hospital contributions into the plan during the tax year.
Schedule J, Part I, Line 5	In accordance with their employment contracts, Emergency Room physicians and surgeons receive a percentage of their professional fees billed as compensation. The compensation is not based directly on the Hospital's overall revenue, but rather on the individual charges that are generated by the Physician. This compensation method is considered reasonable and customary for these employed physicians.
Schedule J, Part I, Line 6	The Hospital pays an annual incentive plan bonus to all employees, supervisors, and executive staff based on a series of operational and quality measures in order to maintain the highest standard of patient care. One of the measures is meeting the Hospital's financial budget. There is a knock-out provision for the other measures if the financial budget is not met. The bonus is not calculated based on the Hospital's net earnings. Other measures are Quality of Care and Patient Satisfaction.
