1		Part II, Line 15 Program-related Investment #1	During a prior tax year, the Foundation entered into a loan agreement with missionaries located in a foreign country. The missionaries are not disqualified persons with respect to the Foundation. The purpose of the loan was to allow these individuals to purchase a home in the foreign country to further their religious and charitable missionary work in that country. This purpose is in furtherance of the Foundation's exempt purpose to "glorify God and His Son, Jesus Christ, by contributing resources to such individuals and entities as are effectively proclaiming through thought, word, and deed the Good News of the Kingdom of God in Jesus Christ." Under Regulation Section 53.4945-4(a)(3)(i), a grant to individuals for purposes other than travel, study, or similar purposes is not a taxable expenditure within the meaning of Section 4945(d)(3). Therefore, the transaction is not subject to the requirements of Section 4945(g). However, to ensure that funds are used in furtherance of the Foundation's exempt purposes, the Foundation followed procedures similar to the expenditure responsibility requirements of Regulation Section 53.4945-5. The Foundation performed the following procedures with respect to the loan: 1. Pre-grant inquiry. The recipient missionaries are personally known by a Foundation Board member. The Board member is familiar with the religious missionary activities of the individuals and was aware of the missionaries' need to secure housing to further their missionary activities in the foreign country. 2. Grant agreement. The loan agreement between the Foundation and the missionaries indicates that the funds are to be used only for the intended purposes and not for any prohibited purposes. The loan agreement additionally indicates that any portion of the funds not used for the intended purposes is required to be repaid. 3. Periodic reporting. The Foundation receives periodic updates from the missionaries regarding their missionary activities in the foreign country.
