Form and Line Reference	Explanation
Part III, Line 9b	As of 9/30/2011 Monadnock Community Hospital has a written credit and collection policy. Described within that policy are the collection practices and bad debt processes that are followed for patients who are known to qualify for charity care or financial assistance. The Organization maintains a Financial Assistance Program (FAP) database which is maintained by the Social Services Department of MCH. The Patient Financial Services (PFS) staff reference this database for approval status and eligibility amounts, identifying any account(s) where the discount will apply. Internal FAP insurance plans are applied to those accounts and related discount amounts are adjusted in the billing system. Remaining balances are expected to be paid in full by the patient. Payment plans may be requested by the patient and are established by the Financial Grant Coordinator based on the patient's available income and assets. Accounts are annotated to reflect payment arrangements. During bad debt processing, designated staff evaluate accounts listed as collection review for potential bad debt write off. This process includes an examination of account history for indication of FAP application.
Part VI, Line 2	The State of NH, under RSA 7 32-f, requires every healthcare charitable trust, either alone or in conjunction with other healthcare charitable trusts in its community, to conduct a Community Health Needs Assessment to assist in determining the activities to be included in its community benefits plan. The needs assessment process includes consultation with members of the public, community organizations, service providers, and local government officials in the entity's service area to identify and prioritize the community needs that the health care entity can address directly or in collaboration with others. The Community Health Needs Assessment is updated at least every three years, most recently in 2018 (tax year 2017). In 2007, the Regional Community Benefits Steering Committee was first formed to prepare a single Community Benefits Needs Assessment for the Monadnock Region. The work group consisted of representatives from multiple organizations, including Monadnock Community Hospital. Based on the needs assessment and community engagement process, the priority needs and health concerns of the community MCH serves include access to care - driven by financial barriers and/or availability of primary care, availability of behavioral health care, general socioeconomic issues, and transportation services. This collaboration is continued today, through a similar process for the CHNA. In mid-2018, MCH completed its

single Community Benefits Needs Assessment for the Monadnock Region. The work group consisted of representatives from multiple organizations, including Monadnock Community Hospital. Based on the needs assessment and community engagement process, the priority needs and health concerns of the community MCH serves include access to care - driven by financial barriers and/or availability of primary care, availability of behavioral health care, general socioeconomic issues, and transportation services. This collaboration is continued today, through a similar process for the CHNA. In mid-2018, MCH completed its most recent CHNA and successfully identified and prioritized service gaps in the region. Utilizing a consulting group along with community organizations, the team collaborated to not only identify these gaps but to work together to identify and implement a plan to decrease these service gaps and improve the overall health of the community. Monadnock Community Hospital uses this information to help focus its Community Benefit efforts to meet the priority needs identified in the Community Benefit Plan. In addition, other needs or services not specifically identified in the Community Health Needs Assessment, but addressed under the Organization's Community Benefit Plan include availability of dental or oral health care (via the Organization's Monadnock Healthy Teeth to Toes program which focuses on dental hygiene and care, nutrition, and daily physical activity for children ages kindergarten to third grade) and

availability of prescription medication (via the Organization's Medication Bridge program designed to help eligible patients apply for assistance programs that provide free or discounted prescription medications) Pursuant to State of NH RSA 7 32-c-1, a Community Benefits Reporting Form is filed annually with the

Part VI, Line 3 MCH is committed to providing quality healthcare to anyone in need of services, regardless of ability to pay We understand patients may not have the finances to pay for their healthcare services and medications, and do not want this to prevent anyone from receiving necessary treatment. As part of the Hospital's mission to the communities we serve, we have developed programs to help meet the needs of our patients who meet income eligibility. Through our Financial Assistance and Medication Bridge Programs, we have been providing financial assistance to those qualifying for many years. We reach out to our patients in many different ways to ensure they are aware that help is available and to quide them through the process Brochures and signage are posted in high traffic areas and all employees of MCH are informed about the Financial Assistance Program during orientation. Part VI, Line 5	Monadnock Community Hospital is a critical access hospital located in the Monadnock Region of NH Our mission is to improve the health and well-being of our community. The Hospital is served by a board of trustees consisting of local citizens active in their community and its organizations. The majority of the board is not employed by the Hospital and consists of local community and business representatives as well as medical staff. Each year, MCH seeks to make the Monadnock Region a healthier place to live by identifying new and changing healthcare needs, then developing a strategy to address some of the most pressing issues. In addition, no one is turned away who is in need of medical care. Our mission is to provide health care for everyone in our community, regardless of their ability to pay. The Hospital is committed to giving back to the community to the greatest extent possible. Monadnock Community. Hospital supports thousands of individuals and families with free or reduced-fee services and programs. Our Financial Assistance Program administered by the Social Services Department helps families and individuals in need with access to health care and other available community services such as catastrophic care, fuel assistance, meals on wheels, food banks, and visiting nurses. Other examples of the Hospital's effort to reach our patients beyond traditional hospital services include access to free or reduced cost medications through our Medication Bridge program, educating children on the importance of good oral hygiene through our Monadnock Healthy Teeth program which helps children in preschool through high school to get off to a good start regardless of family access to dental health care, training for community agencies such as local volunteer fire and rescue personnel, offering prevention and wellness education including nutrition, smoking cessation and dealing with stress, providing regular community seminars.

The approach used was diesigned to elicit perspective from a broad range of community stakeholders, especially tho se representing higher risk groups MCH used a multi-phased methodology to achieve the objectives of the assessment. The methodology included the following stages establishing a leadership team to provide project

guidance and insight regarding local health resources an diperspectives of community needs, strategic secondary research, conducting qualitative re search through group discussions and surveying community stakeholders representing high-ri sk populations in the service area, and needs prioritization process Establishing a Leade rship Team MCH benefits from having a highly stable group of community leaders, many of w hom have participated in CHNA processes and worked collaboratively with MCH to address pri oritized need for many years. The benefit is that a broad section of the MCH region service providers remain engaged and highly insightful about emerging needs, as well as the impact of existing strategies. The Leadership Group. Retaining a core group of highly experien ced participants is continually enhanced with the addition of new participants who bring c reative insight and unique perspectives. The result is an MCH-led CHNA Leadership Group that is highly effective, quickly transitions "assessed needs" to implementation strategies, and is sensitive to evolving needs and opportunities for improving health and wellbeing. The Group offered critical feedback on the project work plan, critiqued quantitative data, helped to refine the list of community needs, helped develop the database of available re sources, and participated in quantitative and qualitative research methods to build the prijoritized list of identified community needs. Qualitative (Primary) Research Leadership m eetings and one-on-one interviews were conducted with a broad range of MCH leaders, community stakeholders, other community service providers, and healthcare consumers in the servi ce area. The primary research also included quantitative and qualitative feedback provided from 33 community leaders and stakeholders via an electronic survey. The research approach was designed to "cast a broad net and engage underserved populations and other stakehold ers highly knowledgeable about resources and service gaps that those communities face. The research goals were (1)to flesh out a high-level list of community needs, and (2)to gain insight and granularity

regarding specific subpopulations impacted by higher priority need s. The discussion group included

Return Reference	Explanation
Form 990, Part VI, Section B, line 12c	On an annual basis, the Organization provides all administrators/directors/managers, Board Members, and medical staff members with the conflict of interest policy. Said individuals are required to complete a new conflict of interest disclosure on an annual basis. Any conflicts of interest noted are reviewed by the Chair of the Board, in conjunction with the Corporate Compliance Officer. If the conflict of interest appears to meet the policy definitions requiring full Board review, the Chair of the Board takes this to the full Board meeting, and it is discussed, and appropriate action is taken (in compliance with state and federal requirements). The conflict of interest statement requires signatories to inform the Hospital of any conflict of interest that occurs at any time throughout the year. If a conflict of interest arises during the year, it is reviewed by the Compliance Officer, and if necessary, is taken to the Board Chair/Board. The Compliance Officer confers with legal counsel with regard to conflicts of interest, if there is any question regarding the potential conflict.

Return Reference	Explanation	
Form 990	On December 30, 2016, Monadnock Community Hospital became affiliated with Catholic Medical Center (CMC), a 330-bed acute care hospital in Manchester, New Hampshire, and Huggins Hospital (HH), a 25-bed critical access hospital in Wolfeboro, New Hampshire, through the formation of a common parent, GraniteOne Health (GraniteOne) GraniteOne is a New Hampshire voluntary corporation that is recognized as being a Section 501(c)(3) tax-exempt and "supporting organization" within the meaning of Section 509(a)(3) of the Internal Revenue Code of 1986, as amended (the Code) GraniteOne serves as the sole member of the Hospital and HH and co-member of CMC, along with CMC Healthcare System, Inc GraniteOne is governed by a thirteen member Board of Trustees appointed by each of the respective hospitals within the GraniteOne system The GraniteOne Board of Trustees governs the GraniteOne system through the existence and execution of reserved powers to approve certain actions by the Boards of Trustees of each of the hospitals Through GraniteOne, this more integrated healthcare system enhances the affiliated hospitals' ability to coordinate the delivery of patient care, implement best practices, eliminate inefficiences and collaborate on regional planning. These efforts strengthen the hospitals' ability to meet the healthcare needs of their respective communities and provide for a more seamless patient experience across the continuum of care. The Hospital has engaged in various transactions with GraniteOne and CMC. The Hospital recognized revenue from these related parties of approximately \$340,000 for the year ended September 30, 2018 and \$215,000 from the date of affiliation, December 30, 2016, through September 30, 2018 and \$215,000 from the date of affiliation, December 30, 2016, through September 30, 2017, which is reflected within other revenue in the accompanying statements of operations. The Hospital also incurred expenses to these related parties of approximately \$3.1 million for the year ended September 30, 2018, and \$2.2
