BBC compares the current property conditions with the written observations and photos from the previous monitoring visit and will make special note of any major natural or man-made changes. BBC records all information and observations necessary for monitoring report in field notes. If a violation is found on the property, the owner and other easement holder will be notified in writing

immediately regarding the nature of the violation and any corrective action that needs to take place.

Part II, Line 9 - Organization Reporting Of Conservation Easements

Although conservation restrictions are real property rights, they possess little or no market value due to the resale market that is limited to the owner of the restricted property. Because of the limited market and due to the obligations inherent in conservation restriction ownership, the Organization conservation restriction holdings are not reflected in the accompanying combined financial statements as either assets or liabilities. The cost to acquire a conservation restriction is reflected as an expense.

Part V, Line 4 - Intended Uses Of Endowment Fund

To support the operations and program of the Buzzards Bay Coalition

Part X - FIN 48 Footnote

The Organization accounts for uncertainty in income taxes in accordance with ASC Topic, Income Taxes. This standard clarifies the accounting for uncertainty in tax positions and prescribes a recognition threshold and measurement attribute for the combined financial statements regarding a tax position taken or expected to be taken in a tax return. The Organization has determined that there are no uncertain tax positions which qualify for either recognition or disclosure in the combined financial statements at September 30, 2018 and 2017. BBC's information returns are subject to examination by the Federal and state jurisdictions.
