Part V, Line 4	<p>The Hospital has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to mission related programs such as those described in Part III, lines 4a-d while seeking to maintain purchasing power of the endowment assets. Endowment assets include those assets of donor-restricted funds that the Hospital must hold in perpetuity or for a donor-specific period(s). Under this policy, the endowment assets are invested in a manner that is intended to produce a real return, net of inflation and investment management costs, of at least 4% over the long term. Actual returns in any given year may vary from this amount. The Hospital's endowment consists of hundreds of individual funds established for a variety of purposes including but not limited to patient care, research and capital needs. Net assets associated with endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions.</p>

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Part I, Line 3c	The Charlotte Hungerford Hospital used Federal Poverty Guidelines to determine eligibility. In addition, the hospital takes into consideration, medical indigency, insurance status, underinsurance status and other family eligibility criteria such as family size, employment and financial obligations Part I, Line 6a. The Organization submits quarterly reports to Connecticut Hospital Association and Form 990 is submitted to the Connecticut Office of Health Strategy (OHS) annually.
Part I, Line 7	The organization utilized an overall cost to charge ratio (RCC), developed from the Medicare Cost Report. Total expense was adjusted for Medicaid provider taxes, directly identified community benefit expense and community building expenses. This cost to charge ratio was used to calculate costs for Part I lines 7a, b, & g. The costs associated with the activities reported on Part I, Line 7e were captured using actual time multiplied by an average salary rate. The costs associated with Line 7h, were the actual costs reported in the organization's general ledger less any industry funded studies. These costs were removed from the calculations above to avoid duplication. Costs reported in Part III, Section B6, were calculated from the Medicare cost report and reduced for Medicare costs previously reported on Part I Lines 7f and g.

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Part I, Line 7g	No physician clinic costs were included in the Subsidized Health Services cost calculations
Part II, Community Building Activities	The Charlotte Hungerford Hospital (CHH) interacts with the community to address needs and facilitate appropriate responses For FY18, CHH expended \$12,429 on community building activities

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Part III, Line 3	A pre-bad debt financial assistance screening is in place to identify patients that may be eligible for financial assistance. Pre-bad debt accounts that are identified as meeting the requirements are adjusted prior to being sent to bad debt. Therefore, any bad debt expense that could have been attributable to charity care at the end of FY 2018 would be immaterial.
Part III, Line 4	Please see the text of the footnote that describes bad debt expense beginning on page 26 of the Audited Financial Statement. The Footnote is also applicable Part III, Line 2.

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Part III, Line 8	<p>Cost Reports were used to report Medicare allowable costs. Medicare defines allowable costs as those appropriate and helpful in developing and maintaining the operation of patient care facilities and activities. It specifically excludes certain costs that are not directly related to patient care. The hospital incurs additional expense related to the provision of care to Medicare patients that Medicare has deemed non-allowable. This additional expense includes costs of physician services (emergency on-call fees, Hospitalist Programs, recruitment, etc.), advertising costs, cafeteria costs for meals sold to visitors, etc. The Hospital attempts to collect coinsurance and deductibles from Medicare beneficiaries. To the extent collection efforts are unsuccessful, Medicare reimburses the hospital at 65% of unpaid amounts. The table reconciles the shortfall or surplus from Line 7 to the actual surplus or shortfall. The additional costs were allocated to Medicare based upon Medicare's percentage of total allowable costs. The unpaid coinsurance/deductibles were estimated using historical collection results. Any shortfall amounts have not been treated as Community Benefits.</p>
Part III, Line 9b	<p>The Financial Assistance Policy states: In the event a patient fails to qualify for Financial Assistance or fails to pay their portion of discounted charges pursuant to this Policy, and the patient does not pay timely their obligations to Charlotte Hungerford Hospital, the Hospital reserves the right to begin collection actions, including but not limited to, imposing wage garnishments or liens on primary residences, instituting legal action and reporting the matter to one or more credit rating agencies. For those patients that qualify for Financial Assistance and who are cooperating in good faith to resolve the Hospital's outstanding accounts, the Hospital may offer extended payment plans to eligible patients, will not impose wage garnishments or liens on primary residences, will not send unpaid bills to outside collection agencies and will cease all collection efforts. No Extraordinary Collection Actions (ECA) will be initiated during the first 120 days following the first post-discharge billing statement to a valid address or during the time that patient's Financial Assistance Application is processing. Before initiating any ECA, a notice will be provided to the patient 30 days prior to initiating such event. If the patient applies for assistance within 240 days from the first notification of the self-pay balance, and is granted assistance, any ECA's such as negative reporting to a credit bureau or liens that have been filed will be removed.</p>

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Part VI, Line 5	<p>Majority of Charlotte Hungerford Hospital's governing board is comprised of persons who either reside or work in its primary service area, and they are neither employees nor contractors of the Hospital. Charlotte Hungerford Hospital extends medical staff privileges to all qualified physicians in its community. The Hospital has contracted to use the services of an organization to assist its patients in determining eligibility and applying for state and federal means-tested programs, as well as for the Hospital's Financial Assistance Program. The hospital uses its surplus funds to provide additional benefits to its patients and the community it serves as detailed in Schedule O.</p>
Part VI, Line 6	<p>Hartford HealthCare Corporation (HHC) is organized as a support organization to govern, manage and provide support services to its affiliates. HHC, through its affiliates including The Charlotte Hungerford Hospital, strives to improve health using the "Triple Aim" model: improving quality and experience of care, improving health of the population (population health) and reducing costs. HHC and its affiliates including all supported organizations, develop and implement programs to improve the future of health care in our Southern New England region. This includes initiatives to improve the quality and accessibility of health care, create efficiency on both our internal operations and the utilization of health care, and provide patients with the most technically advanced and compassionate coordinated care. In addition, HHC continues to take important steps toward achieving its vision of being "nationally respected for excellence in patient care and most trusted for personalized, coordinated care." The affiliation with HHC creates a strong, integrated health care delivery system with a full continuum of care across a broader geographic area. This allows small communities easy and expedient access to the more extensive and specialized services the larger hospitals are able to offer. This includes continuing education of health care professionals at all the affiliated institutions through the Center of Education, Simulation and Innovation located at Hartford Hospital. The affiliation further enhances the affiliates' abilities to support their missions, identity, and respective community roles. This is achieved through integrated planning and communication to meet the changing needs of the region. This includes responsible decision making and appropriate sharing of services, resources and technologies, as well as cost containment strategies.</p>
