**Name:** CARILION TAZEWELL COMMUNITY HOSPITAL

Form 990 (2017)

**Form 990, Part III, Line 4a:**

See Schedule O Carilion Tazewell Community Hospital, part of Carilion Clinic, is a not-for-profit healthcare organization committed to improving health outcomes for every patient while advancing the quality of care in the community it serves. This hospital primarily serves the counties of Tazewell and Russell in Virginia, and Mercer and McDowell in West Virginia. Carilion Tazewell Community Hospital exists to serve the health care needs of its community, regardless of patient ability to pay. Tazewell's acute hospital admitted 524 patients and provided 1,800 days of care during the year. Hospital programs include provision of nursing care, and diagnostic imaging services including CT, MRI, mammography, x-ray and ultrasound. Tazewell provides a number of services targeting the specific health needs of its population, including physical, speech, and occupational therapy programs, home health services and bone density testing. Tazewell also provides an emergency department with 24-hour care and emergency transportation. With 9,814 visits, Tazewell's emergency services are a critical component of the health safety net in its service area, acting as a key health provider for a significant number of uninsured patients who comprise nearly 18% percent of ED visits. Tazewell supports community screenings and education on chronic disease management, sponsoring 83 events touching more than 1,185 people. In furtherance of its mission, Tazewell provides extensive uncompensated care. Stated at cost, charity and unreimbursed Medicaid costs for the year exceeded \$1.7 million.

**Name:** CARILION TAZEWELL COMMUNITY HOSPITAL

## Supplemental Information

Return Reference	Explanation
Part X, Line 2	Carilion recognizes a tax liability or asset for the estimated taxes payable or refundable on tax returns for current and prior years. Deferred tax assets and liabilities are recognized for the estimated future tax effects attributable to temporary differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases and operating loss and tax credit carryforwards. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. A tax benefit from an uncertain tax position is recognized when it is more likely than not that the position will be sustained upon examination, including resolutions of any related appeals or litigation processes, based on the technical merits. Uncertain tax positions may include the characterization of income, such as characterization of income as passive, a decision to exclude reporting taxable income in a tax return, or a decision to classify a transaction, entity, or other position in a tax return as tax exempt.

Form and Line Reference	Explanation
Part III, Line 2	Carilion Tazewell Community Hospital estimates bad debt expense by reserving a percentage of all self-pay patient accounts receivable by aging category, based on collection history, adjusted for expected recoveries and, if present, anticipated changes in trends
Part III, Line 4	Accounts receivable are reduced by an allowance for amounts that could become uncollectible in the future Carilion Tazewell Community Hospital estimates the allowance for doubtful accounts by reserving a percentage of all self-pay patient accounts receivable by aging category, based on collection history, adjusted for expected recoveries and, if present, anticipated changes in trends Carilion Tazewell Community Hospital collects substantially all of its third-party insured receivables, which include receivables from governmental agencies and commercial insurers

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Part III, Line 8	<p>Medicare allowable costs are determined from the Medicare cost report using the cost-to-charges ratio. The Hospital believes our Medicare shortfall is a cost we incur as a benefit to the community. IRS Rev. Rul. 69-545, provides that one of the factors demonstrating community benefit is operating an emergency room open to all persons regardless of ability to pay and providing hospital care for all patients able to pay, including those who pay their bills through public programs such as Medicare. In order to operate for the benefit of the broad community that we serve we must include our significant Medicare population, even if we are required to subsidize care to our Medicare patients due to being reimbursed at less than cost by Medicare's nonnegotiable rates.</p>
Part III, Line 9b	<p>When accounts receivable efforts are exhausted, the account may be placed with a collection agency and ECAs may be considered. Accounts will not be placed with a collection agency prior to 120 days from the date the first billing statement is provided except when mailings are returned with no forwarding address and combining multiple accounts of varying age with those already transferred or for legal verification regarding other liabilities. Reasonable efforts will be made to identify appropriate forwarding addresses. When a FAA is received during the application period (within 240 days after the date the first billing statement is provided), but after initiation of ECAs, all ECAs will be suspended. Best efforts will be made to process completed applications within 30 days of receipt of the application, financial assistance eligibility will be determined and communicated to the individual. Incomplete applications must be completed within 30 days of the initial notification of additional items required, otherwise, the application will be deemed incomplete and closed. If an individual is eligible for financial assistance, ECAs, other than the sale of debt, will be reversed and any payments related to eligible care refunded to the extent no longer owed. ECAs will be reinstated if the individual is not eligible for financial assistance or does not complete the FAA by the deadline. At least 30 days before initiating an ECA, Carilion will send the patient written notice of intended ECA(s), a plain language summary explaining financial assistance available and the process for determining eligibility, and the deadline for applying for assistance. Carilion will also attempt to call individuals at least 30 days before initiating an ECA to make them aware of the financial assistance available and how to obtain assistance with the application process. Carilion shall enter into a written contract with any collection agency to which it refers bad debt. The contract will obligate the collection agency to observe and comply with Carilion's obligations under this Policy and the Financial Assistance Policy. A collection agency to which bad debt is referred for collection may not engage in any ECAs without the prior written consent of Carilion. After making reasonable efforts to determine if a patient qualifies for Financial Assistance and the patient either does not qualify for Financial Assistance or fails to submit an application as requested, within 240 days from the date the first billing statement is provided, Carilion may engage in one or more of the following ECAs: 1. Place a lien on an individual's property, 2. Attach or seize an individual's bank account or any other personal property, 3. Commence a civil action against an individual, 4. Garnish an individual's wages, 5. Sell an individual's debt to another party, or 6. Report the account to credit agencies. Individual account balances greater than \$5,000 are not sent to a collection agency. These are handled through the Debt Recovery Department (DRD) for verification of Financial Assistance status before further collection activity occurs. DRD will also investigate any accounts that require special handling. For example, when the billing office becomes aware that a patient is deceased, auto accident or any other unique circumstances requiring special handling, the accounts are placed with the DRD. When all collection efforts have been exhausted, all hospital accounts will be returned and closed as uncollectible. No further collection activity is taken at that time. Accounts with satisfactory payment arrangements, legal activity or accounts with pending payment will be considered active and are not returned.</p>

Form and Line Reference	Explanation
Part VI, Line 2	<p>2 Needs AssessmentCarilion Clinic's community health improvement process was adapted from Associates in Process Improvement's Model for Improvement and the Plan-Do-Study-Act (PDSA) cycle developed by Walter Shewhart. It consists five distinct steps: (1) conducting the CHNA, (2) strategic planning, (3) creating the implementation strategy, (4) program implementation, and (5) evaluation. This cycle is repeated every three years. Carilion Clinic fosters community development in its CHNA and community health improvement processes by using the Strive Collective Impact Model for the CHAT. This evidence-based model focuses on "the commitment of a group of important players from different sectors to a common agenda for solving a specific social problem(s) and has been proven to lead to large-scale changes. It focuses on relationship building between organizations and the progress towards shared strategies. Carilion Clinic and Tazewell County Coordinated Community Response Team (TCCCRT) partnered to conduct the 2018 Tazewell County Community Health Needs Assessment. This process was community-driven and focused on high levels of community engagement involving health and human services leaders, stakeholders, and providers, the target populations, and the community as a whole.</p>
Part VI, Line 3	<p>3 Patient Education of Eligibility for AssistanceInformation on Financial Assistance is provided to the patient at hospital admission and ambulatory areas in the form of signage, a plain language summary which includes contact information, financial assistance application and documentation in the inpatient handbook. Patient Access staff, Hospital social workers and customer service representatives verbally inform patients on availability of assistance. Each patient statement and patient financial responsibility letter includes information on the Financial Assistance policy including who to contact for additional information and location of in-person assisters. The Application, the Policy, and the plain language summary are available free of charge to the patient. They are available by mail and on the web site if the patient did not receive written information at the time of service. Financial Assistance policy and application are also distributed to community partners through electronic mailing groups. Carilion Clinic employs an Eligibility staff that counsel patients on federal and state programs. The staff completes applications for Medicaid, Social Security, Social Security Disability and Medicare. The staff provides support services ensuring the applications are processed correctly based on federal and state policy. In addition, the Eligibility staff is trained as Certified Application Counselors and will assist patients in enrollment in the insurance exchange Marketplace. Eligibility staff will also complete Carilion's financial assistance application and counsel patient on the requirements for financial assistance.</p>

Form and Line Reference	Explanation
Part VI, Line 6	<p>6 Affiliated health care system Carilion Tazewell Community Hospital is wholly owned by Carilion Clinic, a not-for-profit health care organization based in Roanoke, Virginia. It is mission-driven, focusing everyday on improving the health of the communities they serve. Through a comprehensive network of hospitals, primary and specialty physician practices, and complementary services, Carilion provides exceptional care for nearly one million Virginians. With an enduring commitment to the health of the region, Carilion also seeks to advance care through medical education and research, help its community stay healthy and inspire the region to grow stronger. In the mid-2000s, Carilion made the strategic decision to transform from a collection of hospitals to a physician-led, integrated health care system. It was a courageous move. In every moment since, Carilion has worked to evolve further—developing a multi-specialty physician group, transforming our primary care practices into patient-centered medical homes, implementing electronic health records system-wide, creating a robust partnership with Virginia Tech, and opening a medical school and research institute. Each decision, each adaptation, has fundamentally changed the way Carilion collaborates and cares. To advance education of health professionals, Jefferson College of Health Sciences is a private higher education institution that "prepares, within a scholarly environment, ethical, knowledgeable, competent and caring healthcare professionals." The College focuses on providing healthcare education and is a part of Carilion Clinic. Founded in 1914 as the Jefferson Hospital School of Nursing, Jefferson College now provides more than 1,100 students with opportunities to become part of the healthcare profession, serving communities from southwest Virginia to the Shenandoah Valley and beyond. The school's graduates are building healthier tomorrows in our region and across the country every day. The Virginia Tech Carilion School of Medicine joins the basic science, life science, bioinformatics, and engineering strengths of Virginia Tech with the medical practice and medical education experience of Carilion Clinic to develop the next generation of physician thought leaders. The school uses an innovative patient-centered curriculum that focuses on small-group learning and hands-on experiences, with extensive research and inter-professionalism training.</p>

Form and Line Reference	Explanation
Part V, Section B	<p>Line 5Carilion Clinic's CHNAs are community-driven projects and success is highly dependent on involving citizens, health and human service agencies, businesses, and community leaders. Community stakeholder collaborations known as "Community Health Assessment Teams" (CHAT) lead the CHNA projects. The CHAT consists of health and human service agency leaders, persons with special knowledge of, or expertise in, public health, the local health department, and leaders, representatives, or members of populations that are medically underserved, low-income, minority, and suffer from chronic diseases. The following organizations served on the CHAT for the 2018 (tax year 2017) Tazewell County Community Health Needs Assessment (TCCHNA): Appalachian Agency for Senior Citizens, Tazewell Area Chamber of Commerce, Clinch Valley Community Action, Cumberland Plateau Health District, Cumberland Plateau Regional Housing Authority, Southwest Virginia Community Health Systems, Southwest Virginia Legal Aid Society, Inc. In addition to the CHAT, the TCCHNA conducted focus groups among stakeholders and target populations, and administered a community health survey. Stakeholders Throughout the CHNA process, community stakeholders, leaders, and providers were encouraged to complete the Stakeholder Survey. This survey provided an additional perspective to the health needs and barriers facing our community. Stakeholder focus groups were held and Stakeholder Surveys distributed, to ensure all responses were captured. The survey was available online and in print, and was distributed at meetings and focus groups. A stakeholder focus group was conducted with the Community Health Assessment Team. Target populations Target population focus groups were conducted to capture the needs and barriers to health for the uninsured, underinsured, low-income, minority, senior, and chronically ill populations. Focus group locations were chosen based on their proximity to target populations, and where existing groups meet. Four target population focus groups were held and were asked questions related to health needs and barriers to health, as well as access to primary, oral, and mental health care. Target population focus groups were conducted with Head Start parents, Labor of Love clients, the Tazewell Lions Club, and a veterans group at the Cumberland Mountain Community Services Board Community Survey. A 38-question survey instrument was developed including questions about socioeconomic factors, access to medical, dental, and mental health care, health behaviors, physical environment, health outcomes, and demographics. The survey instrument included commonly used questions and metrics from previously validated community surveys: Community Themes and Strengths Assessments, National Association of County and City Health Officials (NACCHO), Mobilizing for Action through Planning and Partnerships (MAPP) Community Healthy Living Index, YMCA Behavioral Risk Factor Surveillance System, Centers for</p>

Part V, Section B, Line 11	<p>Carilion Clinic is a not-for-profit, integrated healthcare system located in Virginia's Blue Ridge Mountains with its flagship hospital in the heart of the City of Roanoke, the largest urban hub in western Virginia. There, through a comprehensive network of hospitals, primary and specialty physician practices, wellness centers and other complimentary services, the system provides quality care close to home for nearly one million Virginians. Carilion's roots go back to 1899, when a group of dedicated citizens came together and built a hospital to meet the healthcare needs of the community. Today, Carilion is a key anchor institution focusing on more than just healthcare, Carilion is dedicated to its mission of improving the health of the communities we serve. With an enduring commitment to the health of our region, Carilion advances care through clinical services, medical education, research and community health investments. Carilion believes in service, collaboration and caring for all. Through ongoing investment in discovering and responding to the health needs of the community comes the understanding that the involvement of additional stakeholders is essential to effectively address community health issues and create change. The purpose of this implementation strategy is to describe what Carilion Tazewell Community Hospital (CTCH) plans to do to address the community health needs identified in the 2018 Tazewell County Community Health Needs Assessment (TCCCHNA). After all primary and secondary data collection was completed, the CHAT reviewed all data then identified and prioritized the ten most pertinent community needs using the Robert Wood Johnson Foundation framework for what influences health. The data were combined and overall priorities chosen based on the number of times a category was selected in the top 10, with the average ranking serving as a tie-breaker. Once the priorities were clearly identified, the CHAT rated the feasibility and potential impact of solutions for each health issue. The 2018 TCCCHNA prioritized 10 health-related issues in the community, identified by the Community Health Assessment Team after the data was collected: 1. Alcohol and drug use 2. Access to mental / behavioral health services 3. Transportation / transit system 4. High uninsured / underinsured population 5. Poverty / low average household income 6. High prevalence of chronic disease 7. Access to substance use services 8. Poor diet 9. Access to primary care 10. Lack of health literacy / lack of knowledge of healthy behaviors. Significant Health Needs to be Addressed: CTCH Implementation Plan. According to the Robert Wood Johnson Foundation's (RWJF) County Health Rankings, where an individual lives, works and plays is a strong predictor of their health outcomes. Currently in the United States, a person's zip code can help predict their life expectancy due to its direct link to the social determinants of health such as poverty, race/ethnicity, education and employment status.</p>

In addition to community events, Carilion works to encourage healthy behaviors by offering classes to its employees and through partnerships with other employers in Tazewell County. As the largest employer in the region, efforts to engage employees and their families in their own health impact community health overall. Carilion has rolled out the Virgin Pulse program to employees. This program enables employees to connect personal activity trackers and include others on the platform to encourage daily healthy behaviors such as exercise, climbing stairs, and planning healthy diets. In addition, CTCH sponsors employee challenges to participate in health behaviors, such as walking and drinking water. Alcohol and drug use.</p> <p>Carilion's Opioid Task Force brings together expertise from throughout the Carilion system to better understand and address the opioid epidemic in Southwest Virginia. The Opioid Task Force is working to address this epidemic internally and in the community. Efforts arising from this task force include developing system-wide guidelines and a system dashboard for opioid prescriptions, developing treatment pathways for opioid addiction in specific high-risk groups, developing best practices for risk assessment, treatment and standard orders in Carilion's electronic medical record system, EPIC, developing an inventory of community resources related to prevention, treatment and recovery services for opioid patients and community members, and providing locations for free, safe, prescription drug returns or deactivation bags. CTCH will be participating in the Virginia Rural Health Association's High Risk Patient Education Program, focused on addressing the opioid abuse crisis at a local level. The program will involve identification of high-risk patients, provision of patient and family education on opioid risks and disposal sites for unused medications, assistance acquiring Narcan, referrals to pain management support, and REVIVE education for the public. CTCH also participates as a partner on the Substance Abuse Taskforce in Rural Appalachia. This taskforce is working to promote healthy, safe and drug-free lifestyles in Tazewell County by working to educate and empower youth and caregivers about drug, alcohol and tobacco use, partnering with media, improving coordination among community sectors and to maintain resources on alcohol and drug prevention. Clinical Care Needs: access to mental health and substance use services, high uninsured / underinsured population, access to substance use services, access to primary care. Issues with access to care are a focus for CTCH when addressing community health needs. Community health education programs and screenings will contain program level outcomes assigned based on the topic. These outcomes will be tracked with pre- and post-tests as well as through screening results. Community programs supported by Carilion grants will be responsible for regularly reporting program outcomes. Scorecards will be developed with key secondary data points at the zip code and county level, with yearly updates to track impact of community health initiatives. Carilion will track and measure impact on certain aligned indicators contributing to the Robert Wood Johnson Foundation County Health Factors Ranking and County Health Outcomes Ranking. Our goal is to improve County Health Rankings for Tazewell County, but we understand that by the nature of County Health Rankings, improvements are relative to improvements in other communities within the Commonwealth of Virginia. Priority Areas Not being Addressed and the Reasons A community approach to determine and address priority needs as described earlier in this document was used in determining which needs cannot be addressed immediately. The needs not identified as "priority" are those that will not be actively addressed in this time period. It is CTCH's intent to address many of the identified priority health issues through the aforementioned initiatives, programs and/or grants. Of the top 10 identified priorities in the 2018 TCCHNA, transportation and access to primary care are the two issues not directly addressed by initiatives included in the Implementation Strategy. In the past few years, Carilion has worked to address the need for primary care through additional provider recruitment. Carilion will continue to explore ways to provide support for improved transportation in Tazewell County. At this time, CTCH does not have the local expertise to provide transportation services. Part I, Line 2	For Carilion Clinic's Community Grant Program, each grantee must sign a letter of agreement with Carilion Clinic that delineates the terms and specific objectives of the project. By accepting a Carilion award, grantees are asked to acknowledge the support of Carilion Clinic in all materials and/or related special events or fundraisers throughout the award cycle where other donors are publicly recognized. One mid-cycle progress report and a final program evaluation are required for every funded project. Site visits may be made to grantees. Program evaluation includes alignment with Community Health Assessment priorities, program impact, organizational effectiveness and community benefit through collection of data including clients served, cost effectiveness of the program (cost per client or service), tangible community or client outcomes, and specific efforts to cultivate diverse funding sources for program sustainability. Each grantee must agree to submit requested data and reports on a timely basis and to complete the evaluation process as requested.

Return Reference	Explanation
Part I, Line 3	The organization has a single member, Carilion Clinic, a charitable tax-exempt organization which serves as the parent company of the Carilion Clinic integrated health care delivery system. Executive compensation, including that of the organization's Chief Executive Officer, is reviewed annually by the Carilion Clinic Board of Directors Compensation Committee. This Committee is made up of Board members of Carilion Clinic who do not have a conflict of interest with any of the executives being reviewed. This review was performed in November 2017 and September 2018. In addition, the Compensation Committee annually reviews the compensation philosophy for all executive leaders. This review included review of a comprehensive report from an outside compensation consultant specializing in healthcare organizations for select positions and the prior year's report on all of the reviewed positions. The reports reviewed by the Committee included a detailed comparison of total compensation and each element thereof, including base salary, bonuses and other cash compensation, and benefits, including deferred and retirement benefits. Compensation was compared to both a national and regional peer group of organizations similar in size and structure to the organization, which list was reviewed by the Compensation Committee. The Compensation Committee maintained detailed minutes of its meetings, setting forth the deliberations and decisions of the Committee regarding the compensation of these executives.
Part I, Line 4b	Nancy Howell Agee, President and Chief Executive Officer, participated in a pension restoration plan (Plan). The Plan was established in 1995 and its purpose is to restore the pension benefits that Ms. Agee would otherwise lose as a result of Internal Revenue Code limitations upon contributions to, and payment of benefits from, Carilion Clinic's tax qualified pension plan. In 2017, Ms. Agee became fully vested in the pension restoration benefit, requiring distribution of all benefits earned while participating in the Plan, which totaled \$10,310,500 before taxes. The benefits earned under the Plan reflect the value accumulated over Ms. Agee's 45 years of service to the organization through progressive leadership roles, including ten years as Chief Operating Officer and eight years in her current position as President and Chief Executive Officer. As benefits were earned under the Plan, accruals were reported in each of the organization's prior Form 990 filings as "retirement and other deferred compensation." Although the pension restoration benefits were earned over the course of Ms. Agee's career, the Form 990 requires that they be reported again as "other reportable compensation" in total in the current year when vested and paid. The 2017 payment represents Ms. Agee's entire benefit under the Plan. After 2017, Ms. Agee will no longer receive or accrue Plan benefits. Ms. Agee also participated in an executive flexible benefit plan, in which an allowance is provided annually to the participant for use in obtaining certain insurance benefits. The amount of allowance in excess of elected benefits is credited to a capital accumulation account (CAA) with a deferred vesting date of at least two years from the first day of the plan year. The CAA shall be distributed in a lump sum upon vesting while employed by a Carilion Clinic affiliate, disability, or 24 months following certain qualifying separations from service. Upon the death of the participant, the plan shall pay the participant's beneficiary according to terms. In 2017, \$235,410 in previously deferred amounts became vested under this plan and were paid. Although CAA contributions were previously reported on the Form 990 as "retirement and other deferred compensation" when allocated, the Form 990 requires that CAA amounts be reported again as "other reportable compensation" in the current year when vested and paid. The two deferred compensation plan payouts for Ms. Agee totaled \$10,545,910, as reflected in Schedule J, Part II, column (F). Ms. Agee, Mr. Conte, Mr. Halliwill, and Mr. Vaughan participate in a Defined Contribution Supplemental Executive Retirement Plan (DC SERP) in which the employer, at the discretion of Carilion Clinic's Compensation Committee, makes a contribution to an account established on its books for each eligible participant. If a participant ceases to be a participant prior to the vesting date, the account shall be forfeited. A lump sum distribution shall be made upon the participant's vesting date, death, or disability. No distributions were made under this plan in the reporting year. Unvested contributions made to the DC SERP in 2017 are reported on the Form 990 as "retirement and other deferred compensation."

**990 Schedule O, Supplemental Information**

<b>Return Reference</b>	<b>Explanation</b>
Form 990, Part VI, Section B, line 12c	<p>Our organization monitors and reviews proposed and current transactions for conflicts of interest in a variety of ways. At the governing board level, we have board members complete an initial (upon appointment) and annual conflict of interest questionnaire to disclose actual or potential conflicts. Board members are required to update their disclosure as needed in between questionnaires. All disclosures are reviewed by the Organizational Integrity &amp; Compliance Office and as needed escalated to the appropriate leaders/board members for further discussion/review. If a disclosure is viewed as an actual or potential conflict, an action is recommended to the Compliance Committee of the Carilion Clinic Board and implemented as approved. Actions can include recusal in discussion/voting at board meetings, limitation/termination of the transaction, removal from board appointment or other appropriate controls. In addition, at any time, board members are encouraged to disclose any potential conflicts as they arise at a board meeting and to recuse themselves as deemed appropriate. The same process takes place as described above for key employees (upon hire and annually thereafter), including all Officers, members of the management team, physicians/mid-level practitioners, pharmacists and key supply chain buyers. After review and further discussion as needed, action may be required to manage an actual conflict or to reduce the appearance of such as approved by Organizational Integrity &amp; Compliance Office and other key management team members. As needed, the governing board leaders are notified of any conflicts which may impact board proceedings.</p>

Return Reference	Explanation
Form 990, Part VI, Section B, line 15	<p>The organization has a single member, Carilion Clinic, a charitable tax-exempt organization which serves as the parent company of the Carilion Clinic integrated health care delivery system. Executive compensation is reviewed annually by the Carilion Clinic Board of Directors Compensation Committee. This Committee is made up of Board Members of Carilion Clinic who do not have a conflict of interest with any of the executives being reviewed. With respect to Carilion Clinic, the Compensation Committee reviews the compensation of the Board of Governors annually, which includes the President and Chief Executive Officer, Executive Vice Presidents, Chief Financial Officer, Chief Medical Officer, select Senior Vice Presidents, and physician Chairs of the Clinical Departments. This review was performed in October and November 2017 (President and CEO) and November 2017 and September 2018 (all others). For the fiscal year covered by this return, the Compensation Committee also used the same process to review the compensation of Senior Vice Presidents and other Disqualified Individuals, including the Hospital Vice Presidents, which was performed in November 2017 and September 2018. In addition, the Compensation Committee annually reviews the compensation philosophy for all executive leaders, which includes Vice Presidents, Senior Vice Presidents, Executive Vice Presidents, and the CEO, as well as the compensation philosophy for all employed physicians and physicians in leadership roles. Some officers of the organization who are not compensated in their capacity as an officer but rather in their role as employee in a position not mentioned above are not subject to Committee review. This review included review of a comprehensive report from an outside compensation consultant specializing in healthcare organizations for select positions and the prior year's report on all of the reviewed positions. The reports reviewed by the Committee included a detailed comparison of total compensation and each element thereof, including base salary, bonuses and other cash compensation, and benefits, including deferred and retirement benefits.
