Form 990 (2017)

Form 990, Part III, Line 4a:

NAVC's program activities consist primarily of educational activities which provide training opportunities to develop the knowledge and capabilities of individuals involved in the veterinary healthcare community. The educational opportunities provided by NAVC train participants in the most up-to-date treatment and care methodologies, which allow these participants to provide a higher quality of care for animals. The Organization presents an annual educational conference, Veterinary Meeting & Expo (VMX), to veterinary professionals and others which offers advanced learning opportunities, innovations, and meaningful connections to participants. The 2018 VMX had nearly 18,000 attendees for its five-day conference. Attendees received world-class continuing education through interactive symposia, hands-on labs, lectures, and exhibitor booths. The education at VMX allows attendees to provide a higher quality of animal care and provides necessary continuing education credits to allow veterinary professionals to meet state-mandated education and licensing requirements. NAVC also provides students and others with financial need discounted/free admissions to attend its conference and other training activities to provide greater educational opportunities to those individuals who might otherwise be unable to attend. In connection with the NAVC Conference, the Organization received approximately \$140,000 of free use of medical equipment and donated supplies.

Form 990, Part III, Line 4b:

In addition to the VMX event mentioned above, NAVC provides additional educational and training opportunities to develop the knowledge and skill of individuals in the veterinary healthcare community through the NAVC Institute and other similar events. The NAVC Institute is an annual multi-day educational program offered to veterinary professionals. The NAVC Institute had over 250 registrants for its eight veterinary continuing education courses over a span of five days. These courses elevated the attendees' knowledge and skill in a particular field of study through the use of classroom lectures, hands-on labs, and group discussions with course leaders. The education at the Institute allows attendees to provide a higher quality of animal care and provides necessary continuing education credits to allow veterinary professionals to meet state-mandated education and licensing requirements. In connection with the Institute, the Organization received approximately \$120,000 of free use of medical equipment and donated supplies.

Form 990, Part III, Line 4c:

The Media (formerly Publishing) group provides world-class education and training to develop the knowledge and capabilities of individuals in the veterinary healthcare community through journals and online media. All publications are supplemented by regular digital communications and a robust website which provides key educational information to individuals involved in various aspects of animal care. Today's Veterinary Practice is published six times per year as a free educational resource for members of the veterinary community. NAVC has expanded its learning opportunities through the NAVC Learning Academy, an in-depth educational initiative that focuses on providing the veterinary healthcare team with certifications on specific aspects of the veterinary profession. By offering highly-engaging and market-relevant certification programs, the NAVC Learning Academy is geared toward veterinary professionals and the veterinary community as a whole. The first program launched was the Human Animal Bond (HABc) for both individuals and hospital certification with a focus on the evidence-based benefits of the human animal bond to both the pet owner and the animal. NAVC Learning Academy Certification programs have extensive education and independently developed testing requirements to ensure that the learner has demonstrated that she/he has acquired the requisite amount of knowledge to be awarded a particular certification. For each program there are maintenance requirements that mandate relevant continuing education in order to keep the credential.

(Code) (Expenses \$ 716,372 including grants of \$) (Revenue \$ 157,860)

The Organization conducts various other program activities that further the exempt purpose of the Organization by providing opportunities for professional development and education of those in the veterinary healthcare community, including the Organization's investment in VetFolio, LLC. VetFolio, LLC was established during the year ended September 30, 2015 for the purpose of conducting activities that support the veterinary profession by providing resources, training and other support to individuals in the profession. The Organization also conducts its Industry Services activity. Industry Services offers management and planning services to other non-profit organizations in the veterinary profession. It provides association management, educational program planning, and training on organizational governance and strategic planning. Focusing solely on the veterinary profession, NAVC strives to add value to as well as elevate the profession, those who serve in it and the animals they treat through greater professionalism, education, training and resources.

Part III Supplemental Information

Provide the information, explanation, or descriptions required for Part I, lines 1a, 1b, 3, 4a, 4b, 4c, 5a, 5b, 6a, 6b, 7, and 8, and for Part II. Also complete this part for any additional information.

Return Reference	Explanation
Part I, Line 1a	The Organization occasionally provides travel for spouses to attend the Organization's conferences and other educational events where such presence is appropriate or required. The spouses perform significant duties for the Organization at such events, and their travel serves a bona fide business purpose. Reimbursement of travel for applicable spouses to attend such events is in accordance with the Organization's written travel policy.
Part I, Line 3	The Organization has adopted an executive compensation setting policy applicable to all disqualified persons, including the Organization's CEO, officers and key employees. Under the policy, an independent committee of the Board of Directors annually reviews and approves the compensation levels of all individuals subject to the policy. The deliberations and decisions of the committee are contemporaneously substantiated. The committee utilizes comparability data in its deliberations, including Forms 990 of comparable organizations and other available compensation surveys and studies from independent outside organizations. Due to growth in the Organization over recent years, the Organization has continued to increase hiring of management-level employees during the tax year. The Organization also increased the salary of existing management-level employees to compensate these individuals for additional responsibilities resulting from the Organization's recent growth and to provide salary levels which are comparable to similar positions in other veterinary not-for-profit organizations, as suggested by comparability data obtained by the Organization.
Part I, Line 4b	The Organization participates in a nonqualified deferred compensation agreement with its CEO and CFO as part of the compensation for their services to the Organization. The Organization's Board approved the deferred compensation arrangement and considered the arrangement in its overall determination of the reasonableness of the compensation of such individuals. The Organization made a contribution of \$100,000 on behalf of its CEO and \$50,000 on behalf of its CFO during the 2017 calendar year.
