Schedule H, Part III, Section A, Line 2	<p>The Hospital continued to follow the presentation and disclosure of patient service revenue, provision for bad debts and allowance for doubtful accounts as pronounced in the accounting standards updates 201107 and accounting standards codification topic 954. This requires organizations that do not have access to the collectability of a receivable prior to recognizing revenue to present their provision for bad debt related to a patient service revenue as a deduction from revenue, net of any contractual allowances and discounts on their statement of operations. The adoption of this did not impact the financial statements as the Hospital does not recognize significant revenue without assessing a patient's ability to pay.</p>

The payment mechanism received for care provided to Medicare patients is not negotiated but set by federal regulations. The payment currently received for treatment is not sufficient to cover costs and although we don't recognize this shortfall as charity, we believe it should be included in the calculation of community benefit. All patients receive the appropriate level of care and services regardless of payment source.</p>

As a condition of federal funding, Craig Hospital's research department conducts ongoing longitudinal studies on the long-term effects and needs of persons with spinal cord injury and brain injury. Craig Hospital also operates a toll-free Nurse Advise Line and collects data on why former patients are calling for assistance. Craig Hospital also collaborates with the Brain Injury Alliance of Colorado, Operation TBI Freedom, The Hangout, the Christopher &amp; Dana Reeve Peer Network Program and other community organizations to assess and meet the long term needs of citizens with disabilities. Craig also launched the Peer Mentor Soft Landing Program-a 3 year pilot program aimed at improving the success of patients as they are discharged home and gaining new insight on the challenges these patients face.</p>

Form and Line Reference	Explanation
Schedule H, Part VI, Line 3	<p>The Admissions Department identifies patients who have limited benefits and compare the benefits to the estimate length of stay. When there is a shortage of days allowed by insurance, the Admissions Directors meets with the patient and/or family to determine alternative coverage. This conversation encompasses the patient's ability to pay for the care, potential eligibility for Federal and State programs and the Hospital's Charity Care program. Upon admission, the case manager complete a thorough Psycho-Social Assessment of the patient/family specifically analyzing their financial situation. The case managers consider household income post-injury, family size, assets, current and future living expenses, and financial obligations including expected future care needs. The case managers, along with the patient/family, assess other potential resources/programs for which the patient may qualify. Resources and programs evaluated included but are not limited to Medicaid, Victim's Assistance, Liability and Liquidity, Accidental Death and Dismemberment, and the Hospital's Charity Care program. If it appears as though the patient will qualify for State or Federal Programs, the case manager will assist the patient/family in completing the applications, obtaining the required documentation and advising them on how to position themselves to qualify. If patients do not meet the criteria for other State or Federal programs, the Financial Assistance Eligibility Discount Guideline is utilized to determine if the patient's bill will be discounted. If appropriate, the case manager will initiate and assist the patient/family in completing the Financial Assistance Application for the Charity Care Program. Applications may also be obtained on the Craig website, completed over the phone or by mail. If it is not clear that the patient/family will have a balance prior to discharge (co-pays, out of pocket etc) the patient/family will receive information on the Charity Care Program which is noted on the monthly billing statements and the copy of application along with letter for pre-collection. At this time the patient can complete the application. All applications are reviewed by the A/R Manager, VP of Finance and/or the Controller. When it is determined that the charity application is appropriate, this is communicated to the patient/family by the case manger or A/R Manager.</p>

Schedule H, Part V, Section B, Line 5-Craig Hospital	Community partners and individuals with special expertise in public health provided comparative data on our patient population. Health Data Analyst from the Health Surveys and Analysis Program of the Colorado Department of Public Health and Environment provided data on the Behavioral Risk Factor Surveillance System survey. Policy Analyst from the Colorado Health Institute provided data on the Colorado Health Access Survey.
Schedule H, Part V, Section B, Line 11-Craig Hospital	The CHNA identified several needs that are being addressed as follows: 1. We have developed resources to help patients search for transportation providers and public transit in their community. These resources are available on our website. 2. We continue development of resources to help disabled persons access medical services in their community through the Nurse Advice Line and the hospital website. The Nurse Advice Line staff is experienced in helping callers find a doctor in their community and guide patients in how to get an appointment with their PCP when needed. 3. We continue to use social media to raise awareness about the importance of receiving a flu shot each year and to promote the resources available on our website such as the list of dentists who provide affordable care and have accessible offices for disabled persons. 4. We previously developed a video with a variety of scenarios experienced in daily lives and how to advocate for accessibility needs for patients who experience barriers in their community after they return home. The video was made available on the hospital website for patients to access from home. 5. We created education regarding the rapid changes in Opiate prescriptions guidelines and the dangers with opiate addiction. The article was published on our blog and social media. 6. Over the last fiscal year the hospital did a number of things to improve our patient's health after discharging from Craig and re-entering their community. We vaccinated more than 95% of our inpatients against influenza during flu season and offered the vaccine to our outpatients as well. 7. The hospital continued development of a soft-landing pilot program to better support some of our most complicated discharges. Craig staff go home with the patient and their family whether they live in Colorado or out of state for a couple of days to help the patient settle into their community again and make sure they are set for success. 8. We implemented a pill-box loading program helping patients prepare their prescriptions prior to discharge from Craig and re-entering their community. This program prevents patients from being overwhelmed by the need to fill prescriptions when they arrive home from the hospital. It also helps patients prevent and identify medication errors in their homes and community pharmacies. The CHNA and implementation strategy is reviewed and approved by the Medical Care and Administrative Committee and submitted to the Board of Directors for approval.
