SCHEDULE I, PART I, LINE 2	The Foundation established New York Healthcare's Puerto Rico Hurricane Relief Fund with the mission to assist hospitals, other health care organizations, their workers and families, and the communities affected by Hurricane Maria. In determining the organizations to support, the Foundation established a criterion that it would support only those with a track record of partnership with local community-based organizations in order to ensure that assistance reached those in need. The Foundation also established a workgroup of its Board to oversee the distribution process for funding. The funding was used by the recipients to provide health care and public workers and their families with needed supplies and vouchers to purchase supplies. In order to reduce the burden on the recipients, the Foundation elected not to require a follow-up report or accounting of the support provided.
