Part IV Supplemental Information. Provide the information required in Part I, line 2; Part III, column (b); and any other additional information.

Return Reference	Explanation
Part I, Line 2	The organization conducts due diligence to review and select grant recipients and is comfortable that the grants are used for their intended purposes. The grants issued were made to related organizations to further their tax-exempt purposes.
Part III, Line 1	Project Independence is a grant funding project to help Morristown Medical Center patients with temporary financial hardships. It is overseen by a volunteer committee made up of care providers from different areas of the Medical Center. They meet every two months to review detailed applications. An application can only be submitted by a case worker who is aware of the financial position of the patients and is working with the patients to secure other types of help including prescription assistance, food stamps, Social Security disability, etc. Most of the recommenders are social workers or patient liaisons. Grants up to \$6,000 are made payable directly to the individual.
Part III, Line 2	Women's Association Morristown Medical Center (WAMMC) has a long history of supporting quality nursing at Morristown Medical Center. Early on, the WAMMC helped staff the hospital with nurses, and assisted with their housing and uniforms. In 1957, this interest evolved into a formal Scholarship Program, funded entirely by private donations. At that time, one scholarship of \$500 would pay tuition costs for the entire three-year program. As tuition costs rose and recipient financial needs increased, generous donations made annually by WAMMC members, continued to underwrite the program. However, the early 1990s brought an economic downturn, which slowed the brisk pace of donations to the Scholarship Program, and necessitated a new approach to ensure the program's future. Since its inception, the Scholarship Program has supported the professional staff at Morristown Medical Center by granting scholarships to high school graduates, and qualified hospital employees pursuing careers in the health care field. A Scholarship Trust Fund was established in 1995, with all scholarship contributions directly benefiting the fund. Presently, the Scholarship Committee spends only the interest generated annually by the fund. In this way, the invested principal remains intact, securing both the fund's future and the Scholarship Program's mission. WAMMC largely attributes the steady growth of this program to the hard work of successful fundraising and the generous donations of WAMMC members. For the 2018 calendar year, WAMMC awarded a total of \$50,000 in Scholarships to 25 scholars. Award amounts varied. Over half of the 25 scholarships went to those pursuing their BSN, with the balance of the awards granted to those pursuing post-graduate and doctorate work. WAMMC is very proud that it is able to extend support to so many professionals and "patient care heroes." The candidates are often leaders in their field as members of honorary societies, as hospital committee chairs, or as participants in department studies. It is not unusual for our scholars to be as actively engaged in their local community, as they are in the workplace.
