Part X Line 2 The Foundation accounts for uncertain tax positions using a two-step

approach. The first step is to determine whether it is more likely than not that a tax

position will be sustained upon examination, including resolution of any related appeals

or litigation processes, based on the technical merits of the position. The second step is

to measure and recognize in the financial statements the largest amount of benefit that is

greater than 50% likely of being realized upon the ultimate settlement. The Foundation had

no uncertain tax positions that required significant adjustments to the financial

statements as of December 31, 2018 and 2017.
