Form 990 (2018)

Form 990, Part III, Line 4a:

CareSource, a leading nonprofit managed care organization based in Dayton, Ohio, has been living its mission to make a lasting difference in members' lives by improving their health and well-being for more than 29 years. CareSource serves 1.32 million members in Ohio. CareSource's membership includes: (1) Medicaid consumers, including families with low income, children, pregnant women, adoption and foster kids, those who are aged, blind or disabled; (2) Medicaid consumers who are eligible for Home and Community Based services through execution of an annual Provider Agreement with the Ohio Department of Medicaid (ODM); (3) Dually eligible consumers for Medicare and Medicaid through Ohio's Dual Demonstration program, MyCare; (4) Medicare Advantage consumers; (5) a Qualified Health Plan offered through the Federal Health Insurance Marketplace, providing low-cost comprehensive coverage for individuals and families; and (6) Community Transition Program consumers who are transitioning from the Ohio Department of Rehabilitation and Correction back to the community through a grant from the Ohio Department of Mental Health and Addiction Services. CareSource Program Services: 1) CareSource Ohio Medicaid. CareSource pioneered Ohio's first mandatory Medicaid managed care program in 1989, and is now one of the largest Medicaid managed care plans in the country. CareSource's years of experience in managing Medicaid managed care programs and member-focused approach to care have allowed it the opportunity to forge strong, positive regulatory relationships with state agencies, including departments of insurance. CareSource has earned 53% of the statewide Medicaid managed care market share, with the highest voluntary enrollment rate and the lowest voluntary disenrollment rate of all Ohio participating Medicaid Managed care plans. CareSource focuses on prevention with a goal of improving member health, the quality of health care services received, and accessibility of health care services for Medicaid members. CareSource has made an organizational commitment to make evidence-based investments towards improving health outcomes for members. CareSource's approach is one that blends the recommendations of the Triple Aim framework and principles of population health management best practice, while leveraging emerging technological and analytic solutions to make measurable positive impacts in the health of the communities we serve. CareSource also has significant focus on creating social based partnerships with providers and community organizations to support a longitudinal health management effort for members. Providers have the most control and influence on members and thus provide the best opportunity to help capitalize on cost, quality, and experience. Partnering with providers allows us to collaborate on population health strategies such as emergency department diversion, patient-centered medical home implementation, and performance management. Engaging our high risk members' primary care and specialty providers is particularly critical to achieving successful care management. CareSource has a broad, statewide network of more than 34,000 providers, including primary care and specialist physicians, hospitals, nursing facilities, home health care agencies and other medical providers who provide medical services as well as assist in the coordination of member care. To further drive quality and achieve health outcomes targets, CareSource incentivizes certain providers through a value based incentive model. CareSource focuses efforts on creating incentives and reimbursement options to support models that recognize quality at the provider level. CareSource created a program that provides additional incentives to providers for delivering quality based services that impact Healthcare Effectiveness Data and Information Set (HEDIS) measures. CareSource created a shared savings model that rewards providers for attaining quality targets while sharing savings. In this particular model, CareSource established "filters" such that providers have to meet or exceed quality metrics before being eligible to share in cost savings. Value-based incentive models ultimately result in improved member health outcomes as providers continue to deliver quality service with the member's health and safety at the forefront. Effective high-risk case management alone is not sufficient to improve the overall population's health or decrease costs. Therefore, CareSource has created a robust care management infrastructure that consists of three levels of member care to accelerate care transformation for each and every member. Members are assigned to self-management, rising risk, or high-risk based on their unique member risk stratification. CareSource can then tailor the care coordination program to meet those members' needs. Members receive enhanced care coordination services based on their complex physical, behavioral and social health needs. The fluidity of this design allows CareSource to focus on preventing lower-risk and rising risk members from escalating to high-risk over time, while still tending to the one-to-one care management needs of high-risk populations. CareSource collaborates with community partners and providers such as the Area Agencies on Aging (AAA), Community Mental Health Centers, local pharmacies, and Federally Qualified Health Centers (FQHCs) to ensure members receive the services they need. Additionally, CareSource's Enterprise Quality team helps drive improved clinical outcomes for members through a number of HEDIS targeted interventions including member engagement, education and disease management programs. To further enhance our HEDIS metric initiatives, Ohio has an established dedicated Quality team which works hand-in-hand with our Enterprise team as well as across all departments that impact quality clinical outcomes for our members. CareSource offers a 24/7 Nurse Advice Line staffed by Registered Nurses to help members access appropriate care and divert unnecessary emergency department visits. CareSource's commitment to quality is demonstrated through the organization's National Committee for Quality Assurance (NCQA) accreditation. CareSource is accredited by NCQA for its qualified Health Insurance Marketplace and Medicaid Health plans. Accreditation demonstrates CareSource's commitment to quality and enhances CareSource's ability to improve the health and well-being of those we serve. CareSource utilizes the NCQA disease management definition and ensures the policy of CareSource to conduct appropriate disease management member identification and risk stratification, offering the appropriate interventions and education to the member. Through these efforts, the disease management programs focus simultaneously on achieving health and maintaining wellness to the highest level possible for each member. Any given member may be eligible for more than one condition. CareSource will engage members with the conditions of interest, or the parents/guardians of children with conditions of interest, through disease-specific and preventive care population-based interventions. The Disease Management program contains the following: program resources, program integration, provider notification and involvement, curriculum and content, NCQA requirements, and annual evaluation. The CareSource Women and Children's Health program is part of the corporate Care4U model of care and utilizes a population-based approach to meet the clinical and social needs of the women and children CareSource serves. The goal of the Care4U Women and Children's Health program is to maximize the quality of life and health outcomes of women, infants, children, and their families. The program employs a multi-faceted, evidence-based approach to achieve the best possible health outcomes by utilizing predictive analytics, case management, member incentive and educational programs, and community and provider partnerships. The Women and Children's Health program objectives include reducing the number of preterm births, reducing the risk of maternal and infant mortality and pregnancy-related complications, and reducing complications of health and development in infancy and early childhood. Elements of the program include: (1) Babies First - Babies First is available for all pregnant members. The program provides financial incentives for the completion of timely and ongoing prenatal, postpartum, and well-baby care, allowing the mother the opportunity to earn money for completion of doctor visits for both her infant and herself. Babies First requires that members must complete 5-7 prenatal visits, a post-partum visit within 21-56 days after delivery, the first 6-7 well baby visits prior to 15-18 months, and a lead screening by 15 months of age to receive incentives; and (2) Early and Periodic Screening, Diagnostic, and Treatment (EPSDT). The EPSDT benefit provides comprehensive and preventative health care.

Contribution Review	The Organization may provide assistance to other Internal Revenue Code (IRC) Tax exempt charitable organizations in the form of charitable contributions. These contributions are unrestricted funds available for use by the charitable organization for the purpose the charitable organization deems necessary. The Organization is a supported organization to The CareSource Foundation (Foundation), a related IRC 501(C)(3) tax exempt organization, and will distribute funds to the Foundation in furtherance of its tax exempt purpose. The Foundation monitors use of these grants as part of its annual review process.
Charitable Board Credit Contributions	In support of CareSource's commitment to its charitable purposes, some of its appointed trustees and committee members elect to earn charitable credits for each board meeting attended. At year-end, the trustees and committee members designate their credits to their internal revenue code section 501(c)(3) tax exempt charity of choice. Charitable donations in the amount of \$30,000 were paid or accrued in 2018 under this policy by the organization and are represented on Schedule I in the form of general support contributions.

Additionally, the Form 990 was provided to all members of the CareSource Management Group Co.'s Finance Committee as well as all members of the governing board of CareSource Management Group Co., a nonprofit corporation that is exempt from federal income taxation under section 501(c)(3) of the Code and the member of CareSource for Ohio corporate law purposes. Finally, as part of the return preparation process, the Form 990 was reviewed by CareSource's CEO, CFO, VP Treasury, Director Treasury, an outside CPA firm, outside legal counsel, and by internal counsel prior to filing Form 990 with the IRS.

990 Schedule O, Supplemental Information

Return Reference	Explanation
Form 990, Part VI, Section B, Question 12C	Annually, each trustee, principal officer and member of a committee with Board-delegated powers ("interested person") shall sign a statement which affirms that such person a) has received a copy of the conflicts of interest policy, b) has read and understands the policy, c) has agreed to comply with the policy, and d) understands that the organization is a charitable organization and that in order to maintain its federal tax exemption it must engage primarily in activities which accomplish one or more of its tax-exempt purposes. In connection with any actual or possible conflicts of interest, an interested person must disclose the existence of his or her financial or conflict of interest and must be given the opportunity to disclose all material facts to the directors and members of committees with Board delegated powers considering the proposed transaction or arrangement. After disclosure of the financial interest and all material facts, and after any discussion with the interested person, he/she shall leave the Board or committee meeting while the determination of a conflict of interest is discussed and voted upon. The remaining Board or committee members shall decide if a conflict of interest exists. An interested person may make a presentation at the Board or committee meeting, but after such presentation, he/she shall leave the meeting during the discussion of, and the vote on, the transaction or arrangement that results in the conflict of interest. The conflicted trustee has no vote on the matter involved with the conflict of interest. At the beginning of each Board Meeting and Committee Meeting, the Board Members and Committee Members are asked to disclose if they have a Conflict of Interest on any item contained in the agenda. In addition, the Board Members and Committee Members are also asked to inform the board if a Conflict of Interest arises during the course of the Board or Committee Meeting. When such a conflict is disclosed, then the procedure outlined above is implemented. In addition, a Conflict of Interest Schedule is kept with respect to each declared Conflict of Interest during the course of a Board or Committee meeting. On an annual basis, the Nominating and Governance Committee reviews each Conflict of Interest raised by a Board or Committee Member. Also, the Nominating and Governance Committee conducts a bi-annual evaluation of the Board Members' performance during the course of the Board Meetings and Committee Meetings. The review includes but is not limited to the Board Member's engagement, participation, contributions to board business, attendance, and any absence from a meeting due to a conflict of interest. The Conflicts of Interest declared by the Board Members are reviewed on an annual basis by the Nominating and Governance Committee, and memorialized in meeting minutes, to make sure all policies on Conflict of Interest are adhered to by the Boards, the Committees and the Individual Board or Committee Member.
