**Part IV, Section A, Line 3b - Determination Made by Organization**

During 2018, ownership of Blue Cross Blue Shield of Michigan Foundation was transferred from Blue Care of Michigan, Inc., federal ID# 38-2536979, a 401 (c) 4 health care delivery system organization to Blue Care Network of Michigan, federal ID #38-2359234, also a 401 (c) 4 health care delivery system organization and an affiliate in the overall related enterprise. The capital stock of Blue Cross Blue Shield of Michigan Foundation was transferred to Blue Care Network of Michigan on 7/1/2018. For the purposes of Form 990 Schedule A, the full year of supporting activity is being reflected as supporting Blue Care Network of Michigan, both in the form of direct and indirect support.

The Blue Cross Blue Shield of Michigan Foundation confirms that Blue Care Network of Michigan has met the support test by reviewing the Annual 990 and the State of Michigan Annual Report each year.

**Part IV, Section A, Line 3c - Controls for 170(c)(2)(B) Purposes**

Grants made by the Blue Cross Blue Shield of Michigan Foundation during 2018 were awarded to such organizations used exclusively for section 170 (c)(2)(B). Each grant applicant is required to submit a proof of Internal Revenue tax exempt status and the grant committee of the board is responsible for approving each grant to qualifying organizations.

**Form 990 - Organization's Mission or Most Significant Activities****Part I - Organization's Mission**

The Blue Cross Blue Shield of Michigan Foundation's mission is to support health care research and innovative programs designed to improve the health of all Michigan residents.

In 2018, the Foundation's focus on families was driven by the health crisis of substance abuse and undiagnosed and untreated behavioral health comorbidities. As part of our focus on the overall health and wellness of Michigan families, these issues reach across the state and into many homes as people grapple with the difficulties they present.

To help counteract the ongoing issue of opioid use and abuse in the state, we partnered with researchers who addressed the many facets of the crisis. They looked at different aspects, including opioid use in after-surgery care, prescribing guidelines in Michigan, addicted mothers and infants and residential treatment plans.

One aspect of behavioral health we focused on was the impact childhood trauma could have on parents and children. We funded community development innovative interventions that taught families how to manage the lifelong impacts. The interventions give a positive voice and access to diagnosis and treatment of behavioral health issues, so families can become active members of their own health care teams. In Detroit, we are funding the Detroit Public Schools and the University of Michigan, to implement a three-year, evidence-based behavioral health plan for children in grades K-12.

In the Upper Peninsula, we sought to improve health and access to cost-

**Form 990, Part III, Line 4a - First Accomplishment**

Research grant awards are made to address the cost and quality of health care. These awards are made to Michigan researchers, physicians and students at universities, and hospitals.

The Investigator Initiated Research Program is the arm we extend to Michigan researchers, enabling them to turn theory into data and data into knowledge. These grantees often go on to be published in scholarly journals, academic circles and community platforms to inform and shape future thought and improvement.

In 2018, the investigator researchers received grants to address a wide variety of health issues that impact the quality and cost of health care. The quality of care received by children will be improved by research funded to address illness at each stage of a child's development, including assessing pre-term viability, developing infant intensive care treatment protocols and assessing transition programs for children with autism spectrum disorder. It's also important to address a mother's health so we've funded grants that address perinatal depression, women's reproductive planning knowledge and the cost of postpartum contraceptive options. Finally, researchers sought to improve family life by investigating ways to prevent opioid dependence after surgery, and new high-risk prescribing protocols for controlled substances.

The Physician Investigator Research Award Program supports these physicians in their studies, and in doing so, improves the delivery and quality of patient care. The 2018 Physician Investigator Research awards focused on the quality of the patient experience and the cost of health care. These grants represent an evaluation of a very narrow improvement plan that can be shared across medical facilities and often enlarged with additional funding after the pilot has been completed. The awards are working to evaluate models for decision-making for patients receiving gender affirming hormones, effective practices for addressing social determinants of health factors impacting patients, creating prototypes risk calculator for recovery after a prostatectomy, and methods to improve a patients medication education before and after discharge from the hospital. The Student Award Program recognizes Michigan students who excel in the academic programs offered by our universities. It's our responsibility to support these young minds in their journey to complete their degree programs and become the researchers, medical professionals and healers of tomorrow.

## Form 990, Part III, Line 4b - Second Accomplishment

Community health innovation, access and quality addressed by the grants provided in the request for proposal program and the community health matching grant program.

With the Request for Proposal program, we reach out to Michigan-based safety net organizations that primarily serve the uninsured, underinsured, Medicaid recipients and other vulnerable populations. Our goal is to solicit proposals that align with areas of need that we identify.

received funding in 2018 to begin new projects or expand existing projects that address critical health care problems. Some of the most prevalent health issues affecting residents of the UP are linked to obesity, mental and behavioral health, substance abuse and chronic disease. The goal of this initiative is to identify and support programs that address the following focus areas: expanding access to health care, improving quality of health care and addressing critical health problems. All 15 counties of the Upper Peninsula will benefit from the projects funded.

Through our Community Health Matching Grant Program, we partner with community-based nonprofit organizations to develop, test or validate new techniques and programs that address the needs of residents and produce a tangible effect in their lives. With increased collaboration at the community and organizational levels, we're sowing the seeds for a future when communities will have the resources and ability to meet their own health needs.

During 2018, matching grants represented innovative solutions to address pressing public health issues that prevented communities from being healthy. Communities addressed the behavioral concerns of all residents. Behavioral health was the focus of interventions designed to improve the health of veterans, seniors, first responders and children. Communities also focused attention on the care of the aging, the health of homeless seniors and the needs of caregivers. Finally, communities tested interventions to reduce addiction and support the health of those who seek recovery.
