Return Reference	Explanation

Supplemental Information

Return Reference	Explanation
PART X	Income Taxes The following financial statement income tax footnote represents a modified version of what was presented in the financials to accurately reflect unrelated business income tax return filings. Versiti, Wisconsin, Illinois, Michigan, Indiana and the Foundation have all received tax determination letters confirming that the organizations qualify as tax-exempt organizations under section 501(c)(3) of the Internal Revenue Code (IRC). The Organization follows guidance that clarifies the accounting for uncertainty in tax positions taken or expected to be taken in a tax return, including issues relating to financial statement recognition and measurement. This guidance provides that the tax effects from an uncertain tax position can only be recognized in the financial statements if the position is more likely than not to be sustained if the position were to be challenged by a taxing authority. The assessment of the tax position is based solely on the technical merits of the position, without regard to the likelihood that the tax position may be challenged. Versiti, Wisconsin, Illinois, Michigan, Indiana and the Foundation are exempt from federal income tax under IRC section 501(c)(3), though they are subject to tax on income unrelated to their exempt purposes, unless that income is otherwise excluded by the IRC. The Organization has processes presently in place to ensure the maintenance of its tax-exempt status, to identify and report unrelated income, to determine its filing and tax obligations in jurisdictions for which it has nexus, and to identify and evaluate other matters that may be considered tax positions. Wisconsin and the Foundation have filed federal and state of Wisconsin income tax returns to report unrelated business income through 2009 and are no longer subject to tax authority examinations for years prior to 2010 under the federal and state statute. Management has determined that there is no unrelated business income to report for Wisconsin or the Foundation for 2010 through 2017. However income tax returns are expected to be filed for 2018. As the statute of limitations will remain open for returns not filed, tax years 2010 through 2017 will remain open to audit for both federal and state purposes. Michigan has not historically filed any unrelated business income tax returns but is expected to file for 2018. Tax years remain open for years in which an income tax return has not been filed. In years prior to 2014, Illinois filed both federal and state of Illinois income tax returns to report a zero amount of unrelated business income. Management has determined that there is no unrelated business income to report for Illinois for tax years 2014 through 2017, and income tax returns are expected to be filed for 2018. As the statute of limitations will remain open for returns not filed, tax years 2014 through 2017 will remain open to audit for both federal and state purposes. In years prior to 2014, Indiana filed federal unrelated

Supplemental Information

Return Reference	Explanation
PART X	business income tax returns to report a zero amount of unrelated business income. In 2014 through 2016, Indiana filed federal and Indiana returns to report an unrelated business loss. In 2017, Indiana filed income tax returns to report a zero amount of unrelated business income in order to maintain the prior year net operating losses. Indiana is expected to file income tax returns for 2018. The statute of limitations will remain open for both federal and state purposes for any returns not filed. Versiti has not filed any unrelated business income tax returns, therefore the years since 2012, the year of inception, are still open to examination. Versiti is expected to file income tax returns in 2018. The Organization has determined that there are no material uncertain tax positions that require recognition or disclosure in the consolidated financial statements. The Organization recognizes, if necessary, interest and penalties related to unrecognized tax benefits in the provision for income taxes. There were no interest or penalties related to income taxes that have been accrued or recognized as of and for the years ended December 31, 2018 and 2017. On December 22, 2017, tax reform legislation commonly known as the Tax Cuts and Jobs Act of 2017 (the Act) was passed, resulting in significant modifications to existing tax law. While there were no material effects on the Organization's financial statements as a result of the Act, Management is evaluating the ongoing impact of the Act on the Organization.
